SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Occupational Requirements Survey (ORS) information collection. The ORS will be a nationwide survey that the BLS will conduct at the request of the Social Security Administration (SSA). The first three years of data collection and capture for the ORS will start in 2015 and end in mid-2018. The SSA, Members of the Congress, and representatives of the disability community have all identified the collection of updated information on the requirements of work in today's economy as crucial to the equitable and efficient operation of the Social Security Disability Insurance (SSDI) program. The information currently available is more than twenty (20) years old. Estimates produced from the data collected by the ORS will be used by the SSA to update occupational requirements data in administering the SSDI and Supplemental Security Income SSI programs. The ORS will collect data from a sample of employers. These requirements of work data will consist of information about the duties, responsibilities, and job tasks for a sample of occupations for each sampled employer. The BLS Authorizing Statute and the Economy Act authorize this information collection. See 29 U.S.C. 9, 9(a) and 31 U.S.C. 1535.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB

Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on February 18, 2015 (80 FR 8696).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention ICR Reference Number 201502–1220–006. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
