

Description: eTariff filing per 154.311: RP15–101 Updated Test Period Statements to be effective N/A.

Filed Date: 6/25/15.

Accession Number: 20150625–5085.

Comments Due: 5 p.m. ET 7/7/15.

Docket Numbers: RP15–1082–000.

Applicants: Gulf South Pipeline Company, LP.

Description: § 4(d) rate filing per 154.204: Negotiated Rate Agmt (Texla 20167) to be effective 6/25/2015.

Filed Date: 6/25/15.

Accession Number: 20150625–5064.

Comments Due: 5 p.m. ET 7/7/15.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and § 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

Filings In Existing Proceedings

Docket Numbers: RP15–23–008.

Applicants: Transwestern Pipeline Company, LLC.

Description: Compliance filing per 154.203: RP15–23 Motion Interim Settlement Rates to be effective 7/1/2015.

Filed Date: 6/25/15.

Accession Number: 20150625–5087.

Comments Due: 5 p.m. ET 7/7/15.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and § 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: June 26, 2015.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP15–521–000; PF13–4–000]

Gulf LNG Liquefaction Company, LLC, Gulf LNG Energy, LLC, Gulf LNG Pipeline LLC; Notice of Application

Take notice that on June 19, 2015, Gulf LNG Liquefaction Company, LLC (Gulf Liquefaction), Gulf LNG Energy, LLC (Gulf Energy), and Gulf LNG Pipeline LLC (Gulf Pipeline) (collectively, Applicants) 569 Brookwood Village, Suite 749, Birmingham, Alabama 35209, filed an application pursuant to section 3(a) of the Natural Gas Act (NGA) and Part 153 of the Commission's Regulations, requesting authorization to construct and operate the Gulf LNG Liquefaction Project (Project) at Gulf Energy's liquefied natural gas terminal located near Pascagoula, Jackson County, Mississippi. The Project consists of new natural gas liquefaction and export facilities. Additionally, within the same application, Gulf Pipeline filed pursuant to section 7(c) of the NGA and Part 157 of the Commission's Regulations to make modifications to the terminal's sendout pipeline to allow for bi-directional flow. The filing may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free (886) 208–3676 or TTY (202) 502–8659.

Any questions regarding this application should be directed to Glenn A. Sheffield, Director of Rates and Regulatory Affairs, Gulf LNG Liquefaction Company, LLC, 569 Brookwood Village, Suite 749, Birmingham, Alabama 35209, telephone (205) 325–3813, or email glenn_sheffield@kindermorgan.com; or Tina S. Hardy, Manager IC-Regulatory, telephone (205) 325–3668, or email tina_hardy@kindermorgan.com.

Specifically, Gulf Liquefaction proposes under section 3 to construct two 5 million ton per annum liquefaction trains, pretreatment, ancillary and support facilities, two marine off loading facilities, and an extension of the storm surge protection facilities. These facilities will enable Gulf Liquefaction to liquefy and export up to 1.5 billion cubic feet of natural gas per day. Gulf Energy proposes under section 3 to make modifications to their terminal to accommodate Gulf

Liquefaction's operations and Gulf Pipeline proposes interconnect modifications under section 7 to allow bi-directional flow of natural gas to the terminal.

On May 21, 2014, the Commission staff granted the Applicants' request to use the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF13–4–000 to staff activities involving the proposed facilities. Now, as of the filing of this application on June 19, 2015, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP15–521–000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: July 22, 2015.

Dated: July 1, 2015.

Kimberly D. Bose,

Secretary.

[FR Doc. 2015-16999 Filed 7-10-15; 8:45 am]

BILLING CODE 6717-01P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF15-23-000]

Millennium Pipeline Company, LLC; Notice of Intent To Prepare an Environmental Assessment for the Planned Valley Lateral Project, and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Valley Lateral Project involving construction and operation of facilities by Millennium Pipeline Company, LLC (Millennium) in Orange County, New York. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before August 5, 2015.

If you sent comments on this project to the Commission before the opening of this docket on April 30, 2015, you will need to file those comments in Docket No. PF15-23-000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this planned project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the planned facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement

negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" is available for viewing on the FERC Web site (www.ferc.gov). This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings.

Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (PF15-23-000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Summary of the Planned Project

Millennium plans to construct and operate approximately 7.8 miles of new pipeline lateral in Orange County, New York. The planned pipeline lateral would provide about 130 million cubic feet per day of natural gas per day to the Competitive Power Ventures (CPV) Valley Energy Center in the Town of Wawayanda, New York from Millennium's existing mainline pipeline. According to Millennium, the Valley Lateral Project would supply
