BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 70**

[EPA-R03-OAR-2015-0119; FRL-9930-30-Region 3]

Clean Air Act Title V Operating Permit Program Revision; Pennsylvania**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a Title V Operating Permit Program revision submitted by the Commonwealth of Pennsylvania. The revision amends the Title V fee program that funds the Pennsylvania Title V Operating Permit Program. EPA is approving these revisions to increase Pennsylvania's annual emission fees to \$85 per ton of emissions from Title V sources of up to 4,000 tons of each regulated pollutant in accordance with the requirements of the Clean Air Act (CAA).

DATES: This final rule is effective on August 13, 2015.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA-R03-OAR-2015-0119. All documents in the docket are listed in the www.regulations.gov Web site. Although listed in the electronic docket, some information is not publicly available, *i.e.*, confidential business information (CBI) or other information whose disclosure is restricted by statute. SUPPLEMENTARY INFORMATION:

I. Background

On March 18, 2015 (80 FR 14037), EPA published a notice of proposed rulemaking (NPR) for the Commonwealth of Pennsylvania. In the NPR, EPA proposed approval of the Pennsylvania Title V Operating Program revision to increase the annual Title V fees paid by the owners or operators of all Title V facilities throughout Pennsylvania, including Allegheny and Philadelphia Counties, from \$57.50 per ton of regulated air pollutant to \$85 per ton. The formal Title V Program revision was submitted by Pennsylvania on February 11, 2014.

Under 40 CFR 70.9(a) and (b), an approved state Title V operating permits program must require that the owners or operators of part 70 sources pay annual fees, or the equivalent over some other period, that are sufficient to cover the permit program costs and ensure that any fee required under 40 CFR 70.9 is used solely for permit program costs. Under Pennsylvania's Title V permit emission fee rules at 25 PA Code 127.705, the annual emission fee for emissions occurring in calendar year 2012 was \$57.50 per ton of regulated pollutant for emissions of up to 4,000 tons of each regulated pollutant. The fee structure has not been revised since 1994. As discussed further in our proposed approval of Pennsylvania's Title V fee revision on March 18, 2015, Pennsylvania has determined that Title V annual emission fee revenues collected are no longer sufficient to cover Title V program costs.

II. Summary of Title V Operating Permit Program Revision

In the February 11, 2014 program revision, Pennsylvania included revised 25 PA Code 127.705 which Pennsylvania has amended to increase Pennsylvania's annual emission fees. Fees are increased to \$85 per ton of emissions for emissions from Title V sources of up to 4,000 tons of each regulated pollutant. The provisions for increasing the annual emissions fees in response to increases in the Consumer Price Index at 25 PA Code 127.705(d) remain unchanged. The revised fees are designed to cover all reasonable costs required to develop and administer the Title V program as required by 40 CFR 70.9(a) and (b).

III. Final Action

EPA is approving the Pennsylvania Title V Operating Program revision submitted on February 11, 2014 to increase the annual Title V fees paid by the owners or operators of all Title V facilities throughout Pennsylvania,

including Allegheny and Philadelphia Counties, from \$57.50 per ton of regulated air pollutant to \$85 per ton. The revision meets requirements in 40 CFR 70.9.

IV. Statutory and Executive Order Reviews**A. General Requirements**

This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. For that reason, this action:

- is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule related to Pennsylvania Title V fees does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the program is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 14, 2015. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action related to Pennsylvania Title V fees may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

I. Introduction

1. For nearly 30 years, the Lifeline program has ensured that qualifying low-income Americans have the opportunities and security that voice service brings, including being able to find jobs, access health care, and connect with family. As the Commission explained at the program’s inception, “[i]n many cases, particularly for the elderly, poor, and disabled, the
