Title: Use of Consultants Funded by Borrowers, 7 CFR part 1789.

OMB Control Number: 0572-0115.

Type of Request: Extension of a currently approved collection.

Abstract: Section 18(c) of the Rural Electrification Act of 1936 (RE Act), as amended (7 U.S.C. 901 *et seq.*) authorizes RUS to use consultants voluntarily funded by borrowers for financial, legal, engineering and other technical services. Consultants may be used to facilitate timely action on loan applications by borrowers for financial assistance and for approvals required by RUS, pursuant to the terms of outstanding loans, or other wise. RUS may not require borrowers to fund consultants. The provision of section

18(c) may be utilized only at the borrower's request. This collection of information implements RUS policies and procedures for use of consultants funded by RUS Borrowers to facilitate timely action on a borrower's loan application for financial assistance and for RUS approvals.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2 hours per response.

Respondents: Not for profit institutions; business or other for-profit entities.

Estimated Number of Respondents: 1.
Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 2 hours.

Dated: July 16, 2015.

Circular Welded Carbon Steel Pipes and Tubes From Turkey: Notice of Court Decision Not in Harmony With Final Results of Countervailing Duty Administrative Review and Notice of Amended Final Results of Countervailing Duty Administrative Review; 2011

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On April 1, 2015, the United States Court of International Trade (the Court) issued *Toscelik II*,¹ which sustained the Final Remand Results² that the Department of Commerce (the Department) issued in connection with *Toscelik I*, concerning the Department's final results of administrative review of the countervailing duty order on circular welded carbon steel pipes and tubes from Turkey covering the period of review January 1, 2011, through December 31, 2011 (POR).³ At issue

were benefits that *Toscelik Profil ve Sac Endustrisi AS (Toscelik)* received in connection with land that *Toscelik* acquired from the Government of Turkey in 2008 and 2010. In the Final Remand Results, the Department restored the benchmark originally calculated for the 2008 land subsidy in the *2010 CVD Review*⁴ and further explained aspects of the benchmark used to value the 2010 land subsidy. In addition, pursuant to a voluntary remand request, the Department examined and corrected, as necessary, duplication errors in the dataset used to calculate the land benchmark.⁵

Consistent with the decision of the United States Court of Appeals for the Federal Circuit (CAFC) in *Timken*,⁶ as clarified by *Diamond Sawblades*,⁷ the Department is notifying the public that the final judgment in this case is not in harmony with the Department's *Final Results*. The Department is also amending the *Final Results* with respect to *Toscelik*.

DATES: Effective date: April 11, 2015

SUPPLEMENTARY INFORMATION:**Background**

On October 30, 2013, the Department issued the *Final Results*.⁸ *Toscelik* challenged certain aspects of the *Final Results* at the Court. In *Toscelik I*, the Court held that the Department may not alter the nonrecurring benefit stream for the 2008 land parcel in a subsequent review—as the Department did in the *Final Results* when it changed the 2008 land subsidy benchmark—absent a demonstration that the original

determination “is clearly erroneous and would work a manifest injustice.”⁹ The Court also granted the Department’s voluntary remand request to examine possible double-counting errors in the land benchmark dataset, and instructed the Department to supply additional explanation regarding the use of simple averaging, the expansion of the dataset with additional prices, and the use of different benchmark prices for the 2008 and 2010 parcels.¹⁰

On February 13, 2015, the Department filed the Final Remand Results with the Court, in which it restored the benchmark originally calculated for the 2008 land subsidy in the *2010 CVD Review* and further explained aspects of the benchmark used to value the 2010 land subsidy. In addition, the Department examined and corrected as necessary duplication errors in the dataset used to calculate the benchmark for the 2010 land subsidy.¹¹ On April 1, 2015, the Court entered judgment sustaining the Final Remand Results.¹²

Timken Notice

In *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, 626 F.3d at 1381, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The Court’s judgment in *Toscelik II* sustaining the Final Remand Results constitutes a final decision of the Court that is not in harmony with the Department’s *Final Results*. This notice is published in fulfillment of the publication requirement of *Timken*.

Amended Final Results

Because there is now a final court decision, the Department is amending the *Final Results* with respect to Toscelik. The revised net subsidy rate for Toscelik during the period January 1, 2011, through December 31, 2011, is as follows:

Producer/exporter	Total net subsidy rate
Toscelik Profil ve Sac Endustrisi A.S.	<i>de minimis</i> .

Since the Court’s ruling is final and no party has appealed, the Department will instruct U.S. Customs and Border Protection to assess without regard to

countervailing duties unliquidated entries of subject merchandise for the producer/exporter listed above during the POR.

Cash Deposit Requirements

Since the *Final Results*, the Department has established a new cash deposit rate for Toscelik.¹³ Therefore, the cash deposit rate for Toscelik does not need to be updated as a result of these amended final results.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e), 751(a)(1), and 777(i)(1) of the Act.

Dated: July 16, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Taking of Marine Mammals Incidental to Specified Activities; Construction of the East Span of the San Francisco-Oakland Bay Bridge

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that we have issued an incidental harassment authorization (IHA) to California Department of Transportation (CALTRANS) to incidentally harass, by Level B harassment only, four species of marine mammals during activities related to the construction of Pier 3 of the East Span of the San Francisco-Oakland Bay Bridge (SF–OBB) in California

DATES: This authorization is effective from July 15, 2015 through July 14, 2016.

Availability

An electronic copy of CALTRANS’ application and supporting documents, as well as a list of the references cited in this document, may be obtained by visiting the Internet at: www.nmfs.noaa.gov/pr/permits/incidental/construction.htm. In case of problems accessing these documents, please call the contact listed above (see **FOR FURTHER INFORMATION CONTACT**).

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined “negligible impact” in 50 CFR 216.103 as “. . . an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.”

Section 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the U.S. can apply for an authorization to incidentally take small numbers of marine mammals by harassment. Section 101(a)(5)(D) establishes a 45-day time limit for NMFS’ review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny the authorization. Except with respect to certain activities not pertinent here, the MMPA defines “harassment” as “any act of pursuit, torment, or annoyance which (i) has the potential to injure a
