Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a proposed regulatory action (and subsequent final action) that imposes substantial direct requirement costs on state and local governments, preempts state law, or otherwise has Federalism implications. Because this document does not impose any costs on state or local governments, the requirements of Executive Order 13132 are not applicable.

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Disaster Information Collection Plans.

OMB No.: NEW.

Description: This request is for approval of a plan for conducting more than one information collection that is very similar, voluntary, low-burden and uncontroversial. The Information collections under this generic clearance will be activated during a disaster. These forms will be used after a disaster to develop a technical assistance plan for affected ACF programs.

Presidential Policy Directive-8 (PPD-8), which was signed into law in 2011, provides federal guidance and planning procedures under established phases—protection, preparedness, response, recovery, and mitigation. The data collection addresses response, and recovery for ACF programs with a statutory preparedness planning requirement and other programs without that requirement.

ACF/Office of Human Services Emergency Preparedness and Response (OHSEPR) has a requirement under PPD-8, the National Response Framework, and the National Disaster

Recovery Framework to report impacts of disasters to ACF-supported human services programs to the HHS Secretary's Operation Center (SOC). ACF/OHSEPR works in conjunction with the Assistant Secretary for Preparedness and Response (ASPR), and the Federal Emergency Management Agency (FEMA) to ensure that impacted ACF programs are returned to their normal or close to normal operations.

The primary purpose of the information collection pertains to ACF's initiative to provide real time updates during the response and recovery phases of a disaster; the information will be used to respond to inquiries about human services response and recovery efforts, specifically for individuals, children, and families that need support from ACF programs. Further, the information collection will be used to support ACF/OHSEPR's goal to quickly identify critical gaps, resources, needs, and services to support State, local and non-profit capacity for disaster case management and to augment and build capacity where none exists.

Respondents: Varies, depending on programmatic impact (could be state administrators, or grantees).

Annual Burden Estimates

The estimate is based on a single disaster per year. The estimate is for one state administrator to go through all the applicable questions with the Regional and Central Office staff, if applicable.

Instrument	Number of respondents	Number of responses per respondent	Burden hours per response	Total burden hours
Program Specific Disaster Information Collection	50	15	0.5	25

In compliance with the requirements of Section 506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. Email address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Reports Clearance Officer.

SUPPLEMENTARY INFORMATION: On
November 5, 2009, President Obama
signed the "Memorandum for the Heads
of Executive Departments and Agencies
on Tribal Consultation." The President
stated that his Administration is
committed to regular and meaningful
consultation and collaboration with
tribal officials in policy decisions that
have tribal implications, including, as
an initial step, through complete and
consistent implementation of Executive
Order 13175.

The United States has a unique legal
and political relationship with Indian
tribal governments, established through
and confirmed by the Constitution of
the United States, treaties, statutes,
executive orders, and judicial decisions.
In recognition of that special
relationship, pursuant to Executive
Order 13175 of November 6, 2000,
executive departments and agencies are
charged with engaging in regular and
meaningful consultation and
collaboration with tribal officials in the
development of federal policies that
have tribal implications and are
responsible for strengthening the
government-to-government relationship
between the United States and Indian
tribes.

HHS has taken its responsibility to
comply with Executive Order 13175
very seriously over the past decade;
including the initial implementation of
a Department-wide policy on tribal
consultation and coordination in 1997,
and through multiple evaluations and
revisions of that policy, most recently in
2010. ACF has developed its own
agency-specific consultation policy that
complements the Department-wide
efforts.

The ACF Tribal Consultation Session
will begin on the morning of September
14, 2015, and continue throughout the
day until all discussions have been
completed. To help both tribal officials
and the ACF Principals prepare for this

The call-in number is: 866-769-9393.
The passcode is: 4449449#.

The purpose of the planning calls will
be to identify individuals who will

specific topics of interest so we can
ensure that all appropriate individuals
are present.

Testimonies are to be submitted no

SUPPLEMENTARY INFORMATION: In

has submitted the following proposed
collection of information to OMB for
review and clearance.

Registration and Product Listing for Owners and Operators of Domestic Tobacco Product Establishments and Listing of Ingredients in Tobacco Products—OMB Control Number 0910– 0650—Extension

On June 22, 2009, the President
signed the Tobacco Control Act (Pub. L.
111-31) into law. The Tobacco Control
Act amended the Federal Food, Drug,
and Cosmetic Act (the FD&C Act) (21
U.S.C. 301 *et seq.*) by, among other
things, adding a chapter granting FDA
important authority to regulate the
manufacture, marketing, and
distribution of tobacco products to
protect the public health generally and
to reduce tobacco use by minors.

Section 905(b) of the FD&C Act (21
U.S.C. 387e(b)), as amended by the
Tobacco Control Act, requires that
“every person who owns or operates
any establishment in any State engaged
in the manufacture, preparation,
compounding, or processing of a
tobacco product or tobacco products
. . .” register with FDA the name,
places of business, and all
establishments owned or operated by
that person. Every person must register
by December 31 of each year. Section
905(c) of the FD&C Act requires that
first-time persons “engaging in the
manufacture, preparation,
compounding, or processing of a
tobacco product or tobacco products
shall register with the Secretary the
name, places of business, and all such
establishments of that person.” Section
905(d) states that persons required to
register under section 905(b) or (c) shall
register any additional establishment
that they own or operate in any State
which begins the manufacture,
preparation, compounding, or
processing of a tobacco product or
tobacco products. Section 905(h)
