

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the annual Seafair Air Show safety zone on Lake Washington, Seattle, WA from 8 a.m. on July 30, 2015 to 4 p.m. on August 2, 2015. This action is necessary to ensure the safety of the public from inherent dangers associated with these annual aerial displays. During the enforcement period, no person or vessel may enter or transit this safety zone unless authorized by the Captain of the Port or Designated Representative.

DATES: The regulations in 33 CFR 165.1319 will be enforced from 8 a.m. on July 30, 2015 through 4 p.m. on August 2, 2015.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice of enforcement, call or email LTJG Johnny Zeng, Sector Puget Sound Waterways Management Division, Coast Guard; telephone (206) 217-6323, email SectorPugetSoundWWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the Seafair Air Show Performance safety zone in 33 CFR 165.1319 daily from 8 a.m. until 4 p.m. from July 30, 2015 through August 2, 2015 unless canceled sooner by the Captain of the Port.

Under the provisions of 33 CFR 165.1319, the following area is designated as a safety zone: All waters of Lake Washington, Washington State, enclosed by the following points: Near the termination of Roanoke Way 47°35'44" N., 122°14'47" W.; thence to 47°35'48" N., 122°15'45" W.; thence to 47°36'02.1" N., 122°15'50.2" W.; thence to 47°35'56.6" N., 122°16'29.2" W.; thence to 47°35'42" N., 122°16'24" W.; thence to the east side of the entrance to the west high-rise of the Interstate 90 bridge; thence westerly along the south side of the bridge to the shoreline on the western terminus of the bridge; thence southerly along the shoreline to Andrews Bay at 47°33'06" N., 122°15'32" W.; thence northeast along the shoreline of Bailey Peninsula to its northeast point at 47°33'44" N., 122°15'04" W.; thence easterly along the east-west line drawn tangent to Bailey Peninsula; thence northerly along the shore of Mercer Island to the point of origin. [Datum: NAD 1983]

In accordance with the general regulations in 33 CFR part 165, subpart C, no person or vessel may enter or remain in the zone except for support vessels and support personnel, vessels registered with the event organizer, or other vessels authorized by the Captain of the Port or Designated Representatives. Vessels and persons

granted authorization to enter the safety zone shall obey all lawful orders or directions made by the Captain of the Port or Designated Representative.

The Captain of the Port may be assisted by other federal, state and local law enforcement agencies in enforcing this regulation.

This notice of enforcement is issued under authority of 33 CFR 165.1319 and 5 U.S.C. 552(a). In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime community with advanced notification of the safety zone via the Local Notice to Mariners and marine information broadcasts on the day of the event. If the COTP determines that the safety zone need not be enforced for the full duration stated in this notice of enforcement, he may use a Broadcast Notice to Mariners to grant general permission to enter the regulated area.

Dated: July 17, 2015.

T.A. Griffiths,

Captain, U.S. Coast Guard, Acting Captain of the Port, Puget Sound.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R08-OAR-2014-0187; FRL-9931-38-Region 8]

Approval and Promulgation of Implementation Plans; Wyoming; Revisions to SO₂ Ambient Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action to approve changes to Wyoming's State Implementation Plan (SIP) that update its ambient air quality standards with regard to the 1-hour sulfur dioxide (SO₂) and secondary SO₂ National Ambient Air Quality Standards (NAAQS). On February 7, 2014, the Wyoming Department of Environmental Quality (WDEQ) submitted to EPA revisions to the Wyoming SIP. Specifically, the State revised Wyoming Air Quality Standards and Regulations (WAQSR) Chapter 2, Section 4, "Ambient standards for sulfur oxides." In this action, EPA is taking direct final action to approve some of the revisions provided in that SIP submission. This action is being taken in accordance with section 110 of the Clean Air Act (CAA).

DATES: This rule is effective on September 29, 2015 without further notice, unless EPA receives adverse comment by August 31, 2015. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit comments to EPA Region 8, Office of Partnerships and Regulatory Assistance, Air Program, 1595 Wynkoop Street, Denver, Colorado 80202-1129.

Docket: The EPA has established a docket for this action under Docket Identification Number EPA-R08-OAR-2014-0187. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in the hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at EPA Region 8, Office of Partnerships and Regulatory Assistance, Air Program, 1595 Wynkoop Street, Denver, Colorado 80202-1129. The EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view the hard copy of the docket. The Regional Office's official hours of business are Monday through Friday, 8:00 a.m.-4:00 p.m., excluding federal holidays. An electronic copy of the State's SIP compilation is also available at <http://www.epa.gov/region8/air/sip.html>.

FOR FURTHER INFORMATION CONTACT: Kevin Leone, Air Program, EPA, Region 8, Mailcode 8P-AR, 1595 Wynkoop Street, Denver, Colorado 80202-1129, (303) 312-6227, leone.kevin@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

What should I consider as I prepare my comments for EPA?

1. *Submitting Confidential Business Information (CBI).* Do not submit this information to EPA through www.regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that

is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for Preparing Your Comments.* When submitting comments, remember to:

- a. Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- b. Follow directions—The agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- c. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- d. Describe any assumptions and provide any technical information and/or data that you used.
- e. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- f. Provide specific examples to illustrate your concerns, and suggest alternatives.
- g. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- h. Make sure to submit your comments by the comment period deadline identified.

II. Background

Based on its review of the air quality criteria for oxides of sulfur and the primary NAAQS for oxides of sulfur as measured by SO₂, the EPA promulgated a revised primary SO₂ NAAQS on June 22, 2010 (75 FR 35520–35603). Specifically, the EPA established a 1-hour primary SO₂ standard of 75 parts per billion (ppb), based on the 3-year average of the annual 99th percentile of 1-hour daily maximum concentrations. On May 22, 1996, EPA promulgated a 3-hour secondary SO₂ standard of 0.5 parts per million (ppm), not to be exceeded more than once per calendar year (61 FR 25580).

On February 7, 2014, the WDEQ submitted to EPA SIP revisions updating WAQSR Chapter 2, “Ambient Standards,” Section 4, “Ambient standards for sulfur oxides.” The State revised this chapter to incorporate the 2010 1-hour SO₂ standard into the Wyoming SIP and updated the secondary 3-hour SO₂ standard of 0.5 parts per million (ppm), not to be

exceeded more than once per calendar year.

III. Wyoming Revisions and EPA Analysis

As noted, the State revised WAQSR Chapter 2, Section 4 to adopt the 2010 1-hour SO₂ standard. The language Wyoming incorporated into Chapter 2, Section 4, part (b) adopts the same language found at 40 CFR 50.17, (“National primary ambient air quality standards for sulfur oxides (sulfur dioxide)).” EPA is taking direct final action to approve this addition into the Wyoming SIP.

Finally, Wyoming adopted the secondary 3-hour SO₂ standard into WAQSR Chapter 2, Section 4, part (c). This provision adopts the same language found at 40 CFR 50.5 (“National secondary ambient air quality standard for sulfur oxides (sulfur dioxide))” into the WAQSR. EPA is taking direct final action to approve the addition of this language into the Wyoming SIP.

IV. EPA’s Direct Final Action

EPA is taking direct final action to approve revisions, submitted on February 7, 2014, to WAQSR Chapter 2, “Ambient Standards,” Section 4, “Ambient standards for sulfur oxides,” because these revisions are consistent with the federal regulations provided in 40 CFR part 50, sections 5 and 17. In particular, we are approving proposed revisions to WAQSR Chapter 2, Section 4(a)(iii), 4(b), (b)(i), (b)(ii), (c), (c)(i), and (c)(ii). EPA is not taking action on proposed revisions to WAQSR Chapter 2, Section 4(a), 4(a)(i) and (a)(ii) in this rulemaking.

V. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the WDEQ rules described in the amendments to 40 CFR part 52 set forth in this document. The EPA has made, and will continue to make, these documents generally available electronically through www.regulations.gov and/or in hard copy at the appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

VI. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. 42 U.S.C. 7410(k);

40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state actions, provided that they meet the criteria of the Clean Air Act.

Accordingly, this direct final action merely approves state law provisions as meeting federal requirements and does not propose additional requirements beyond those imposed by state law.

For that reason, this direct final action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement

Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by *September 29, 2015*. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial

review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the proposed rules section of today’s **Federal Register**, rather than file an immediate petition for judicial review of this direct final rule, so that EPA can withdraw this direct final rule and address the comment in the proposed rulemaking. This action may not be challenged later in proceedings to enforce its requirements. (See CAA section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Greenhouse gases, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: July 1, 2015.

Shaun L. McGrath,

Regional Administrator, Region 8.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority for citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart ZZ—Wyoming

■ 2. In § 52.2620, the table titled “State of Wyoming Regulations” in paragraph (c)(1) is amended under Chapter 2 by revising the entry for section 4 to read as follows:

§ 52.2620 Identification of plan.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R04–OAR–2015–0413; FRL–9931–65–Region 4]

Approval and Promulgation of Implementation Plans; Georgia: Revisions to Definitions and Ambient Air Quality Standards

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action to approve portions of State Implementation Plan (SIP) revisions submitted by the State of Georgia,

through the Georgia Department of Natural Resources’ Environmental Protection Division (GA EPD), on August 30, 2010, December 15, 2011, and November 12, 2014. The SIP submittals include changes to GA EPD’s air quality rules that, among other things, modify definitions and modify the ambient air standards for fine particulate matter. The portions of the SIP revisions that EPA is approving are consistent with the requirements of the Clean Air Act (CAA).

DATES: This direct final rule is effective September 29, 2015 without further notice, unless EPA receives adverse comment by August 31, 2015. If EPA receives such comments, it will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R04–

OAR–2015–0413, by one of the following methods:

1. www.regulations.gov: Follow the on-line instructions for submitting comments.

2. *Email:* R4-ARMS@epa.gov.

3. *Fax:* (404) 562–9019.

4. *Mail:* “EPA–R04–OAR–2015–0413,” Air Regulatory Management Section (formerly Regulatory Development Section), Air Planning and Implementation Branch (formerly Air Planning Branch), Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960.

5. *Hand Delivery or Courier:* Lynorae Benjamin, Chief, Air Regulatory Management Section, Air Planning and Implementation Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960. Such
