Everglades General Management Plan/ East Everglades Wilderness Study, Final Environmental Impact Statement, Everglades National Park, Florida

AGENCY: National Park Service,
Department of the Interior.

ACTION: Notice of Availability.

SUMMARY: The National Park Service (NPS) announces the availability of a Final Environmental Impact Statement for the General Management Plan/East Everglades Wilderness Study (EIS/GMP/EEWS) for Everglades National Park, Florida. The last comprehensive planning effort for Everglades National Park was completed in 1979. Much has changed since then—patterns and types of visitor use have changed, the Comprehensive Everglades Restoration Plan was approved, and in 1989 the East Everglades Addition (109,506 acres) was added to restore Northeast Shark River Slough. Recent studies have enhanced the NPS's understanding of resources, resource threats, and visitor use in the national park. This GMP will provide updated management direction for the entire park, including the East Everglades Addition. The EEWS provides a forum for evaluating lands within the East Everglades Addition for possible recommendation to Congress for inclusion in the national wilderness preservation system.

DATES: The NPS will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency's Notice of Availability of the Final EIS in the **Federal Register**.

ADDRESSES: The document will be available for public review online at www.parkplanning.nps.gov/ever. A limited number of CDs and hard copies will be made available at Everglades National Park headquarters. You may request a copy by contacting Supervisory Park Planner, Fred Herling, at Everglades National Park, 40001 State Road 93363, Homestead, FL 33034; telephone 305-242-7704.

FOR FURTHER INFORMATION CONTACT:
Everglades National Park Supervisory

Park Planner, Fred Herling, at the address and telephone number shown above, or via email at Fred_Herling@nps.gov.

SUPPLEMENTARY INFORMATION: Public scoping for the GMP was initiated in 2003. The EEWS was added to the scope of the project in 2006. Public meetings, five newsletters, and internet updates kept the public informed and involved throughout the planning process. The Draft GMP/EEWS/EIS was distributed to other agencies, interested organizations, and individuals for their review and comment in February of 2013. Nine public meetings and many additional stakeholder meetings were held on the draft plan in southern Florida. A wilderness hearing was held as part of each of the public meetings.

The draft document was revised as a result of public and agency feedback received during the public comment period. The Final GMP/EEWS/EIS provides a framework for management, use, and development options of the national park for the next 20 or more years. The EIS presents and analyzes the environmental impacts of four alternatives: alternative 1 (no action), alternative 2, the NPS preferred alternative and alternative 4. (Alternative 3 was dismissed from detailed analysis.) The alternatives present a range of resource protection directions, visitor opportunities, visitor facilities, and proposed wilderness.

- Alternative 1 (no action) provides a baseline for evaluating changes and impacts of the three action alternatives. Under this alternative the current management framework would continue and no wilderness would be proposed for the East Everglades Addition.

- Alternative 2 would strive to maintain and enhance visitor opportunities and protect natural systems while preserving many traditional routes and ways of visitor access. It proposes 39,500 acres for designation as wilderness within the East Everglades Addition.

- The NPS preferred alternative, would support restoration of natural systems while providing improved opportunities for quality visitor experiences. It proposes about 42,200 acres for designation as wilderness and about 43,100 acres for designation as potential wilderness within the East Everglades Addition. Elements of this alternative would support the resilience of the Everglades National Park to climate change concerns, such as sea level rise, coastal erosion, and higher storm surges, all of which may affect cultural and natural resources as well as visitor experience at the park.

- Alternative 4 would provide a high level of support for protecting natural systems while improving opportunities for certain types of visitor activities. Alternative 4 would eliminate commercial airboat tours within the park. It proposes 42,700 acres for designation as wilderness and 59,400 acres for designation as potential wilderness within the East Everglades Addition.

The responsible official for this Final EIS is the Regional Director, Southeast Region, NPS 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: August 6, 2015.

Barclay C. Trimble,

Acting, Regional Director, Southeast Region.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[RR03042000, 15XR0680A1,
RX.18786000.1501100]

Agency Information Collection Activities Under OMB Review; Renewal of a Currently Approved Information Collection (OMB Control Number 1006-0014)

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice and request for
comments.

SUMMARY: We, the Bureau of Reclamation, have forwarded the following Information Collection Request to the Office of Management and Budget (OMB) for review and approval: Lower Colorado River Well Inventory, OMB Control Number 1006-0014. The Information Collection Request describes the nature of the information collection and its expected cost burden.

DATES: OMB has up to 60 days to approve or disapprove this information collection request, but may respond after 30 days; therefore, public comments must be received on or before September 28, 2015.

ADDRESSES: Send written comments to the Desk Officer for the Department of the Interior at the Office of Management and Budget, Office of Information and Regulatory Affairs, via facsimile to (202) 395-5806, or email to oir_submission@omb.eop.gov. A copy of your comments should also be directed to Paul Matuska, Water Accounting and Verification Group Manager, LC-4200, Bureau of Reclamation, Lower Colorado Regional Office, P.O. Box 61470, Boulder City,

NV 89006–1470; or by email to pmatuska@usbr.gov. Please reference OMB Control Number 1006–0014 in your comments.

FOR FURTHER INFORMATION CONTACT: Paul Matuska at (702) 293–8164. You may also view the Information Collection Request at www.reginfo.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Bureau of Reclamation is requesting approval for the collection of data from well and river-pump owners and operators along the lower Colorado River in Arizona, California, and Nevada.

I. Abstract

Pursuant to the Boulder Canyon Project Act (Public Law 70–642, 45 Stat. 1057), all diversions of mainstream Colorado River water must be in accordance with a Colorado River water entitlement. The Consolidated Decree of the United States Supreme Court in *Arizona v. California*, 547 U.S. 150 (2006) requires the Secretary of the Interior to account for all diversions of mainstream Colorado River water along the lower Colorado River, including water drawn from the mainstream by underground pumping. To meet the water entitlement and accounting obligations, an inventory of wells and river pumps is required along the lower Colorado River, and the gathering of specific information concerning these wells.

II. Data

OMB Control Number: 1006–0014.

Title: Lower Colorado River Well Inventory.

Form Number: LC–25.

Frequency: These data are collected only once for each well or river-pump owner or operator as long as changes in water use, or other changes that would impact contractual or administrative requirements, are not made. A respondent may request that the data for its well or river pump be updated after the initial inventory.

Respondents: Well and river-pump owners and operators along the lower Colorado River in Arizona, California, and Nevada. Each diverter (including well pumpers) must be identified and their diversion locations and water use determined.

Estimated Completion Time: An average of 20 minutes is required to interview individual well and river-pump owners or operators.

Estimated Annual Total Number of Respondents: 300.

Estimated Number of Responses per Respondent: 1.0.

Estimated Total Number of Annual Responses: 300.

Estimated Total Annual Burden on Respondents: 100 hours.

III. Request for Comments

A **Federal Register** notice with a 60-day comment period soliciting comments on this collection of information was published on February 3, 2015 (80 FR 5786). No comments were received.

We again invite comments concerning this information collection on:

(a) Whether the proposed collection of information is necessary for the proper performance of our functions, including whether the information will have practical use;

(b) the accuracy of our burden estimate for the proposed collection of information, including the validity of the methodology and assumptions used;

(c) ways to enhance the quality, usefulness, and clarity of the information to be collected; and

(d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Reclamation will display a valid OMB control number on the form.

IV. Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: August 19, 2015.

Terrance J. Fulp,

Regional Director, Lower Colorado Region.

BILLING CODE 4332–90–P

JUDICIAL CONFERENCE OF THE UNITED STATES

Meeting of the Judicial Conference Committee on Rules of Practice and Procedure

AGENCY: Judicial Conference of the United States, Advisory Committee on Rules of Bankruptcy Procedure.

ACTION: Notice of open meeting.

SUMMARY: The Advisory Committee on Rules of Bankruptcy Procedure will hold a two-day meeting. The meeting will be open to public observation but not participation.

DATES: October 1–2, 2015.

TIME: 9:00 a.m. to 5:00 p.m.

ADDRESSES: Thurgood Marshall Federal Judiciary Building, Meacham Conference Center, One Columbus Circle NE., Washington, DC 20544.

FOR FURTHER INFORMATION CONTACT: Rebecca A. Womeldorf, Rules Committee Secretary, Rules Committee Support Office, Administrative Office of the United States Courts, Washington, DC 20544, telephone (202) 502–1820.

Dated: August 24, 2015.

Rebecca A. Womeldorf,
Rules Committee Secretary.

BILLING CODE 2210–55–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; National Agriculture Workers Survey

ACTION: Notice.

SUMMARY: On August 31, 2015, the Department of Labor (DOL) will submit the Employment and Training Administration (ETA) sponsored information collection request (ICR) revision titled, “National Agriculture Workers Survey,” to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 *et seq.*). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before September 30, 2015.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden
