SUMMARY: HRSA has issued a 12-month project period extension with full funding for the Home Visiting Research Network Cooperative Agreement (HVRN) for the current budget period to Johns Hopkins University (JHU). The current HVRN recipient continues to achieve the original goals required by HRSA and an additional award year will further accelerate the project to build on its national leadership in the field of home visiting research, seamlessly continue its cultivation of new funders to support new network translational and practice-based research, and capitalize on the increasing visibility of MIECHV which engages more communities, stakeholders and investors.
