

approval of parental consent methods not currently enumerated.⁴ To be considered, the party must submit a detailed description of the proposed parental consent method, together with an analysis of how the method meets the requirements for parental consent described in 16 CFR 312.5(b)(1).

Pursuant to Section 312.12(a) of the Rule, Riyo has submitted a proposed parental consent method to the Commission for approval. The full text of its application is available on the Commission's Web site at www.ftc.gov.

On July 31, 2015, the Commission issued a Federal Register document seeking comments on Riyo's proposed parental consent method. The comment period was scheduled to end on September 3, 2015. One group that frequently comments on issues relating to the Rule, the Center for Digital Democracy, requested a short extension for the filing of comments. Such an extension would not affect the deadline applicable to the Commission's determination whether to grant or deny the application. The Commission agrees that extending the comment period to allow interested parties adequate time to address issues raised by the proposed consent method will facilitate a more complete record. Accordingly, the Commission has decided to extend the public comment period eleven days, until September 14, 2015.

Amendment to "Participation by Religious Organizations in USAID Programs" To Implement Executive Order 13559

AGENCY: U.S. Agency for International Development.

SUMMARY: The U.S. Agency for International Development (USAID) is extending the public comment period on the Notice of proposed rulemaking entitled "Amendment to 'Participation by Religious Organizations in USAID Programs' to Implement Executive Order 13559," which was published in the **Federal Register** on August 6, 2015. The original public comment period would have ended on September 8, 2015. USAID intended to give a 60-day public comment period. Therefore, a comment period extension, to October 5, 2015, is appropriate.

DATES: The comment period for the notice of proposed rulemaking published in the **Federal Register** on August 6, 2015 (80 FR 47237), is extended. Written comments must be received by the extended due date of October 5, 2015. USAID may not fully consider comments received after this date.

⁴ 16 CFR 312.12(a); 78 FR 3991 (January 17, 2013).

⁵ In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c), 16 CFR 4.9(c).

SUPPLEMENTARY INFORMATION: USAID published a notice of proposed rulemaking entitled “Amendment to ‘Participation by Religious Organizations in USAID Programs’ to Implement Executive Order 13559,” which was published in the **Federal Register** on August 6, 2015 (80 FR 47237). This proposed rule is intended to amend 22 CFR part 205, Participation by Religious Organizations in USAID Programs, to make it consistent with Executive Order 13559. This proposed rule would amend USAID’s regulations to replace the term “inherently religious activities” with the term “explicitly religious activities” and define the latter term as “including activities that involve overt religious content such as worship, religious instruction, or proselytization.” This proposed rule would also clarify that organizations who receive USAID financial assistance through subawards must comply with the requirements relating to protections for beneficiaries and the restrictions on prohibited uses of federal financial assistance. This proposed rule would also add language to the sections of the

rule covering protections for beneficiaries to conform more directly to the Executive Order language. This proposed rule would also provide that decisions about awards of Federal financial assistance must be free from political interference or even the appearance of such interference.

USAID intended to give a 60-day public comment period, which would mirror the comment period given in the related proposed rules of eight other federal agencies. Therefore, a comment period extension, to October 5, 2015, is appropriate without unduly delaying a final rulemaking decision. Accordingly, written comments must be submitted by the extended due date of October 5, 2015. USAID may not fully consider comments received after this date.

Dated: August 25, 2015.

C. Eduardo Vargas,

Deputy Director, Center for Faith-Based and Community Initiatives (Acting Director).

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R06–OAR–2013–0808; FRL–9932–49–Region 6]

Approval and Promulgation of Implementation Plans; Texas; Infrastructure Requirements for the 1997 Ozone and the 1997 and 2006 PM_{2.5} NAAQS

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to finalize a change to the Code of Federal Regulations (CFR) to reflect a 2014 EPA approval to a State Implementation Plan (SIP) revision to regulate greenhouse gases (GHGs) in Texas’ Prevention of Significant Deterioration (PSD) permitting program and to show that the SIP deficiency identified in a prior partial disapproval for the 1997 Ozone

and the 1997 and 2006 PM_{2.5} National Ambient Air Quality Standards (NAAQS) has been addressed.

DATES: Written comments should be received on or before October 5, 2015.

ADDRESSES: Comments may be mailed to Mr. Guy Donaldson, Chief, Air Planning Section (6PD–L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202–2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Carl Young, 214–665–6645, young.carl@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, the EPA is finalizing a change to the CFR without prior proposal because the Agency views this as noncontroversial submittal and anticipates no adverse comments. The change is to reflect a 2014 EPA approval to a SIP revision to regulate GHGs in the Texas PSD permitting program and to show that the SIP deficiency identified in a prior partial disapproval has been addressed. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action no further activity is contemplated. If the EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.
