Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10387 Skilled Nursing Facility (SNF) Prospective Payment System and Consolidated Billing
CMS-2567 Statement of Deficiencies and Plan of Correction and Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR

1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Home Health Agency Cost Report; *Use:* Providers of Services participating in the Medicare program are required under sections 1815(a), 1833(e) and 1861(v)(1)(A) of the Social Security Act (42 U.S.C. 1395g) to submit annual information to achieve settlement of costs for health care services rendered to Medicare beneficiaries. In addition, regulations at 42 CFR 413.20 and 413.24 require adequate cost data and cost reports from providers on an annual basis. The Form CMS-1728-94 cost report is needed to determine a provider's reasonable cost incurred in furnishing medical services to Medicare beneficiaries and reimbursement due to or from a provider. *Form Number:* CMS-1728-94 (OMB control number: 0938-0022); *Frequency:* Annually; *Affected Public:* Private sector (Business or other for-profits and Not-for-profit institutions); *Number of Respondents:* 11,352; *Total Annual Responses:* 11,352; *Total Annual Hours:* 2,576,904. (For policy questions regarding this collection contact Angela DiGorgio at 410-786-4516.)

2. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Statement of Deficiencies and Plan of Correction Supporting Regulations; *Use:* Section 1864(a) of the Social Security Act requires that the Secretary use state survey agencies to conduct surveys to determine whether health care facilities meet Medicare and Clinical Laboratory Improvement Amendments participation requirements. The Form CMS-2567 is the means by which the survey findings are documented. This section of the law further requires that compliance findings resulting from these surveys be made available to the public within 90 days of such surveys. The Form CMS-2567 is the vehicle for

this disclosure. The form is also used by health care facilities to document their plan of correction and by CMS, the states, facilities, purchasers, consumers, advocacy groups, and the public as a source of information about quality of care and facility compliance. The regulations at 42 CFR 488.18 require that state survey agencies document all deficiency findings on a statement of deficiencies and plan of correction, which is the CMS-2567. Sections 488.26 and 488.28 further delineate how compliance findings must be recorded and that CMS prescribed forms must be used. *Form Number:* CMS-2567 (OMB Control Number: 0938-0391); *Frequency:* Yearly and occasionally; *Affected Public:* Private Sector (Business or other for-profit and Not-for-profit institutions); *Number of Respondents:* 64,500; *Total Annual Responses:* 64,500; *Total Annual Hours:* 128,083. (For policy questions regarding this collection contact Sharon Lash at 410-786-9457.)

Submission for OMB Review; Comment Request

Title: Assets for Independence (AFI) Program Evaluation.

OMB No.: 0970-0414.

Description: The U.S. Department of Health and Human Services, Administration for Children and Families (ACF) is proposing a data collection activity as part of an experimental evaluation of the Assets for Independence (AFI) Program. The purpose of this study is to assess the impact of participation in AFI-funded individual development account (IDA) projects on the savings, asset purchases, and economic well-being of low-income individuals and families. While some evaluations suggest that IDAs help low-income families save, rigorous experimental research is limited. Few studies have focused on AFI-funded IDAs, and few have tested alternative design features. The Assets for Independence Evaluation is the first experimental evaluation of IDA projects operating under the Assets for

Independence Act, and will contribute importantly to understanding the effects of IDA project participation on project participants. The evaluation was launched in fall 2011 in two sites, with the random assignment of AFI-eligible cases to program and control groups. OMB approved three data collection efforts related to this project in October 2012, including approval of a baseline survey, 12-month follow-up survey, and implementation study protocols.

This **Federal Register** Notice provides the opportunity to comment on a

proposed new information collection activity: The AFI Evaluation second follow-up survey (at 36 months post-random assignment) of both treatment and control group members. The content of this survey is the same as the content approved for the 12-month follow-up. The purpose of the AFI Evaluation 36-month follow-up survey is to follow-up with study participants to document their intermediate savings and savings patterns, asset purchases, and other economic outcomes. The evaluation consists of both an impact

study and an implementation study. Data collection activities will span a three-year period. Data collection activities to submit in a future information collection request include a third follow-up survey for AFI Evaluation study participants approximately 60 months after study enrollment.

Respondents: Individuals enrolled in AFI programs, individuals who have left AFI programs, and control group members.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
Follow-Up Survey: AFI-eligible participants	814	271	1	1	271

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and Families.
