[Docket No. DHS-2015-0036]

Technical Resource for Incident Prevention (TRIPwire) User Registration

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: 60-day notice and request for comments; Extension of previously approved Information Collection Request: 1670-0028.

SUMMARY: The Department of Homeland Security (DHS), National Protection and Programs Directorate, (NPPD), Protective Security Coordination Division (PSCD), Office for Bombing Prevention (OBP) will submit the following Information Collection Request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35).

DATES: Comments are encouraged and will be accepted until November 3, 2015. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Written comments and questions about this Information Collection Request should be forwarded to Department of Homeland Security (Attn: NPPD/PSCD/OBP) 245 Murray Lane SW., Mail Stop 0612, Arlington, VA 20598-0612. Emailed requests should go to William.Cooper@hq.dhs.gov. Written

comments should reach the contact person listed no later than November 3, 2015. Comments must be identified by "DHS-2012-0022" and may be submitted by one of the following methods:

- Federal eRulemaking Portal: <http://www.regulations.gov>.

- Email: Include the docket number in the subject line of the message.

Instructions: All submissions received must include the words "Department of Homeland Security" and the docket number for this action. Comments received will be posted without alteration at <http://www.regulations.gov>, including any personal information provided.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; or

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: The Technical Resource for Incident Prevention (TRIPwire) is OBP's online, collaborative, information-sharing network for bomb squad, law enforcement, and other emergency services personnel to learn about current terrorist improvised explosive device (IED) tactics, techniques, and procedures, including design and emplacement considerations. TRIPwire was established as an IED information-sharing resource under Homeland Security Presidential Directive 19 (HSPD-19), which calls for a unified national policy for the prevention and detection of, protection against, and response to terrorist use of explosives in the United States. Users from federal, state, local, and tribal government entities, as well as business and for-profit industries can register through the TRIPwire Secure Portal. The TRIPwire portal contains sensitive information related to terrorist use of explosives and,

therefore, user information is needed to verify eligibility and access to the system. TRIPwire applicants must provide their full name, assignment, citizenship, job title, employer name, professional address and contact information, as well as an Employment Verification Contact and their contact information. The system does not store sensitive personally identifiable information (PII) such as social security numbers. The collection of PII by TRIPwire to establish user accounts occurs in accordance with the DHS Privacy Impact Assessment PIA-015, "DHS Web Portals," DHS/ALL-004—General Information Technology Access Account Records System (GITAARS) September 29, 2009, 74 FR 49882, and DHS/ALL-002—Department of Homeland Security Mailing and Other Lists System November 25, 2008, 73 FR 71659. The TRIPwire User Registration is a voluntary registration designed to measure users' suitability to access the secure environment.

The information collected during the TRIPwire user registration process is reviewed electronically by the project team to vet the user's "need to know," which determines their eligibility for and access to TRIPwire. Memberships are re-verified annually based on the information users provide upon registration or communication with the TRIPwire help desk analysts. The information collected is for internal TRIPwire and OBP use only.

Notice of Intent To Prepare Draft Environmental Impact Statement (EIS) for the Rebuild by Design Hudson River Project: Resist, Delay, Store, Discharge in the City of Hoboken, Township of Weehawken and City of Jersey City, New Jersey

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice of intent to prepare an EIS.

SUMMARY: This provides notice that the New Jersey Department of Environmental Protection (NJDEP) intends to prepare an Environmental Impact Statement (EIS) for the Rebuild by Design Hudson River Project: Resist, Delay, Store, Discharge (the Project) in the City of Hoboken, Township of Weehawken, and City of Jersey City, New Jersey. The Proposed Project was developed as a concept through the Hurricane Sandy Rebuilding Task Force's Rebuild by Design (RBD) program, a design competition to promote the development of resiliency in the Sandy-affected region.

The Proposed Project will consist of a four-part comprehensive strategy, including (1) hard infrastructure and soft landscape for coastal defense (Resist); (2) policy recommendations, guidelines and urban infrastructure to slow storm water runoff (Delay); (3) green and/or grey infrastructure improvements to allow for greater storage of excess rainwater (Store); and (4) water pumps and alternative routes to support drainage (Discharge). The proposed project will occur throughout the City of Hoboken, with linkages to the adjoining communities in the Township of Weehawken and City of Jersey City.

The Proposed Project was selected by HUD through the RBD competition, and HUD Community Development Block Grant-Disaster Recovery (CDBG-DR) funds have been allocated to it. CDBG-DR funding requires compliance with the National Environmental Policy Act (NEPA) as stated in HUD's regulations as outlined in 24 CFR part 58. The Project is also subject to the Council of Environmental Quality (CEQ) NEPA regulations at 40 CFR parts 1500-1508. HUD has further outlined the project's environmental review requirements in a **Federal Register** notice published on October 16, 2014 (79 FR 62182).
