The area described aggregates 2,486.38 acres.

The sale parcel offered for the proposed modified-competitive sale is suitable for disposal, this action is in conformance with the 1988 Carlsbad Resource Management Plan, and Amendment dated 1997.

The locatable, salable, and leasable mineral rights will be reserved by the United States. In accordance with 43 CFR 4110.4-2(b), which states that when public lands are disposed of or devoted to a public purpose which precludes livestock grazing, the permittee shall be given 2 years prior notification before his or her grazing permit or permitted use may be canceled or reduced.

Additionally, 43 CFR 4110.4-2(b) provides an opportunity for the grazing permittee to waive the 2-year notification period. The grazing permittee for this land sale has agreed to the sale and signed the waiver/ relinquishment agreement.

The use of the modified-competitive sale method is consistent with 43 CFR 2711.3-2(a)(1)(i) because the authorized officer has determined it is necessary in order to assure equitable distribution of land among purchasers or to recognize equitable considerations or public policies. Under the modified competitive bidding procedure, a designated bidder is offered the highest bid. Refusal or failure to meet the highest bid shall constitute a waiver of such bidding provisions. Failure to accept an offer to purchase the offered lands within the time specified by the authorized officer shall constitute a waiver of his preference consideration. The authorized officer has identified Bill Kennedy as the designated bidder for this parcel.

The sale parcel, NMNM 90300, is being analyzed in Environmental Assessment Number DOI-BLM-NM-P020-2014-1493-EA. Upon publication of this notice, the EA is available at the BLM Carlsbad Field Office for public review and comments. Only written comments will be considered properly filed.

Any adverse comments regarding the sale will be reviewed by the BLM New Mexico State Director or other authorized official of the Department of Interior, who may sustain, vacate, or modify this realty action in whole or in part.

Before including your address, phone number, email address, or other personal identifying information, you should be aware that your entire comment, including your personal identifying information may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Information concerning the sale, appraisal, reservations, sale procedures and conditions, Comprehensive Environmental Response Compensation and Liability Act (CERCLA), map delineating the sale parcel, mineral potential report, EA, and other environmental documents will be available for review during business hours, from 7:45 a.m. to 4:30 p.m., Mountain Time, Monday through Friday at the BLM Carlsbad Field Office except during federally recognized holidays.

Publication of this notice in the **Federal Register** segregates the subject lands from all other forms of appropriation under the public land laws, including the general mining laws and leasing under the mineral leasing laws, except sale under FLPMA. The segregation will terminate: (i) Upon issuance of a patent or other document of conveyance to such lands; (ii) Upon publication in the **Federal Register** of a termination of the segregation; or (iii) At the end of 2 years from the date of this publication in the **Federal Register**, whichever occurs first. On publication of this notice and until completion of the sale, the BLM is no longer accepting land-use applications affecting the sale parcel. However, land-use applications may be considered after completion of the sale if the parcel is not sold. The parcel may be subject to land-use applications received prior to publication of this notice if processing the application would have no adverse effect on the marketability of title or the FMV of the sale parcel.

The parcel is subject to limitations prescribed by law and regulation and, prior to patent issuance, a holder of any right-of-way within the parcel may be given the opportunity to amend the right-of-way for conversion to a new term, including perpetuity, if applicable, or conversion to an easement. In accordance with regulation at 43 CFR 2807.15(b), the BLM notified the valid existing right-of-way holders by letter of their ability to convert their rights-of-way to perpetual rights-of-way or easements. None of the holders requested conversion of their current authorizations, so the BLM will continue to administer their rights-of-way as authorized after the sale.

Terms and Conditions: All minerals for the parcel will be reserved to the United States in accordance with the BLM's approved Mineral Potential Report, dated June 6, 1996.

The following rights, reservations, and terms and conditions will appear on the conveyance document for these parcels:
