[USCG–2015–0242]

**Quarterly Listings; Safety Zones, Security Zones, Special Local Regulations, Drawbridge Operation Regulations and Regulated Navigation Areas****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of expired temporary rules issued.

**SUMMARY:** This document provides notice of substantive rules issued by the Coast Guard that were made temporarily effective between October 2014 and December 2014 but expired before they could be published in the **Federal Register**. This notice lists temporary safety zones, security zones, special local regulations, drawbridge operation regulations and regulated navigation areas, all of limited duration and for which timely publication in the **Federal Register** was not possible.

**DATES:** This document lists temporary Coast Guard rules that became effective between October 2014 and December 2014 and were terminated before they could be published in the **Federal Register**.

**ADDRESSES:** Temporary rules listed in this document may be viewed online, under their respective docket numbers, using the Federal eRulemaking Portal at <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** For questions on this notice contact Yeoman First Class Maria Fiorella Villanueva, Office of Regulations and Administrative Law, telephone (202) 372–3862.

**SUPPLEMENTARY INFORMATION:** Coast Guard District Commanders and Captains of the Port (COTPs) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. *Safety zones* may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. *Security zones* limit access to prevent injury or damage to vessels, ports, or waterfront facilities. *Special local regulations* are issued to enhance the safety of participants and spectators at regattas and other marine events. *Drawbridge operation regulations* authorize changes to drawbridge schedules to accommodate bridge repairs, seasonal vessel traffic, and local public events. *Regulated Navigation Areas* are water areas within a defined boundary for which regulations for vessels navigating within the area have been established by the regional Coast Guard District Commander.

Timely publication of these rules in the **Federal Register** may be precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected

public is, however, often informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the end of the effective period, mariners were personally notified of the contents of these safety zones, security zones, special local regulations, regulated navigation areas or drawbridge operation regulations by Coast Guard officials on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary safety zones, security zones, special local regulations, regulated navigation areas and drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated.

The following unpublished rules were placed in effect temporarily during the period between October 2014 and December 2014 unless otherwise indicated. To view copies of these rules, visit [www.regulations.gov](http://www.regulations.gov) and search by the docket number indicated in the list below:

**Drawbridge Operation Regulation;  
Upper Mississippi River, Dubuque, IA**

AGENCY: Coast Guard, DHS.

**ACTION:** Notice of deviation from  
drawbridge regulation.**SUMMARY:** The Coast Guard has issued a  
temporary deviation from the operating  
schedule that governs the Illinois  
Central Railroad Drawbridge across the  
Mississippi River, mile 579.9, at  
Dubuque, Iowa. The deviation is  
necessary to allow the bridge owner  
time to replace the tender house
