The drivers were included in one of the following dockets: Docket No. FMCSA-1999-5578; FMCSA-1999-5748; FMCSA-2002-12844; FMCSA-2003-15892; FMCSA-2005-21711. Their exemptions are effective as of November 30, 2015 and will expire on November 30, 2017.

Each of the 64 applicants listed in the groups above has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

#### Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by November 20, 2015.

FMCSA believes that the requirements for a renewal of an

exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 64 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

## DEPARTMENT OF TRANSPORTATION

### Surface Transportation Board

[Docket No. FD 35965]

#### Indiana Southern Railroad, LLC— Temporary Trackage Rights Exemption—Norfolk Southern Railway Company

Pursuant to a written trackage rights agreement dated June 29, 2015, Norfolk Southern Railway Company (NSR) has agreed to grant overhead temporary trackage rights to Indiana Southern Railroad, LLC (ISRR), over NSR's line of

railroad between milepost 0.8 EJ at Oakland City Junction, Ind., and milepost 4.8 EJ at Enosville, Ind., a distance of approximately 4.0 miles.<sup>1</sup>

The transaction may be consummated on or after November 4, 2015, the effective date of the exemption (30 days after the verified notice was filed).

The purpose of the transaction is to allow ISRR limited overhead trackage rights and the ability to provide local rail service to one customer located on the line segment. The parties' agreement provides that the trackage rights are temporary in nature and are scheduled to expire on January 1, 2020.

As a condition to this exemption, any employees affected by the trackage rights will be protected by the conditions imposed in *Norfolk and Western Railway—Trackage Rights—Burlington Northern, Inc.*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Railway, Inc.—Lease & Operate—California Western Railroad*, 360 I.C.C. 653 (1980).

This notice is filed under 49 CFR 1180.2(d)(7).<sup>2</sup> If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Stay petitions must be filed by October 28, 2015 (at least 7 days before the exemption becomes effective). An original and 10 copies of all pleadings, referring to Docket No. FD 35965, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001. In addition, a copy of each pleading must be served on Eric M. Hocky, Clark Hill, PLC, One Commerce Square, 2005 Market St., Suite 1000, Philadelphia, PA 19103.

Board decisions and notices are available on our Web site at [WWW.STB.DOT.GOV](http://WWW.STB.DOT.GOV).

Decided: October 16, 2015.

<sup>1</sup> A redacted version of the Agreement between NSR and ISRR was filed with the notice of exemption. ISRR simultaneously filed a motion for a protective order to protect the confidential and commercially sensitive information contained in the unredacted version of the Agreement, which ISRR submitted under seal in this proceeding. That motion will be addressed in a separate decision.

<sup>2</sup> ISRR states that, because the temporary trackage rights covered by the notice of exemption are longer than one year in duration, it is not filing under the Board's class exemption for temporary trackage rights under 49 CFR 1180.2(d)(8). Instead, ISRR has filed under the trackage rights class exemption at 1180.2(d)(7) and concurrently has filed, in Docket No. FD 35965 (Sub-No. 1), a petition for partial revocation of this exemption to permit these proposed trackage rights to expire on January 1, 2020, as provided in the parties' agreement. The Board will address that petition in a separate decision.

By the Board, Rachel D. Campbell,  
Director, Office of Proceedings.

#### Background

The Kingpin Act became law on December 3, 1999. The Kingpin Act establishes a program targeting the activities of significant foreign narcotics traffickers and their organizations on a worldwide basis. It provides a statutory framework for the imposition of sanctions against significant foreign narcotics traffickers and their organizations on a worldwide basis, with the objective of denying their businesses and agents access to the U.S. financial system and the benefits of trade and transactions involving U.S. companies and individuals.

The Kingpin Act blocks all property and interests in property, subject to U.S. jurisdiction, owned or controlled by significant foreign narcotics traffickers

as identified by the President. In addition, the Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, the Secretary of State, and the Secretary of Homeland Security, may designate and block the property and interests in property, subject to U.S. jurisdiction, of persons who are found to be: (1) Materially assisting in, or providing financial or technological support for or to, or providing goods or services in support of, the international narcotics trafficking activities of a person designated pursuant to the Kingpin Act; (2) owned, controlled, or directed by, or acting for or on behalf of, a person designated pursuant to the Kingpin Act; or (3) playing a significant role in international narcotics trafficking.
