

submissions of their views, data, and arguments with respect to the proposal summarized above and information described in the Notice,¹⁸ as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 6(b)(5) or any other provision of the Act, or the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.¹⁹

Interested persons are invited to submit written data, views, and arguments regarding whether the proposal should be approved or disapproved by March 2, 2015. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by March 16, 2015.

The Commission asks that commenters address the sufficiency and merit of the Exchange's and commenter's statements in support of the proposal, in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following:

1. Does the Notice contain sufficient information about the Fund's proposed investments in ABS for commenters to evaluate the liquidity and transparency of the underlying markets for those ABS?

2. What are commenters' views on the liquidity of the Fund's proposed holdings in ABS? What are commenters' views on pricing transparency in the market for these ABS? Does the pricing transparency vary for investors, market makers, and other market participants? If so, how and why?

3. The Exchange states that, because the preponderance of the Fund's investments in ABS will be in investment-grade instruments, "the Adviser does not expect that the proposed additional investments in ABS that are not mortgage-related will expose the Fund to additional liquidity

risk." Do commenters agree? Why or why not?

4. Do commenters believe that the proposal to increase the Fund's holdings in ABS would have any effect on the arbitrage mechanism with respect to the Fund? If so, what effect and why? If not, why not? Do commenters believe that the proposed change in the Fund's investments would have any effect on market pricing of the Fund relative to its net asset value? Why or why not?

5. What are commenters' views on whether the Fund's proposal to increase its ABS holdings would affect the ability of market makers to make markets in the Shares of the Fund?

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2014-107 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090. All submissions should refer to File Numbers SR-NYSEArca-2014-107. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of these filings also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make

available publicly. All submissions should refer to File Number SR-NYSEArca-2014-107 and should be submitted on or before March 2, 2015. Rebuttal comments should be submitted by March 16, 2015.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Jill M. Peterson,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74190; File No. SR-NASDAQ-2015-006]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify the List of Securities Eligible for the Select Symbol Program Under Rule 7018(a)(4)

February 3, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 27, 2015, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to modify the list of securities eligible for the Select Symbol program under Rule 7018(a)(4).

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed

¹⁸ See *supra* note 3.

¹⁹ Section 19(b)(2) of the Act, as amended by the Securities Act Amendments of 1975, Public Law 94-29 (June 4, 1975), grants the Commission flexibility to determine what type of proceeding—either oral or notice and opportunity for written comments—is appropriate for consideration of a particular proposal by a self-regulatory organization. See Securities Act Amendments of 1975, Senate Comm. on Banking, Housing & Urban Affairs, S. Rep. No. 75, 94th Cong., 1st Sess. 30 (1975).

²⁰ 17 CFR 200.30-3(a)(57).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to replace the security of a company that is eligible for reduced fees under the Select Symbol program under Rule 7018(a)(4). NASDAQ recently adopted the Select Symbol program,³ which provides lower execution fees for a select group of securities where access fees may be discouraging the use of public markets. NASDAQ is implementing the program on February 2, 2015. Since filing the program with the Commission, one symbol included in the program no longer exists because the company was acquired by another company. Specifically, Avanir Pharmaceuticals, Inc. (AVNR) was recently acquired by Otsuka Pharmaceutical Co., Ltd., and was suspended from trading on NASDAQ on January 14, 2015. Accordingly, NASDAQ is proposing to replace AVNR with Micron Technology, Inc. (MU), which has similar off-exchange trading and other attributes as other Select Symbol securities in the program.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6 of the Act,⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. Specifically, the proposed change

further these objectives because it replaces a Select Symbol security that no longer exists with another security that has similar attributes. Removal of the Select Symbol security from the program will serve to avoid any investor confusion concerning trading in a security that no longer exists. Adding a replacement security to the list of symbols eligible for the reduced transaction fees of the program ensures that the program has an adequate number of securities on which the Exchange may gather data as part of its analysis of the impact of reducing fees on exchange trading. The Exchange notes that, in selecting the replacement security, it applied the same eligibility criteria as it did in selecting the current symbols eligible for the program.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, the change does not alter the meaning or application of the fees and credits provided under Rule 7018(a)(4), but rather affects only which securities are included in the Select Symbol program. The Select Symbol program is designed to benefit market quality and ultimately, price competition among market participants on the Exchange, and the proposed change to the program furthers those goals. Accordingly, the proposed change does not place any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁷

⁶ 15 U.S.C. 78s(b)(3)(a)(ii).

⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give

A proposed rule change filed under Rule 19b-4(f)(6)⁸ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),⁹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that NASDAQ may remove AVNR from the list of Select Symbols and add MU immediately. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow NASDAQ to remove a company that no longer exists from the Select Symbols immediately, and add another company that meets the same criteria as the other companies in the Select Symbols, enabling NASDAQ to implement the program with a full complement of securities. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing with the Commission.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁸ 17 CFR 240.19b-4(f)(6).

⁹ 17 CFR 240.19b-4(f)(6)(iii).

¹⁰ For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–74191; File No. SR–CME–2015–003]

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Immediate Effectiveness of Proposed Change to CME Rule 814 To Clarify Certain Operational Details Regarding Current CME Settlement Cycles

February 3, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on January 21, 2015, Chicago Mercantile Exchange Inc. (“CME”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change described in Items I, II and III, below, which Items have been prepared primarily by CME. CME filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b–4(f)(4)(ii)⁴ thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CME is filing a proposed rule change that is limited to its business as a derivatives clearing organization (“DCO”). More specifically, the proposed change would amend the text of current CME Rule 814 to clarify certain operational details regarding current CME settlement cycles.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a derivatives clearing organization with the Commodity Futures Trading Commission (“CFTC”) and currently offers clearing services for many different futures and swaps products. With this filing, CME proposes to make rulebook changes that are limited to its business clearing futures and swaps under the exclusive jurisdiction of the CFTC. More specifically, the proposed changes would amend the text of current CME Rule 814 to clarify certain operational details regarding current CME settlement cycles.

The first proposed change to CME Rule 814 would add further detail regarding the settlement cycle for commodity contracts that are options. The current version of Rule 814 is silent on the settlement cycle for commodity contracts that are options, and so additional language is proposed to ensure that the market is aware that settlement of option value operates differently than settlement for non-option commodity contracts. The proposed rule change is consistent with the current settlement process so no operational changes are needed to implement the proposed rules. The second proposed change is to amend Rule 814 so that it explicitly reflects the fact that the current CME settlement process results in outstanding exposures being settled to zero fair value during each settlement cycle. The third proposed change is to add further clarity regarding settlement finality at the CME clearing house. Lastly, certain terms in the Rule 814 text are being modified in order to provide additional clarity to the marketplace and regulators. As described above, none of these revisions would change any aspect of current operations but, rather, would merely clarify certain operational details of the clearing cycle currently in place in the text of Rule 814.

The proposed rule change that is described in this filing is limited to CME's business as a derivatives clearing organization clearing products under the exclusive jurisdiction of the CFTC. CME has not cleared security based swaps and does not plan to and therefore the proposed rule change does not impact CME's security-based swap clearing business in any way. The proposed rule change will become effective immediately. CME notes that it has also submitted the proposed rule change that is the subject of this filing
