[Project No. 14443–001]

Consolidated Irrigation Company; Notice of Surrender of Preliminary Permit

Take notice that Consolidated Irrigation Company (Consolidated), permittee for the proposed Consolidated Irrigation Glendale Conduit Hydro Project No. 14443 has requested that its preliminary permit be withdrawn from consideration. The permit was issued on October 3, 2013, and would have expired on September 30, 2016.¹ The project would have been located on Mink Creek canal and Cub River canal near the city of Preston in Franklin County, Idaho.

The preliminary permit for Project No. 14443 will remain in effect until the close of business, December 9, 2015. But, if the Commission is closed on this day, then the permit remains in effect until the close of business on the next day in which the Commission is open.² New applications for this site may not be submitted until after the permit surrender is effective.

Dated: November 9, 2015.

East Texas Electric Cooperative, Inc., Sam Rayburn Electric Cooperative, Inc., Tex-La Electric Cooperative of Texas, Inc. v. Entergy Texas, Inc., Entergy Texas, Inc. v. East Texas Electric Cooperative, Inc., Sam Rayburn Electric Cooperative, Inc., Tex-La Electric Cooperative of Texas, Inc.; Notice of Filing

Take notice that on November 6, 2015, Entergy Services, Inc., on behalf of

¹ 145 FERC ¶ 62,008 (2013).

² 18 CFR 385.2007(a)(2) (2015).

Entergy Texas, Inc. submitted tariff filing: Refund Report to be effective N/A.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). [Docket No. EL16–10–000]

Industrial Energy Users—Ohio, Complainant, v. The Ohio Power Company and PJM Interconnection, LLC, Respondents: Notice of Complaint

Take notice that on November 6, 2015, pursuant to sections 206, 306, and

309 of the Federal Power Act (FPA), 16 U.S.C. 824e, 825e, and 825h, Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Industrial Energy Users—Ohio filed a formal complaint against Ohio Power Company (AEP-Ohio) and PJM Interconnection, LLC (PJM) alleging that AEP-Ohio has taken, and PJM has allowed to be taken actions in contravention of the PJM Open Access Transmission Tariff and that such actions are unjust, unreasonable, and unduly discriminatory, in violation of the Federal Power Act, as more fully explained in the complaint.

The Complainant states that a copy of the complaint has been served on the Respondents.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. Federal Energy Regulatory Commission

[Docket No. CP15-557-000]

Total Peaking Services, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Vaporization Capacity Increase and Bog Compressor Project, and Request for Comments on Environmental Issues

November 9, 2015.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Vaporization Capacity Increase and BOG Compressor Project (Project) involving construction and operation of facilities by Total Peaking Services, LLC (Total Peaking) in Milford, Connecticut. The Commission will use this EA in its decision-making process to determine whether the Project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the Project. You can make a difference by providing us with your specific comments or concerns about the Project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before December 9, 2015.

If you sent comments on this Project to the Commission before the opening of this docket on September 22, 2015, you will need to file those comments in Docket No. CP15-557-000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this Project. State and local government representatives should notify their constituents of this proposed Project and encourage them to comment on their areas of concern.

Total Peaking provided affected landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically asked questions, including how to participate in the Commission's proceedings. It is also available for viewing on the FERC Web site (www.ferc.gov).

Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the Project docket number (CP15-557-000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Summary of the Proposed Project

Total Peaking proposes to modify its existing liquefied natural gas peak shaving facility¹ in Milford, Connecticut to increase the vaporization send out capabilities from 90 million standard cubic feet per day (MMscf/d) to 105 MMscf/d. According to Total Peaking, the Project would meet its future system needs and projected peak day requirements.

The Project would consist of the following modifications:

¹ Peak shaving facilities liquefy and store natural gas during warmer months for vaporization and injection into natural gas pipelines during peak conditions such as cold weather.
