Food and Drug Administration

[Docket No. FDA-2015-D-3990]

Sunscreen Innovation Act: Section 586C(c) Advisory Committee Process; Draft Guidance for Industry; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of availability.

SUMMARY: The Food and Drug Administration (FDA or Agency) is announcing the availability of a draft guidance for industry entitled "Sunscreen Innovation Act: Section 586C(c) Advisory Committee Process." This draft guidance explains the process by which FDA intends to carry out the section of the Federal Food, Drug, and Cosmetic Act (the FD&C Act), as amended by the Sunscreen Innovation Act (SIA), which governs the convening of advisory committees and the number of requests to be considered per meeting. The recommendations in this draft guidance apply to 586A requests submitted under the FD&C Act and to pending requests as defined by the SIA that seek a determination from FDA on whether a nonprescription sunscreen active ingredient, or a combination of nonprescription sunscreen active ingredients, is generally recognized as safe and effective for use under specified conditions and should be included in the over-the-counter (OTC) sunscreen drug monograph. The SIA describes specific circumstances under which FDA is "not" required to convene or submit requests to the Nonprescription Drugs Advisory Committee (NDAC). We are issuing this draft guidance pursuant to the SIA, which directs FDA to issue four guidances on various topics, including this draft guidance.

SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled "Sunscreen Innovation Act: Section 586C(c) Advisory Committee Process." This draft guidance provides background information on the sunscreen OTC monograph process, as well as on the Agency's intended process for convening the NDAC. It also recommends procedures for sponsors of 586A requests (submitted under section

586A of the FD&C Act (21 U.S.C. 360fff-1)) and for sponsors of pending requests (as defined by section 586(6) of the FD&C Act (21 U.S.C. 360fff (6))) to follow in requesting an NDAC meeting. This draft guidance also explains how FDA intends to process these requests and describes the factors the Agency may consider in determining whether and when to refer such requests to the NDAC.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on the process by which the Agency will carry out section 586C(c) of the SIA (Pub. L. 113-195). It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Electronic Access

Persons with access to the Internet may obtain the document at either <http://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/default.htm> or <http://www.regulations.gov>.
