I. Funding Opportunity Description

USDA’s Office of Advocacy and Outreach (OAO) invites submission of proposals for a competitive grant award to establish a new USDA Socially Disadvantaged Farmers and Ranchers Policy Research Center (The Center). The Center will specialize in policy research impacting socially disadvantaged farmers and ranchers. Land loss, land retention, and access to local, state, and federal programs will be major areas of research and policy development. The Center’s director and staff will have experience and/or education required to understand the socially disadvantaged farmers and ranchers communities. The Center will propose how they will work with other

institutions, as appropriate, inside and outside the land grant community.

Proposed recommendations resulting from the following list of activities, including but not limited to, shall be submitted to the Director of OAO:

- Analyze current agriculture policy and its implications on socially disadvantaged farmers and ranchers.
- Collect data on where USDA meetings are being held, and how socially disadvantaged farmers and ranchers participate.
- Make recommendations on improving participation rates of socially disadvantaged farmers and ranchers.
- Provide recommendations on how to improve diversity of county office staff and committees.
- Provide recommendations on actions to improve USDA program agencies’ outreach and technical assistance to socially disadvantaged farmers and ranchers.
- Collect data on the history of the education of socially disadvantaged farmers and ranchers and evaluate the results of past educational efforts in the South and the ability of higher education institutions to meet the educational needs of socially disadvantaged farmers and ranchers today.
- Collect data on how socially disadvantaged farmers and ranchers receive agricultural information.
- Determine how many socially disadvantaged farmers and ranchers have access to information technology equipment and broadband.
- Determine how many socially disadvantaged farmers and ranchers have received training on the use of information technology (IT) equipment and provide recommendations on ways to increase the utilization of IT for their farming organizations.
- Provide recommendations on improving the application approval process for socially disadvantaged farmers and ranchers applying for USDA assistance. Determine how past discrimination impacts access to present programs and provide recommendations to improve participation among socially disadvantaged farmers and ranchers.
- Collect data on the reasons for the decline of farm, ranch, and land ownership by socially disadvantaged farmers and ranchers. Provide recommendations on how to track and maintain current data on the number and location of socially disadvantaged farmers and ranchers.
- Analyze data collected from all sources, and develop policy recommendations that will enable socially disadvantaged farmers and

ranchers to stay in farming and to preserve their lands.

The OAO will update the Q&A's on a weekly basis and conduct webinars on an as-needed basis. Questions should be submitted to: OASDVFR2015@osec.usda.gov.

V. Competitive Review and Evaluation Criteria

A. Competitive Review

Only eligible entities whose proposals meet the threshold criteria in Section III of this announcement will be reviewed according to the evaluation criteria set forth below. Applicants should explicitly and fully address these criteria as part of their proposal package. Each proposal will be reviewed under the regulations established under 7 CFR part 2500 Subpart C.

Applications for the Center that meet the initial screening requirements will be evaluated and rated by an independent technical review panel. The panel will use the evaluation criteria listed below to score each application. The evaluation criteria are designed to assess the quality of the proposed program and to determine the probability of its success. The evaluation criteria are closely related and are considered as a whole in judging the overall quality of an application. Points are awarded only to applications that are responsive to the evaluation criteria within the context of this program announcement. These review results will be the primary element used by the OAO in making funding decisions. Reviewers will determine the strengths and weaknesses of each application in terms of the evaluation criteria listed below and assign numerical scores out of a possible 100 points. A summary of all applicant scores and strengths/weaknesses and recommendations will be prepared. A preliminary funding recommendation will be provided to the designated approving official who will make the final funding decision.

I. Funding Opportunity Description

A. Background

The 2501 Program, administered by the OAO, is committed to ensuring equitable participation in USDA programs. Community-based and non-profit organizations, higher education institutions, and eligible tribal entities can play a critical role in addressing the unique difficulties socially disadvantaged and veteran farmers and ranchers face. Differences in demographics, culture, economics, and other factors preclude a single approach to identifying solutions that can benefit farmers and ranchers by connecting them with resources available from USDA.

1. The 2501 Program was authorized by the Food, Agriculture, Conservation, and Trade Act of 1990. The Food, Conservation and Energy Act of 2008 expanded the authority of the Secretary of Agriculture (the Secretary) to provide awards under the program and transferred the administrative authority to OAO. The 2014 Farm Bill further expanded the program to include outreach and assistance to veterans. The
