Although non-emergency issues not contained in this agenda may come before this Council for discussion, those issues may not be the subject of formal Council action during these meetings. Council action will be restricted to those issues specifically listed in this notice

and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: February 11, 2015.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD757

Nominations to the Marine Mammal Scientific Review Groups

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for nominations.

SUMMARY: As required by the Marine Mammal Protection Act (MMPA), the Secretary of Commerce established three independent regional Scientific Review Groups (SRGs) to provide advice on a range of marine mammal science and management issues. NMFS has conducted a membership review of the Alaska, Atlantic, and Pacific SRGs and is soliciting nominations for new Members to fill vacancies on the Atlantic and Pacific SRGs. Nominees should possess demonstrable expertise in the areas specified below, be able to conduct thorough scientific reviews of marine mammal science, and be able to fulfill the necessary time commitments associated with a thorough review of documents and attendance at one annual meeting.

DATES: Nominations must be received by March 20, 2015.

ADDRESSES: Nominations should be sent to: Chief, Marine Mammal and Sea Turtle Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3226, Attn: SRGs.

FOR FURTHER INFORMATION CONTACT:

Shannon Bettridge, Office of Protected Resources, 301-427-8402, Shannon.Bettridge@noaa.gov; or Seth Sykora-Bodie, Office of Protected Resources, 301-427-8409, Seth.Sykora-Bodie@noaa.gov. Information about the SRGs is available via the Internet at <http://www.nmfs.noaa.gov/pr/sars/group.htm>.

SUPPLEMENTARY INFORMATION: Section 117(d) of the Marine Mammal Protection Act (MMPA) (16 U.S.C. 1386(d)) directs the Secretary of Commerce to establish three independent regional Scientific Review Groups (SRGs) to advise the Secretary (authority delegated to the National Marine Fisheries Service (NMFS)). The Alaska SRG advises on marine mammals that occur in waters off Alaska that are under the jurisdiction of the United States. The Pacific SRG advises on marine mammals that occur in waters off the Pacific coast, Hawaiian Islands and the U.S. Territories in the Central and Western Pacific that are under the jurisdiction of the United States. The Atlantic SRG advises on marine mammals that occur in waters off the Atlantic coast, Gulf of Mexico, and U.S. Territories in the Caribbean that are under the jurisdiction of the United States.

The SRGs meet annually. Prior to the meetings, SRG Members review draft stock assessment reports and other relevant documents. SRGs comprise highly-qualified individuals with expertise in marine mammal biology and ecology, population dynamics and modeling, commercial fishing technology and practices, and stocks taken under section 101(b) of the MMPA. The SRGs provide expert reviews of draft marine mammal stock assessment reports and other information related to the matters identified in section 117(d)(1) of the MMPA, including:

- (A) Population estimates and the population status and trends of marine mammal stocks;
- (B) Uncertainties and research needed regarding stock separation, abundance, or trends, and factors affecting the distribution, size, or productivity of the stock;
- (C) Uncertainties and research needed regarding the species, number, ages, gender, and reproductive status of marine mammals;
- (D) Research needed to identify modifications in fishing gear and practices likely to reduce the incidental mortality and serious injury of marine mammals in commercial fishing operations;

(E) The actual, expected, or potential impacts of habitat destruction, including marine pollution and natural environmental change, on specific marine mammal species or stocks, and for strategic stocks, appropriate conservation or management measures to alleviate any such impacts; and

(F) Any other issue which the Secretary or the groups consider appropriate.

SRG Members collectively serve as independent advisors to NMFS and the U.S. Fish and Wildlife Service and provide their expert review and recommendations through participation in the SRG. Members attend meetings and undertake activities as independent persons providing expertise in their subject areas. Members are not appointed as representatives of professional organizations or particular stakeholder groups, including government entities, and are not permitted to represent or advocate for those organizations, groups or entities during SRG meetings, discussions and deliberations.

NMFS has developed terms of reference for the SRGs, which state that the agency will annually review the expertise available on the SRG and identify gaps in expertise needed to provide advice pursuant to section 117(d) of the MMPA. In conducting the reviews, NMFS will continue to attempt to achieve, to the maximum extent practicable, a balanced representation of viewpoints among the individuals on each SRG. NMFS has conducted a review of the expertise available on the three SRGs and has identified gaps. NMFS is now soliciting nominations for individuals with the following expertise.

For the Atlantic SRG (including waters off the Atlantic coast, Gulf of Mexico, and U.S. Territories in the Caribbean), NMFS seeks individuals with expertise in one or more of the following areas (in no particular order of priority): Quantitative ecology; habitat modeling; population dynamics; statistical analyses; passive acoustics; abundance estimation (including line transect methods, mark-recapture methods, quantitative bycatch estimation, and/or survey design); and fisheries gear/techniques, with particular emphasis on pot/trap and gillnet fisheries along the Atlantic coast and in Gulf of Mexico fisheries.

For the Pacific SRG (including waters off the Pacific coast, Hawaiian Islands and the U.S. Territories in the Central and Western Pacific), NMFS seeks individuals with expertise in one or more of the following areas (in no particular order of priority):

Quantitative ecology; habitat modeling; population dynamics; fisheries gear/techniques, particularly of Hawaiian and Pacific Islands fisheries; Hawaii and Pacific Islands ecology; marine mammal genetics; passive acoustics; marine mammal population structure; abundance estimation (including line transect methods, mark-recapture methods, and quantitative bycatch estimation).

NMFS is not seeking nominations for the Alaska SRG in this solicitation.

Nominations for new Members should be accompanied by the individual's curriculum vitae and detailed information regarding (a) how the recommended person meets the minimum selection criteria for SRG Members, (b) how the recommended person would augment existing expertise or bring needed expertise to the group, and (c) how the recommended person's participation on the SRG would contribute to achieving a balanced representation of viewpoints. Self-nominations are acceptable. The following contact information should accompany each nomination: nominee's name, address, telephone number, and email address.

When reviewing nominations, NMFS will consider the following criteria:

- (1) Ability to make time available for the purposes of the SRG;
- (2) Knowledge of the species (or closely related species) of marine mammals in the SRG's region;
- (3) Scientific or technical achievement in a relevant discipline, which may include ecology, life history, fishing technology and practices, biology, genetics, resource management, or biological modeling, to be considered an expert peer reviewer for the topic;
- (4) Demonstrated experience working effectively on teams;
- (5) Expertise relevant to current and expected needs of the SRG, in particular, expertise required to provide adequate review and knowledgeable feedback on current or developing stock assessment issues, techniques, etc. In practice, this means that each Member should have expertise in more than one topic as the species and scientific issues discussed in SRG meetings are diverse; and
- (6) No conflict of interest with respect to their duties as a member of the SRG.

A Scientific Review Group Member cannot be a registered Federal lobbyist. Membership is voluntary and, except for reimbursable travel and related expenses, service is without pay. The terms of reference specify that the term of service for SRG Members is three years and Members may serve up to three consecutive terms. Nominations

should be sent to (see **ADDRESSES**) and must be received by March 20, 2015.

Dated: February 11, 2015.

Perry Gayaldo,

Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2014-ICCD-0159]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Comprehensive Transition Programs for Students With Intellectual Disabilities Expenditure Report

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before March 20, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2014-ICCD-0159 or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the regulations.gov site is not available.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E103, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Tammy Gay, 816-268-0432.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C.

3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Comprehensive Transition Programs for Students with Intellectual Disabilities Expenditure Report

OMB Control Number: 1845-0113

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector, State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 34.

Total Estimated Number of Annual Burden Hours: 68.

Abstract: The Higher Education Opportunity Act, Pub. L. 110-315, added provisions for the Higher Education Act of 1965, as amended, in section 750 and 766 that enable eligible students with intellectual disabilities to receive Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, and Federal Work Study funds if they are enrolled in an approved program. The Comprehensive Transition Programs (CTP) for Students with Intellectual Disabilities expenditure report is the tool for reporting the use of these specific funds. The data will be used by the Department to monitor program effectiveness and accountability of fund expenditures. The data is used in conjunction with institutional program reviews to assess the administrative capability and compliance of the applicant.

Dated: February 11, 2015.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
