[Docket Number 151216999-5999-01]

Annual Wholesale Trade Survey

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of determination.

SUMMARY: The United States Department of Commerce's Bureau of the Census (Census Bureau) publishes this notice to announce that the Director of the Census Bureau has determined the need to conduct the 2015 Annual Wholesale Trade Survey (AWTS). The AWTS covers employer firms with establishments located in the United States and classified in the Wholesale Trade sector as defined by the 2007 North American Industry Classification System (NAICS). Through this survey, the Census Bureau will collect data covering annual sales, e-commerce sales, purchases, total operating expenses, year-end inventories held both inside and outside the United States, commissions, total operating revenue, and gross selling value, for three components of wholesale activity: Wholesale distributors: manufacturers' sales branches and offices; and agents, brokers, and electronic markets. These data are collected to provide a sound statistical basis for the formation of policy by various government agencies. Results will be available for use for a variety of public and business needs such as economic and market analysis, company performance, and forecasting future demand. The Census Bureau conducts the AWTS to provide continuing and timely national statistical data on wholesale trade annually.

ADDRESSES: The Census Bureau will provide electronic worksheets to businesses included in the survey. Additional copies are available upon

written request to the Director, U.S. Census Bureau, Washington, DC 20233– 0101.

FOR FURTHER INFORMATION CONTACT:

Susan Pozzanghera, Economy Wide Statistics Division, at (301) 763–7169 or by email at

susan.k.pozzanghera@census.gov.

SUPPLEMENTARY INFORMATION: Sections 131 and 182 of Title 13 of the United States Code (U.S.C.) authorize the Census Bureau to take surveys that are necessary to produce current data on the subjects covered by the Economic Census. Sections 224 and 225 of Title 13 make response to the AWTS mandatory. As part of this authorization, the Census Bureau conducts the AWTS to provide continuing and timely national statistical data on wholesale trade activity every year for the period between economic censuses. The AWTS covers employer firms with establishments located in the United States and classified in the Wholesale Trade sector as defined by the 2007 NAICS. The 2015 AWTS will collect data for three components of wholesale activity: Wholesale distributors; manufacturers' sales branches and offices; and agents, brokers, and electronic markets. For wholesale distributors, the Census Bureau will collect data covering sales, e-commerce sales, year-end inventories held inside and outside the United States, purchases, and total operating expenses. For manufacturers' sales branches and offices, the Census Bureau will collect data covering annual sales, e-commerce sales, year-end inventories held inside and outside the United States and total operating expenses. For agents, brokers, and electronic markets, the Census Bureau will collect data covering commissions, total operating revenue, gross selling value, and total operating expenses. The Census Bureau has determined that this survey is necessary, as these data are not available publicly on a timely basis from nongovernmental or other government sources. Public reporting burden for this collection of information is estimated to average 29 minutes per response.

Firms were selected for the AWTS survey using a stratified random sample based on industry groupings and annual sales size. In an effort to streamline operations and conserve taxpayer time and money, the 2015 AWTS will be a paperless-based collection. We will provide electronic reporting instructions to the firms covered by this survey in March 2016 and will require their response by April 27, 2016. We will continue to provide guidance and instructions on reporting without forms

using the secure Centurion system and secure email. Firms' responses to the AWTS are required by law (13 U.S.C. Sections 224 and 225), and the responses are confidential (13 U.S.C. Section 9). The sample of firms selected will provide, with measurable reliability, statistics on annual sales, ecommerce sales, purchases, total operating expenses, year-end inventories held both inside and outside the Unites States, commissions, total operating revenue, and gross selling value, for 2015.

The data collected in this survey will be similar to that collected in the past and within the general scope and nature of those inquiries covered in the quinquennial economic census, which was most recently conducted in 2012. These data are collected to provide a sound statistical basis for the formation of policy by various government agencies. Results will be available for use for a variety of public and business needs such as economic and market analysis, company performance, and forecasting future demand.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 U.S.C. 3501–3521, OMB approved the AWTS under OMB control number 0607–0195.

Based upon the foregoing, I have directed that the annual survey be conducted for the purpose of collecting these data.

Dated: January 5, 2016.

Certain Hot-Rolled Carbon Steel Flat Products From India: Final Results of Antidumping Duty Administrative Review; 2013–2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On September 10, 2015, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty (AD) order on certain hot-rolled carbon steel flat

products (hot-rolled steel) from India.¹ We received no comments or requests for a hearing. Therefore, for the final results, we continue to find that Ispat Industries Ltd. (Ispat), JSW Steel Ltd. (JSW), JSW Ispat Steel Ltd. (JSW Ispat), and Tata Steel Ltd. (Tata) had no shipments of the subject merchandise, and, therefore, no reviewable transactions, during the period of review (POR).

DATES: Effective Date: January 11, 2016. FOR FURTHER INFORMATION CONTACT: George McMahon or Eric Greynolds, AD/CVD Operations Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1167 and (202) 482–6071, respectively.

Background

On September 10, 2015, the Department published the *Preliminary Results*. The POR is December 1, 2013, through November 30, 2014. We invited interested parties to comment on the *Preliminary Results*. We received no comments from any party. The Department conducted this administrative review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

For purposes of this order, the products covered are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4.0 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this order.

Specifically included in the scope of this order are vacuum-degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high-strength
