SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 9, 2014, based on a complaint filed by Adrian Rivera of Whittier, California, and Adrian Rivera Maynez Enterprises, Inc., of Santa Fe Springs, California (together, "ARM"). 79 FR 53445-46. The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain beverage brewing capsules, components thereof, and products containing the same that infringe claims 5-8 and 18-20 of U.S. Patent No. 8,720,320 ("the '320 patent"). *Id.* at 53445. The Commission's notice of investigation named as respondents Solofill LLC of Houston, Texas ("Solofill"); DongGuan Hai Rui Precision Mould Co., Ltd. of Dong Guan City, China ("DongGuan"); Eko Brands, LLC ("Eko Brands"), of Woodinville, Washington; Evermuch Technology Co., Ltd. ("Evermuch Technology"), of Hong Kong, China; Ever Much Company Ltd. ("Evermuch Company") of Shenzhen, China; Melitta USA, Inc. ("Melitta"), of North Clearwater, Florida; LBP Mfg., Inc. of Cicero, Illinois and LBP Packaging (Shenzhen) Co. Ltd. of Shenzhen, China (together, "LBP"); Spark Innovators Corp. ("Spark"), of Fairfield, New Jersey; B. Marlboros International Ltd. (HK) ("B. Marlboros") of Hong Kong, China; and Amazon.com, Inc. ("Amazon") of Seattle, Washington. The Office of Unfair Import Investigations was also named as a party to the investigation. *Id.*

The Commission terminated the investigation with respect to Melitta, Spark, LBP, and B. Marlboros based on the entry of consent orders and terminated the investigation with respect to Amazon based on a settlement agreement. Notice (Dec. 18, 2014); Notice (Jan. 13, 2015); Notice (Mar. 27, 2015); Notice (Apr. 10, 2015). The Commission also found Eko Brands, Evermuch Technology, and Evermuch Company in default for failing to

respond to the complaint and notice of investigation. Notice (May 18, 2015). Accordingly, Solofill and DongGuan (together, "Respondents") are the only respondents actively participating in the investigation.

On September 4, 2015, the ALJ issued his final initial determination ("ID") finding no violation of section 337. The ID found that ARM had established every element for finding a violation of section 337 except for infringement. The ID found that Respondents were not liable for direct infringement because direct infringement required the combination of Respondents' products with a third-party single serve beverage brewer, and that Respondents were not liable for induced or contributory infringement because they did not have pre-suit knowledge of the '320 patent. The ID did find that Respondents' products directly infringed claims 5-7, 18, and 20 of the '320 patent ("the asserted claims") when combined with a third-party single serve coffee brewer, that the asserted claims were not shown invalid by clear and convincing evidence, and that ARM satisfied both the technical and economic prongs of the domestic industry requirement. The ALJ also issued his recommendation on remedy and bonding along with his ID.

On September 21, 2015, ARM petitioned for review of the ID's findings that Respondents were not liable for induced and contributory infringement because of a lack of pre-suit knowledge, and Respondents petitioned for review of several of the ID's findings. On September 29, 2015, the parties opposed each other's petitions, and the Commission Investigative Attorney ("IA") opposed both petitions.

On November 9, 2015, the Commission determined to review the final ID in part. Specifically the Commission determined to review the following: (1) The ID's findings on the construction, infringement, and technical prong of the domestic industry requirement for the limitation "a needle-like structure, disposed below the base"; (2) the ID's findings on induced and contributory infringement; (3) the ID's findings that the asserted claims are not invalid for a lack of written description, as anticipated by Beaulieu and the APA, or as obvious; and (4) the ID's findings on the economic prong of the domestic industry requirement. The Commission determined not to review the remaining findings in the ID. The Commission also requested briefing from the parties on the issue of pre-suit knowledge, and briefing from the parties and the public on the issues of remedy, the public interest, and bonding. The Commission
