**Countervailing Duty Investigation of Certain Iron Mechanical Transfer Drive Components From the People's Republic of China: Preliminary Affirmative Determination and Alignment of Final Determination With Final Antidumping Duty Determination**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain iron mechanical transfer drive components ("ITDCs") from the People's Republic of China ("PRC"). The period of investigation is January 1, 2014, through December 31, 2014. We invite interested parties to comment on this preliminary determination.

**DATES:** *Effective Date:* April 11, 2016.

**FOR FURTHER INFORMATION CONTACT:**

Brandon Farlander, Robert Galantucci, and Robert Bolling, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-0182, (202) 482-2923, or (202) 482-3434, respectively.

**SUPPLEMENTARY INFORMATION:****Scope Comments**

In accordance with the preamble to the Department's regulations,<sup>1</sup> we set aside a period of time in our *Initiation Notice* for parties to raise issues regarding product coverage, and we encouraged all parties to submit

comments within 20 calendar days of the signature date of that notice.<sup>2</sup>

We received several comments concerning the scope of the antidumping duty ("AD") and CVD investigations of ITDCs from the PRC and Canada. On March 30, 2016, Petitioner filed an amendment to the scope to exclude certain finished torsional vibration dampeners ("TVDs"), as defined in the amended scope.<sup>3</sup> Petitioner also noted that it is considering a potential additional exclusion to the scope to cover certain parts of TVDs.<sup>4</sup> Also, on March 30, 2016, NOK Wuxi notified the Department of its intent to withdraw from participation in this investigation, contingent on the Department's acceptance and inclusion of Petitioner's amendment to the scope.<sup>5</sup> Because Petitioner's proposed scope amendment was filed two days before the due date for the preliminary determination, the Department does not have sufficient time before the fully extended scheduled signature due date of the CVD preliminary determination to consider this proposed amendment to the scope. However, the Department will evaluate the scope comments and intends to issue its preliminary decision regarding the scope of the AD and CVD investigations in the preliminary determination of the companion antidumping investigations, which are due for signature on May 31, 2016.

**Scope of the Investigation**

The products covered by this investigation are ITDCs from the PRC. For a complete description of the scope of this investigation, *see* Appendix II to this notice.

**Methodology**

The Department is conducting this countervailing duty ("CVD") investigation in accordance with section 701 of the Tariff Act of 1930, as amended ("the Act"). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the

recipient, and that the subsidy is specific.<sup>6</sup> For a full description of the methodology underlying our preliminary conclusions, *see* the Preliminary Decision Memorandum.<sup>7</sup> A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version are identical in content.

The Department notes that, in making these findings, we relied, in part, on facts available and, because we find that one or more respondents did not act to

the best of their ability to respond to the Department's requests for information, we drew an adverse inference where appropriate in selecting from among the facts otherwise available.<sup>8</sup> For further information, *see* "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

#### Alignment

As noted in the Preliminary Determination Memorandum, based on a request made by the petitioner TB Wood's Incorporated, we are aligning the final CVD investigation in this investigation with the final determination in the companion AD investigation of ITDCs in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4).<sup>9</sup> Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than August 14, 2016, unless postponed.<sup>10</sup>

#### Preliminary Determination and Suspension of Liquidation<sup>11</sup>

In accordance with section 703(d)(1)(A)(i) of the Act, we calculated

an individual estimated countervailable subsidy rate for each exporter/producer of the subject merchandise individually investigated. Additionally, in accordance with sections 703(d) and 705(c)(5)(A) of the Act, for companies not individually investigated, we apply an "all-others" rate, which is normally calculated by weight averaging the subsidy rates of the companies selected for individual investigation by those companies' exports of the subject merchandise to the United States, excluding rates that are zero or *de minimis* or any rates determined entirely on the facts otherwise available. Accordingly, in these preliminary results, we have calculated the "all-others" rate by weight-averaging the calculated subsidy rates of the two individually investigated respondents, using the respondent's publicly-ranked sales data for exports of subject merchandise to the United States.<sup>12</sup> We preliminarily determine the countervailable subsidy rates to be:

As provided in section 782(i)(1) of the Act, we intend to verify the information submitted by the respondents prior to making our final determination.

#### International Trade Commission Notification

In accordance with section 703(f) of the Act, we will notify the International Trade Commission ("ITC") of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information relating to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order, without the written consent of the Assistant Secretary for Enforcement and Compliance.

In accordance with section 705(b)(2) of the Act, if our final determination is affirmative, the ITC will make its final determination within 45 days after the Department makes its final determination.

##### Scope of the Investigation

The products covered by this investigation are iron mechanical transfer drive components, whether finished or unfinished (*i.e.*, blanks or castings). Subject iron mechanical transfer drive components are in the form of wheels or cylinders with a center bore hole that may have one or more grooves or teeth in their outer circumference that guide or mesh with a flat or ribbed belt or like device and are often referred to as sheaves, pulleys, flywheels, flat pulleys, idlers, conveyor pulleys, synchronous

sheaves, and timing pulleys. The products covered by this investigation also include bushings, which are iron mechanical transfer drive components in the form of a cylinder and which fit into the bore holes of other mechanical transfer drive components to lock them into drive shafts by means of elements such as teeth, bolts, or screws.

Iron mechanical transfer drive components subject to this investigation are those not less than 4.00 inches (101 mm) in the maximum nominal outer diameter.

Unfinished iron mechanical transfer drive components (*i.e.*, blanks or castings) possess the approximate shape of the finished iron mechanical transfer drive component and have not yet been machined to final specification after the initial casting, forging or like operations. These machining processes may include cutting, punching, notching, boring, threading, mitering, or chamfering.

Subject merchandise includes iron mechanical transfer drive components as defined above that have been finished or machined in a third country, including but not limited to finishing/machining processes such as cutting, punching, notching, boring, threading, mitering, or chamfering, or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the iron mechanical transfer drive components.

Subject iron mechanical transfer drive components are covered by the scope of the investigation regardless of width, design, or iron type (*e.g.*, gray, white, or ductile iron). Subject iron mechanical transfer drive components are covered by the scope of the investigation regardless of whether they have non-iron attachments or parts and regardless of whether they are entered with other mechanical transfer drive components or as part of a mechanical transfer drive assembly (which typically includes one or more of the iron mechanical transfer drive components identified above, and which may also include other parts such as a belt, coupling and/or shaft). When entered as a mechanical transfer drive assembly, only the iron components that meet the physical description of covered merchandise are covered merchandise, not the other components in the mechanical transfer drive assembly (*e.g.*, belt, coupling, shaft).

<sup>13</sup> See 19 CFR 351.224(b).

<sup>14</sup> See 19 CFR 351.309(c)–(d), 19 CFR 351.310(c).

For purposes of this investigation, a covered product is of “iron” where the article has a carbon content of 1.7 percent by weight or above, regardless of the presence and amount of additional alloying elements.

The merchandise covered by this investigation is currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 8483.30.8090, 8483.50.6000, 8483.50.9040, 8483.50.9080, 8483.90.3000, 8483.90.8080. Covered merchandise may also enter under the following HTSUS subheadings: 7325.10.0080, 7325.99.1000, 7326.19.0010, 7326.19.0080, 8431.31.0040, 8431.31.0060, 8431.39.0010, 8431.39.0050, 8431.39.0070, 8431.39.0080, and 8483.50.4000. These HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the investigation is dispositive.

#### Wooden Bedroom Furniture From the People's Republic of China: Final Results and Final Determination of No Shipments, In Part: 2014 Administrative Review

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On December 14, 2015, the Department of Commerce (the “Department”) published the preliminary results of the tenth administrative review (“AR”) of the antidumping duty order on wooden bedroom furniture (“WBF”) from the People's Republic of China (“PRC”), in accordance with sections 751(a)(1)(B) of the Tariff Act of 1930, as amended (“the Act”).<sup>1</sup> The period of review (“POR”) is January 1, 2014, through December 31, 2014. The AR covers 18 PRC exporters of subject merchandise, of which the Department selected one company for individual examination, Shanghai Jian Pu Import & Export Co., Ltd. (“Shanghai Jian Pu”). The Department invited interested parties to comment on the *Preliminary Results*. We received comments from the American Furniture Manufacturers Committee for Legal Trade and Vaughan-Bassett Furniture Company, Inc. (“Petitioners”). No other party commented. After consideration of Petitioners’ comments, our final results

remain unchanged from the *Preliminary Results*.

**DATES:** *Effective Date:* April 11, 2016.

**FOR FURTHER INFORMATION CONTACT:** Jeff Pedersen, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2769.

#### SUPPLEMENTARY INFORMATION:

##### Background

For a complete description of the events that followed the publication of the *Preliminary Results*, see the Issues and Decision Memorandum<sup>2</sup> which is dated concurrently with, and hereby adopted by, this notice.

##### Scope of the Order

The product covered by the order is wooden bedroom furniture, subject to certain exceptions.<sup>3</sup> Imports of subject merchandise are classified under the Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings: 9403.50.9042, 9403.50.9045, 9403.50.9080, 9403.50.9041, 9403.60.8081, 9403.20.0018, 9403.90.8041, 7009.92.1000 or 7009.92.5000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description in the *Order* remains dispositive.<sup>4</sup>

##### Analysis of the Comments Received

The issues raised in Petitioners’ case brief are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is appended to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Services System (“ACCESS”). ACCESS is available to registered users at <http://access.trade.gov> and it is available to all parties in the Central Records Unit of the main Department

building, room B8024. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and electronic version of the Issues and Decision Memorandum are identical in content.

##### Separate Rates

In the *Preliminary Results*, the Department determined that seven companies under review, including Shanghai Jian Pu, the sole mandatory respondent, did not establish their eligibility for separate rate status and would be treated as part of the PRC-wide entity.<sup>5</sup> We only received comments on the *Preliminary Results* from Petitioners, which agreed with our preliminary separate rates determination with respect to Shanghai Jian Pu and did not comment on any other entity under review. In these final results of review, we continue to determine that these seven companies should be treated as part of the PRC-wide entity because they have not established their separate rate eligibility. Because no party requested a review of the PRC-wide entity, we are not conducting a review of the PRC-wide entity.<sup>6</sup> Thus, there is no change to the rate for the PRC-wide entity. The existing rate for the PRC-wide entity is 216.01 percent.

##### Final Determination of No Shipments

In the *Preliminary Results*, we determined that 11 companies subject to this AR had no shipments during the POR.<sup>7</sup> We received no comments

<sup>5</sup> See *Preliminary Results* at 80 FR 7576. The six companies that did not establish their eligibility for a separate rate, other than Shanghai Jian Pu, are: (1) Baigou Crafts Factory of Fengkai; (2) Dongguan Hung Sheng Artware Products Co., Ltd., Coronal Enterprise Co., Ltd.; (3) Hualing Furniture (China) Co., Ltd., Tony House Manufacture (China) Co., Ltd., Buysell Investments Ltd., Tony House Industries Co., Ltd.; (4) Orient International Holding Shanghai Foreign Trade Co., Ltd.; (5) Prime Wood International Co., Ltd., Prime Best International Co., Ltd., Prime Best Factory, Liang Huang (Jiaxing) Enterprise Co., Ltd.; and (6) Woodworth Wooden Industries (Dong Guan) Co., Ltd.
