

Highway 35, and the GGNRA lands. This alternative could be paired with either the proposed Canal improvements or the Canal Configuration Alternative.

Canal Configuration Alternative: This alternative would not construct the box culvert replacing the first 1,500 feet of the Canal; rather, the diversion structure described for the proposed Project would be relocated to the southern (upstream) end of the Canal. The box culvert under John Muir Drive also would be relocated and would cross under John Muir Drive close to the southern end of Impound Lake. The design of the diversion structure, box culvert under John Muir Drive, and Lake Merced Outlet would be approximately the same as for the proposed Project, but located at the upstream (southern) end of the Canal. The diversion structure would replace the first approximately 350 feet of the Canal, and the rest of the Canal would be unchanged except as needed for temporary construction access to the Lake Merced Tunnel Portal. Under the Canal Configuration Alternative, only one wetland cell of approximately 1.7 acres would be constructed. This alternative could be paired with either the proposed Tunnel improvements or the Tunnel Alignment Alternative.

Public Involvement: The Notice of Intent (NOI) to prepare the DEIR/EIS was published in the **Federal Register** on May 8, 2013 (78 FR 26807). Daly City also issued a joint NOI/Notice of Preparation (NOP) to prepare the DEIR/EIS on February 28, 2013. On March 4, 2013, the NPS sent an electronic mail (email) message to 1,317 recipients, inviting them to an open house featuring the Vista Grande Drainage Basin Improvements and other projects within the GGNRA. The email message provided a link to Daly City's Vista Grande Project Web site, where interested parties could access the NOI/NOP. The NPS held an open house on March 19, 2013, at the General's Residence in Fort Mason. Several projects and topics were covered at the open house, including the Vista Grande Project. Daly City staff and consultants attended the open house and spoke with attendees about the Project. On March 28, 2013, Daly City held a public scoping meeting to educate members of the public about the Project and to solicit comments on the scope of the DEIR/EIS. The scoping comment period for the NOI published in the **Federal Register** ended on June 7, 2013. A scoping report summarizing the outcomes of the scoping process, including comments received, and which includes copies of all comment

letters received during the scoping period, is included as Appendix B of the DEIR/EIS. Comments from these meetings and letters, as well from additional stakeholder and agency outreach meetings and subsequent internal planning workshops, were used to further refine the alternatives and identify the key topics to be addressed in the DEIR/EIS.

Copies of and/or internet links to the DEIR/EIS will be circulated to congressional delegations, state and local elected officials, federal and state agencies, tribes, organizations, local businesses, and public libraries. Printed copies (in limited quantity) and CDs will be supplied in response to email, phone, or mail requests. Printed copies will be available at public libraries in San Francisco and San Mateo County.

How to Comment: The public comment period begins upon the lead agencies' issuance of public notice of DEIR/EIS availability, including through the NPS publication of this Notice of Availability (NOA) for the DEIR/EIS in the **Federal Register**. The public comment period will end 60 days from the date of the EPA's publication in the **Federal Register** of the notice of filing and release of the DEIR/EIS; the NPS will notify all entities on the project mailing list, and public announcements about the DEIR/EIS review period will be posted on the project Web site (http://parkplanning.nps.gov/Vista_Grande) and distributed via local and regional press media. Written comments may be transmitted electronically through the project Web site (noted above). If preferred, comments may be mailed to the General Superintendent, GGNRA, Attn: Vista Grande Drainage Basin Improvement Project DEIR/EIS, Fort Mason, Building 201, San Francisco, CA 94123.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public comments received during the comment period will be recorded and categorized in order for the lead agencies to prepare responses, which then will be incorporated into the Final EIR/EIS. Where responses to comments require important changes to the EIR/EIS, the body of the text may be revised. Comments received on the cultural resources section of the EIR/EIS will

also be considered during the separate, but coordinated process of compliance with § 106 of the National Historic Preservation Act.

Decision Process: All comments received on the DEIR/EIS will be duly considered in preparing the Final EIR/EIS, which is expected to be prepared in mid-2016 (availability will be announced in the **Federal Register**, as well as through regional and local press media and park Web site postings). A Record of Decision will be prepared not sooner than 30 days after release of the Final EIR/EIS. Because this is a delegated EIS, the NPS official responsible for approval of the project is the Regional Director, Pacific West Region. The official responsible for project implementation is the Superintendent, Golden Gate National Recreation Area.

Dated: February 16, 2016.

Martha J. Lee,

Acting Regional Director, Pacific West Region.

Notice of Intent To Repatriate Cultural Items: Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Peabody Museum of Archaeology and Ethnology, in consultation with the appropriate Indian tribes or Native Hawaiian organizations, has determined that the cultural item listed in this notice meet the definition of a sacred object and an object of cultural patrimony. Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request to the Peabody Museum of Archaeology and Ethnology. If no additional claimants come forward, transfer of control of the cultural items to the lineal descendants, Indian tribes, or Native Hawaiian organizations stated in this notice may proceed.
