OMB Control Number: 0572-0138.

Type of Request: Extension of a currently approved information collection.

Abstract: The Rural Utilities Service (RUS) supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need. Entities eligible for the revolving loan fund will be the same entities eligible to obtain a loan, loan guarantee, or grant from RUS Water and Waste Disposal and Wastewater loan and grant programs. As grant recipients, the non-profit organizations establish a revolving loan fund to provide loans to finance predevelopment costs of water or wastewater projects, or short-term small capital projects not part of the regular operation and maintenance of current water and wastewater systems. The collection of information consists of the materials to file a grant application with the agency, including forms, certifications and required documentation.

1374 (Fed. SUPPLEMENTARY INFORMATION:

Background

On March 12, 2012, the Department published its *Final Results*.³ On March 22, 2012, Foshan Shunde, an exporter of the subject merchandise, timely filed a complaint with the Court to challenge certain aspects of the *Final Results*. The litigation history of this procedure is outlined below.

On February 22, 2013, the Court remanded the matter.⁴ The case was stayed pending the Court's final disposition on brokerage and handling in *Since Hardware v. United States*, Court No. 11-00106. The Court also stayed ruling on zeroing, pending the outcome of the Federal Circuit case, *Union Steel v. United States*. After the Federal Circuit issued its decision in *Union Steel*,⁵ on August 22, 2013, the Court continued the stay pending its ruling of similar issues in *Since Hardware v. United States*, Court No. 11-00106. On December 30, 2014, the Court issued its decision in *Since Hardware v. United States*,⁶ thereby lifting the stay in this case. Accordingly, on April 9, 2015, the Department issued

its *First Redetermination*, in which it: (1) Determined to use the Indonesian “basket” category 7217.10 to value steel wire, (2) determined to use the brokerage and handling (B&H) calculation outlined in the *Final Results*, and (3) continued to apply the zeroing methodology utilized in the *Final Results*.⁷

Upon consideration of the *First Redetermination*, on January 8, 2016, the Court sustained: (1) The use of World Bank data to derive brokerage and handling expenses, and (2) the application of zeroing.⁸ The Court, however, remanded the case to the Department to reconsider its adjustment of brokerage and handling based upon container size. Additionally, the Court directed the Department to use Indonesian HTS value 7217.10.00 to value Foshan Shunde’s steel wire input.⁹

On March 29, 2016, we issued the *Second Redetermination*, where we used the Indonesian HTS value 7217.10.00, and did not adjust the ports and terminal handling fee and document preparation fee based upon container size.¹⁰

On April 6, 2016, the Court sustained the *Second Redetermination*, and entered final judgment.¹¹

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the Federal Circuit has held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision not “in harmony” with a Department determination, and must suspend liquidation of entries pending a “conclusive” court decision. The Court’s April 6, 2016, judgment sustaining the *Second Redetermination* constitutes a final decision of the Court that is not in harmony with the Department’s *Final Results*. This notice is published in fulfillment of the publication requirement of *Timken*. Accordingly, the Department will

continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal or, if appealed, pending a final and conclusive court decision.

Amended Final Results

Because there is now a final court decision, the Department amends the *Final Results* with respect to the dumping margin of Foshan Shunde. The revised weighted-average dumping margin for Foshan Shunde during the period August 1, 2009, through July 31, 2010, is as follows:

Exporter	Weighted average dumping margin (percent)
Foshan Shunde Yongjian Housewares & Hardware Co., Ltd	33.43

For Foshan Shunde, the cash deposit rate will remain the rate established in the 2010–2011 *Final Results*, a subsequent review, which is 157.68 percent.¹²

In the event the Court’s ruling is not appealed, or if appealed and upheld by the Federal Circuit, the Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on entries of the subject merchandise exported by Foshan Shunde using the revised assessment rate calculated by the Department in the *Second Redetermination*.

This notice is issued and published in accordance with sections 516(A)(e), 751(a)(1), and 777(i)(1) of the Act.

Dated: May 13, 2016.

Paul Piquado,

Assistant Secretary for Enforcement & Compliance.
