Type of Request: Extension of currently approved collection.

Description of the need for the information and proposed use:

Mortgagees servicing FHA-insured mortgages use this information collection to notify HUD that a project owner is delinquent (15-20 days past due) or in default (30 days past due) on its mortgage payment. They also use the system to submit an election to assign a defaulted mortgage to HUD (refer to regulations at 24 CFR 207.256) by the 75th day from the date of default. To avoid assignment of mortgage, which is costly to the government, HUD and the mortgagor may develop a plan for reinstating the loan since HUD uses the

information submitted in MDDR as an early warning mechanism. HUD field office and Headquarters staff use the data to (a) monitor mortgagee compliance with HUD's loan servicing procedures and assignments; and (b) potentially avoid mortgage assignments. This information is submitted electronically via the Internet.
