[Docket No. ER16-2370-000]

Freepoint Energy Solutions LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Freepoint Energy Solutions LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard

to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is August 29, 2016.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Supplemental Notice of Intent To Prepare an Environmental Impact Statement for the Proposed TransCameron Pipeline Project and Calcasieu Pass Terminal, and Request for Comments on Environmental Issues Related To New Route Amendments and Project Changes

TransCameron Pipeline, LLC	Docket Nos. CP15-551-001
Venture Global Calcasieu Pass, LLC	CP15-550-000

On September 4, 2015, TransCameron Pipeline, LLC (TransCameron Pipeline) filed an application in Docket No. CP15-551-000, pursuant to Section 7 of the Natural Gas Act, as amended, and Part 157 of the Commission's regulations for authorization to construct, install, own, operate and maintain two lateral pipelines (the East Lateral and the West Lateral pipeline) and appurtenant facilities located in Cameron Parish, Louisiana that comprise the TransCameron Pipeline Project (TransCameron Pipeline or Project). The Project application was filed jointly with an application by Venture Global Calcasieu Pass, LLC (Venture Global Calcasieu Pass) for authorization to construct and operate a liquefied natural gas (LNG) storage and marine export terminal, the Calcasieu Pass Terminal, and related facilities, in Cameron Parish (Docket No. CP15-550-000).

Venture Global Calcasieu Pass filed modifications to the Calcasieu Pass Terminal facilities on March 21, 2016. And, on June 28, 2016, TransCameron Pipeline filed an amendment to its application with additional project changes. The combined changes are detailed below, and an overview map of

the Project is provided in appendix 1. This Supplemental Notice is being issued to seek comments on the amendment and other changes, and to open a new scoping period for interested parties to file comments on environmental issues.

Information about the facilities proposed by TransCameron Pipeline and Venture Global Calcasieu Pass can be found on the Commission's public Docket Nos. CP15-551-001, and CP15-550-000, respectively, and on the applicant's Web site at <http://ventureglobalng.com/calcasieu-pass>. The FERC's environmental impact statement (EIS) will encompass all proposed facilities and be used by the Commission in its decision-making process to determine whether to approve the TransCameron Pipeline Project and Calcasieu Pass Terminal.

The FERC will be the lead federal agency for the preparation of the EIS. The U.S. Army Corps of Engineers, U.S. Department of Energy, U.S. Coast Guard, U.S. Department of Transportation, and U.S. Environmental Protection Agency are cooperating agencies in the preparation of the EIS.

We¹ are seeking comments on the project modifications to help the Commission staff determine what issues need to be evaluated in the EIS. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts from the proposed modifications. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before September 1, 2016. If you have previously provided comments on the TransCameron Pipeline Project or Calcasieu Pass Terminal, you do not need to resubmit them. State and local government representatives are asked to notify their constituents of this proposed Project amendment/modification and encourage them to comment on their areas of concern.

This Supplemental Notice is being sent to the Commission's current environmental mailing list for this project, including those landowners that might be newly affected by the proposed

¹ "We," "us," and "our" refer to the environmental staff of the Commission's Office of Energy Projects.
