

(c) The EPA is disapproving the Texas SIP revision submittals under 30 TAC Chapter 101—General Air Quality Rules as follows:

(1) The following provisions under 30 TAC Chapter 101, Subchapter F—Emissions Events and Scheduled Maintenance, Startup, and Shutdown Activities:

(i) 30 TAC Section 101.222 (Demonstrations): Sections 101.222(h), 101.222(i), and 101.222(j), adopted December 14, 2005, and submitted January 23, 2006.

(ii) [Reserved]

(2) [Reserved]

(d) The EPA is disapproving the following Texas SIP revisions submittals under 30 TAC Chapter 116—Control of Air Pollution by Permits for New Construction and Modification as follows:

(1) The following provisions under 30 TAC Chapter 116, Subchapter A—Definitions:

(i) Definition of “actual emissions” in 30 TAC Section 116.10(1), submitted March 13, 1996 and repealed and re-adopted June 17, 1998 and submitted July 22, 1998;

(ii) Definition of “allowable emissions” in 30 TAC Section 116.10(2), submitted March 13, 1996; repealed and re-adopted June 17, 1998 and submitted July 22, 1998; and submitted September 11, 2000.

(iii) Definition of “modification of existing facility” pertaining to oil and natural gas processing facilities adopted February 14, 1996 and submitted on March 13, 1996 at 30 TAC Section 116.10(11)(G); repealed and re-adopted June 17, 1998, submitted July 22, 1998; adopted August 21, 2002, and submitted September 4, 2002.

(iv) Definition of “modification of existing facility” pertaining to oil and natural gas processing facilities adopted September 15, 2010, and submitted October 5, 2010, as 30 TAC Section 116.10(9)(F).

(2) The following provisions under 30 TAC Chapter 116, Subchapter B—New Source Review Permits:

(i) 30 TAC Section 116.118 submitted March 13, 1996 and repealed and re-adopted June 17, 1998 and submitted July 22, 1998.

(ii) [Reserved]

(3) The following provision under 30 TAC Chapter 116, Subchapter K—Emergency Orders: 30 TAC Section 116.1200—Applicability, adopted August 16, 1993 and submitted August 31, 1993 (as 30 TAC Section 116.410); revised November 18, 1998 and submitted December 10, 1998; revised January 11, 2006 and submitted

February 1, 2006 (as redesignated to 30 TAC Section 116.1200).

(e) The EPA is disapproving the attainment demonstration for the Dallas/Fort Worth Serious ozone nonattainment area under the 1997 ozone standard submitted January 17, 2012. The disapproval applies to the attainment demonstration, the determination for reasonably available control measures, and the attainment demonstration motor vehicle emission budgets for 2012.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 52 and 70

[EPA–R07–OAR–2016–0453; FRL–9951–86–Region 7]

State of Iowa; Approval and Promulgation of the Title V Operating Permits Program, the State Implementation Plan, and 112(l) Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action to approve revisions to the Iowa Title V Operating Permits Program, the State Implementation Plan (SIP), and the 112(l) plan. The submission revises the Title V Operating Permits Program to include a new chapter to address fees for services by the air quality program. Administrative revisions made with this rulemaking to the SIP and 112(l) plan are associated with the new chapter.

DATES: This direct final rule will be effective November 8, 2016, without further notice, unless EPA receives adverse comment by October 11, 2016. If EPA receives adverse comment, we will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R07–OAR–2016–0453, to <http://www.regulations.gov>. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the

official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT:

Heather Hamilton, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219 at 913–551–7039, or by email at hamilton.heather@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” or “our” refer to the EPA. This section provides additional information by addressing the following:

- I. What is being addressed in this document?
- II. What part 70 revision is EPA approving?
- III. What part 52 revision is EPA approving?
- IV. Have the requirements for approval of a SIP revision been met?
- V. What action is EPA taking?

I. What is being addressed in this document?

This direct final action approves revisions to the Iowa Title V Operating Permits Program, the State Implementation Plan (SIP), and the 112(l) plan. The submission revises the Title V Operating Permits Program to include a new chapter to address fees for services by the air quality program. Administrative revisions made with this rulemaking to the SIP and 112(l) plan are associated with the new chapter.

Additional information for this rulemaking can be found in the Technical Support Document located in this docket.

II. What part 70 revision is EPA approving?

The State of Iowa implements an operating permits program applicable to certain sources of air pollution in the state. One EPA requirement for a Title V program is that the permitting state must establish a fee structure sufficient to cover the costs of the program (40 CFR 70.9(b)). Due to decreased emissions, and therefore, decreased Title V emission fees, Iowa analyzed program costs and determined that a new fee structure was necessary. The State increased the fixed dollar amount of \$56 per ton to \$70 per ton as the maximum Title V Operating Permit fee established on the first 4,000 tons of

actual emissions for each regulated pollutant emitted from a source subject to the Title V operating permit program. The state determined the fee cap in order to accommodate greater flexibility in setting future Title V fees by estimating program expenses associated with projected actual emissions for fiscal year 2017. The submission package demonstrated compliance with 40 CFR 70.9(c), Fee Demonstration, and 40 CFR 70.9(d), Use of Required Fee Revenue.

The new fee structure prompted the State of Iowa to add a new Chapter to the Iowa Administrative Code (IAC), 567–IAC Chapter 30, “Fees”.¹

Revisions with regard to fees in the Title V Operating Permits Program in 567–IAC Chapter 22, makes reference to 567–IAC Chapter 30, “Fees” in the following rules:

- 22.100 “Definitions for Title V Permits”;
- 22.101 “Applicability of Title V Operating Permit Requirements”;
- 22.103 “Insignificant Activities”;
- 22.105 “Title V Permit Applications”;
- 22.106 “Title V Permit Fees”;
- 22.108 “Permit Content”.

Subrule 30.4(2), “Payment of Title V annual emission fee,” was added to Iowa’s Title V Operating Program, and addresses fees required, documentation due dates, Phase I acid rain sources, exempted stationary sources and insignificant activities.

Details of Iowa’s Title V Operating Program revisions can be found in the Technical Support Document located in this docket.

III. What part 52 revision is EPA approving?

As previously stated, the new chapter in the Iowa Administrative Code that addresses the revised fee structure initiated administrative revisions to the Iowa State Implementation Plan (SIP) and 112(l) Plan.

Revisions in the SIP amends the following rules to make reference to 567–IAC Chapter 30, “Fees” as follows:

- Chapter 20—Scope of Title—Definitions—Forms—Rules of Practice;
- Chapter 22—Controlling Pollution;
- Chapter 31—Nonattainment Areas;
- Chapter 33—Special Regulations and Construction Permit Requirements for Major Stationary Sources—Prevention of Significant Deterioration (PSD) of Air Quality. The state’s 112(l) plan is revised to include, Chapter 22,

subrule 22.8(1) that applies to permit-by-rule for spray booths.

Details of Iowa’s SIP and 112(l) revisions can be found in the Technical Support Document located in this docket.

IV. Have the requirements for approval of a SIP revision been met?

The state submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. In addition, as explained above and in more detail in the technical support document which is part of this docket, the revision meets the substantive SIP requirements of the CAA, including section 110 and implementing regulations.

V. What action is EPA taking?

EPA is approving the request to amend the Iowa Title V Operating Permits Program, the State Implementation Plan and the 112(l) plan. As noted previously in this document, the revision is consistent with applicable EPA requirements. The revision meets the requirements of the CAA, and implementing regulations. This revision is consistent with applicable EPA requirements in Title V of the CAA, 40 CFR part 70, and 40 CFR part 52.

EPA is processing this action as a direct final action because the revisions make routine changes to the existing rules which are noncontroversial. Therefore, we do not anticipate any adverse comments.

VI. Incorporation by Reference

In this rule, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of the EPA-Approved Iowa Regulations described in the direct final amendments to 40 CFR part 52 set forth below. Therefore, these materials have been approved by EPA for inclusion in the State implementation plan, have been incorporated by reference by EPA into that plan, are fully Federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference by the Director of the Federal Register in the next update to the SIP compilation.² EPA has made, and will continue to make, these documents generally available electronically through www.regulations.gov and at the

appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

VII. Statutory and Executive Order Reviews

Under the Clean Air Act (CAA), the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian

¹ Iowa has requested approval of 567–IAC Subrule 30.4(2), “Payment of Title V annual emission fee,” as part of its Part 70 Operating Permits program. The remainder of Chapter 30 has not been submitted to EPA for approval.

² 62 FR 27968 (May 22, 1997).

country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this

action must be filed in the United States Court of Appeals for the appropriate circuit by November 8, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects

40 CFR Part 52

Environmental protection, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements.

40 CFR Part 70

Administrative practice and procedure, Air pollution control, Intergovernmental relations, Operating permits, Reporting and recordkeeping requirements.

Dated: August 24, 2016.

Mark Hague,

Regional Administrator, Region 7.

For the reasons stated in the preamble, EPA amends 40 CFR parts 52 and 70 as set forth below:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart Q—Iowa

- 2. In § 52.820, the table in paragraph (c) is amended by revising the entries “567–20.1”, “567–22.1”, “567–22.4”, “567–22.5”, “567–22.8”, “567–22.10”, “567–31.1”, and “567–33.1” to read as follows:

§ 52.820 Identification of plan.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Parts 52 and 81**

[EPA–R05–OAR–2011–0698; FRL–9951–95–Region 5]

Approval and Promulgation of Air Quality Implementation Plans; Indiana; Redesignation of the Indiana Portion of the Louisville Area to Attainment of the 1997 Annual Standard for Fine Particulate Matter

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is granting Indiana’s request to redesignate, under the Clean Air Act (CAA), the state of Indiana portion of the Louisville (KY-IN) (Madison Township in Jefferson County and Clark and Floyd Counties) nonattainment area to attainment of the 1997 annual standard for fine particulate matter (PM_{2.5}). EPA determined that the Louisville area has attained the 1997 annual standard, and proposed on July 11, 2013, with a supplemental proposal on June 23, 2016, to approve Indiana’s request to redesignate the area. EPA is taking final action today on the proposal and supplemental proposal. EPA is also taking final action in this rulemaking on several related proposals.

Along with granting the change in the area’s designation status, EPA is also approving Indiana’s PM_{2.5} maintenance plan for the Louisville area as a revision to the Indiana state implementation plan (SIP) as meeting the requirements of section 175A of the CAA. EPA is approving the 2008 emissions inventory for primary PM_{2.5}, nitrogen oxides (NO_x), sulfur dioxide (SO₂), volatile organic compounds (VOC) and ammonia as satisfying the requirement of the CAA for a comprehensive, current emission inventory. Finally, EPA finds adequate and is approving 2015 and 2025 primary PM_{2.5} and NO_x motor vehicle emissions budgets (MVEBs) for the Louisville area. These MVEBs will be used in future transportation conformity analyses for the area. These actions were proposed for approval in EPA’s initial action on July 11, 2013. EPA received no comments in response to the above proposals.

DATES: This final rule is effective on September 9, 2016.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2011–0698. All documents in these dockets are listed on the www.regulations.gov Web site. Although listed in the index, some information is not publicly available, *e.g.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy. Publicly available docket materials are available either through www.regulations.gov or at the U.S. Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Carolyn Persoon at (312) 353–8290 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT: Carolyn Persoon, Environmental Engineer, Control Strategies Section, Air Programs Branch (AR–18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353–8290, persoon.carolyn@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. This supplementary information section is arranged as follows:

- I. What is the background for the actions?
- II. What actions is EPA taking?
- III. What is EPA’s response to comments?
- IV. Why is EPA taking these actions?
- V. Final Action
- VI. Statutory and Executive Order Reviews
