Submission for OMB Review; 30-Day Comment Request Consumer Health Information in Public Libraries User Needs Survey (NLM)

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted

to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on October 30, 2015, page 66914 and allowed 60-days for public comment. One public comment was received. The purpose of this notice is to allow an additional 30 days for public comment. The National Library of Medicine (NLM), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments or request more information on the proposed project contact: David Sharlip, Office of Administrative and Management Analysis Services, National Library of Medicine, Building 38A, Room B2N12, 8600 Rockville Pike, Bethesda, MD 20894, or call non-toll-free number (301) 402-9680, or Email your request, including your address to: sharlipd@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Consumer Health Information in Public Libraries User Needs Survey (NLM)), 0925-New, National Library of Medicine (NLM), National Institutes of Health (NIH).

Need and Use of Information Collection: In 1994, the NLM was designated a "Federal Reinvention Laboratory" with a major objective of improving its methods of delivering information to the public.

NLM has become an international leader in health informatics research and development, especially in consumer health informatics. As a

result, NLM needs to remain contemporary in consumer health informatics research by utilizing research methods that yield a better understanding of the predictors of consumer satisfaction. Without ongoing insights into the predictors of consumer satisfaction, NLM will lack the research findings to make evidence-based changes in the content, design and editorial management of its consumer Web sites and will not optimally serve the public.

Public libraries have been identified as a key resource for public information about the Patient Protection and Affordable Care Act (PPACA), which took full effect on October 1, 2013. A national anonymous survey of library staff will help us better understand the challenges and successes of information provision in this critical area of high information need. Research and funding into the challenges of health information in public libraries is, at present, almost nonexistent. In the present environment of health insurance reform and presumption of informed consumer choice, this is a critical knowledge gap. Information collection from library workers will supply much-needed feedback on the specific areas of challenge for information provision by public libraries. The results of this study will be used by the Principal Investigators' home institutions—the University of Wisconsin-Madison, an institution of higher education preparing future library workers, and the Specialized Information Services division of the National Library of Medicine—to inform preparation of outreach and training materials as well as advising other organizations and institutions providing PPACA information provision assistance to public libraries (e.g., American Library Association). To improve our understanding of the challenges and gaps in information provision and awareness around PPACA, the information we get from this survey will be used to inform and improve NLM's services to public libraries, as well as increase our understanding of the resource and education needs of public library workers.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 390.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Number of respondents	Number of responses per respondent	Average time per response (minutes/hours)	Total annual burden hour
Library workers	779	1	30/60	390
Total	779	390

Dated: January 28, 2016.

David Sharlip,

Project Clearance Liaison, NLM, NIH.

Center for Scientific Review; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections

552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Center for Scientific Review Special Emphasis Panel Member Conflict: Oral Dental and Craniofacial Sciences.

Date: February 24, 2016.

Time: 10:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Baljit S. Moonga, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4214, MSC 7806, Bethesda, MD 20892, 301-435-1777, moongabs@mail.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: Center for Scientific Review Special Emphasis Panel PAR-15-020: Systems Developmental Biology for Understanding Embryonic Development and the Ontogeny of Structural Birth Defects.

Date: February 29-March 1, 2016.

Time: 11:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Thomas Beres, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Dr. Rm. 5201, MSC 7840, Bethesda, MD 20892, 301-435-1175, berestm@mail.nih.gov.

Name of Committee: Center for Scientific Review Special Emphasis Panel PAR13-185: Image Guided Drug Delivery in Cancer.

Date: March 2, 2016.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Doubletree Hotel Bethesda (Formerly Holiday Inn Select), 8120 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Mehrdad Mohseni, MD, Scientific Review Officer, Center for Scientific Review, National Institutes of
