SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we continue the CCP process for the Refuges. We started this process by publishing a notice in the **Federal Register** on June 8, 2011 (76 FR 33339). For more information about the Refuges, see that notice.

Background

The National Wildlife Refuge System Administration Act of 1966, 16 U.S.C. 668dd–668ee (Refuge Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Refuge Administration Act.

Draft CCP/EA

The draft CCP/EA includes detailed information about our planning process, the Refuges' resources and issues, and our proposed management alternatives. Find the draft CCP/EA on our Web sites: www.fws.gov/refuge/Billy_Frank_Jr_Nisqually/ and www.fws.gov/refuge/grays_harbor/.

Public Involvement

Public comments are requested, considered, and incorporated throughout the planning process. Comments on the draft CCP/EA will be

analyzed by the Service and addressed in the final planning documents.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Park Service (NPS), as delegated by the U.S. Office of Personnel Management (OPM), is authorized to request information to determine suitability of applicants for Federal employment and non-Federal personnel proposed to work under contractor and/or agreement who require access to NPS property and/or receive a DOI Access (personal identity verification (PIV)) badges. The conduct of suitability determinations is authorizations under Executive Orders 10450, “Security requirements for Government employment” and 10577, “Amending the Civil Service Rules and authorizing a new appointment system for the competitive service”; sections 3301, 3302, and 9101 of Title 5, United States Code (U.S.C.); and parts 2, 5, 731, and 736 of Title 5, Code of Federal Regulations (CFR), and Federal information processing standards. Section 1104 of Title 5 allows OPM to delegate personnel management functions to other Federal agencies.

In line with new regulations mandated by the OPM and the Department of the Interior (DOI), the NPS Personnel Security Branch is utilizing the Electronic Questionnaires for Investigations Processing (E–QIP) System. As a result, electronic submission of the Standard Form 85, for suitability background investigations (NACI), or the Standard Form 85P, for Public Trust, is now required. The DOI and NPS requires all applicants for Federal employment and non-Federal personnel (contractors, partners, etc.) requiring access to NPS property and/or receive a DOI Access PIV badge to be processed for a suitability background investigation, in accordance with Executive Order 10450 and the Homeland Security Presidential Directive (HSPD–12). The information is protected in accordance with the Privacy Act, and we will maintain the

information in a secure system of records (Interior–DOI–45, “Personnel Security Files—Interior”, 47 FR 11036).

The National Park Service will utilize Form 10–152, “Background Clearance Initiation Request” to create E–QIP accounts necessary to initiate background investigations for all individuals requiring access to NPS property and/or receive a DOI Access (personal identity verification (PIV)) badge. The OPM and DOI programs initiating background investigations have published notices in the **Federal Register** describing the systems of records (SORN) in which the records will be maintained.

The information collected via NPS Form 10–152 includes detailed information for each proposed candidate requiring a background clearance, to include:

- Full legal name;
- Social Security Number;
- Date and place of birth;
- Country of citizenship;
- Contact phone number;
- Email address;
- Home address;
- Whether proposed candidate has ever been investigated by another Federal agency; and
- If the candidate was investigated by another Federal agency, they must provide the name of that agency and the date of the investigation.

Additional information required on Form 10–152 for non-Federal personnel includes:

SUPPLEMENTARY INFORMATION:

I. Abstract

The NPS maintains law enforcement incident reports in the Department of the Interior’s Incident and Management Reporting System (IMARS), which is a Privacy Act System of Records (DOI–10).
