

imported goods for NAFTA purposes, in part, as follows:

- (1) The good is wholly obtained or produced;
- (2) The good is produced exclusively from domestic materials; or
- (3) Each foreign material incorporated in that good undergoes an applicable change in tariff classification set out in 102.20 and satisfies any other applicable requirements of that section and all other applicable requirements of these rules are satisfied.

The three data storage products are neither wholly obtained or produced in a single NAFTA country or produced exclusively from domestic materials. You state that the three products are classified under subheading 8471.70, HTSUS. CBP agrees with the Company's classification with regard to Product One and Product Three. However, after consulting with the National Commodity Specialist Division ("NCS"), we have determined that Product Two is classified in subheading 8471.80, HTSUS. The tariff shift rule for goods of subheading 8471.70 and 8471.80 is set forth in 19 CFR 102.20 as follows:

8471.60–8472.90

A change to subheading 8471.60 through 8472.90 from any other subheading outside that group, except from subheading 8504.40 or from heading 8473; or

A change to subheading 8471.60 through 8472.90 from any other subheading within that group or from subheading 8504.90 or from heading 8473, provided that the change is not the result of simple assembly.

In all three instances, the Company concedes that the tariff shift rule is not met because the major components are classified in subheadings between 8471.60 and 8472.90, HTSUS, and do not undergo a tariff shift.

However, the Company states that the products will qualify for preferential tariff treatment under the NAFTA. Assuming the Company plans to make a NAFTA claim at the time of entry, 19 CFR 102.19(a) provides as follows:

. . . if a good is originating within the meaning of 181.1(q) of this chapter is not determined under 102.11(a) or (b) or 102.21 to be a good of a single NAFTA country, the country of origin of such good is the last NAFTA country in which that good underwent production other than minor processing . . .

The language of 19 CFR 102.19(a) is applicable because pursuant to GN 12(b)(v), the three products are considered originating because they are classified under subheading 8471.70 and 8471.80, HTSUS.<sup>1</sup> Since the three

products undergo production other than minor processing in Mexico, the country of origin for marking purposes under the NAFTA Marking Rules will be Mexico.

#### HOLDING:

Based on the facts provided, we find that the country of origin of Products One and Three for purposes of U.S. Government procurement is Mexico. The country of origin of Product Two for purposes of U.S. Government procurement is Malaysia. The country of origin for all three products for marking purposes will be Mexico under the NAFTA Marking Rules.

Notice of this final determination will be given in the **Federal Register**, as required by 19 CFR 177.29. Any party-at-interest other than the party which requested this final determination may request, pursuant to 19 CFR 177.31, that CBP reexamine the matter anew and issue a new final determination. Pursuant to 19 CFR 177.30, any party-at-interest may, within 30 days of publication of the **Federal Register** Notice referenced above, seek judicial review of this final determination before the Court of International Trade.

Sincerely,

Alice A. Kipel,  
Executive Director,

On August 3, 2007, section 1302(a) of the Implementing Recommendations of the 9/11 Commission Act of 2007 (the 9/11 Act), Public Law 110–53, 121 Stat. 392, gave TSA new authority to assess civil penalties for violations of any surface transportation requirements under title 49 of the U.S. Code (U.S.C.) and for any violations of chapter 701 of title 46 of the U.S. Code, which governs transportation worker identification credentials (TWICs).

Section 1302(a) of the 9/11 Act, codified at 49 U.S.C. 114(v), authorizes the Secretary of the Department of Homeland Security (DHS) to impose civil penalties for a violation of any surface transportation requirement under 49 U.S.C. or any requirement related to TWICs under 46 U.S.C. chapter 701.
