DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2017-0034]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

Under part 235 of Title 49 of the Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides public notice that on April 20, 2017, Union Pacific Railroad (UP) petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA assigned the petition Docket Number FRA-2017-0034.

Applicant: Union Pacific Railroad, Mr. Kevin D. Hicks, AVP Engineering-Design, 1400 Douglas Street, MS 0910, Omaha, NE 68179.

UP seeks approval to discontinue the traffic control system on the Pequot Subdivision, between milepost (MP) 56.90 and MP 62.75 in the cities of Mazon, Braceville, and Coal City, IL. The subdivision will be converted to a non-signaled industrial lead.

The reason given for the proposed discontinuance is to allow the track currently out of service per Timetable Special Instruction SI-01, between MP 58.69 and MP 62.75, to be re-opened to service an industry project for Hoffman Transportation, whose facility will begin at the end of the proposed industrial lead at MP 59.77. UP will discontinue its common carrier operation between MP 59.77 and MP 56.75 per Surface Transportation Board Docket AB-333X. UP will upgrade and return to service the highway-rail grade crossing warning equipment within the project's limits at MP's 58.69 Spring Road, MP 59.78 Reed Road, and MP 61.71, Braceville Road. The north switch on the BNSF Railway at MP 56.90 was previously removed.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. FTA 2017-0012]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describe the nature of the information collection and their expected burdens. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on March 14, 2017.

DATES: Comments must be submitted on or before June 19, 2017.

FOR FURTHER INFORMATION CONTACT: Tia Swain, Office of Administration, Management Planning Division, 1200 New Jersey Avenue SE., Mail Stop TAD-10, Washington, DC 20590 (202) 366-0354 or tia.swain@dot.gov.

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 14, 2017, published a 60-day notice (82 FR 13726) in the **Federal Register** soliciting comments on the ICR that the agency was seeking OMB approval. FTA received no comments after issuing this 60-day notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983,

Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The requirements are being submitted for clearance by OMB as required by the PRA.

Title: Over-the-Road Bus (OTRB) Accessibility Program.

OMB Control Number: 2132-0570.

Type of Request: Revision of a currently approved information collection.

Abstract: The Over-the-Road Bus (OTRB) Accessibility Program was authorized under section 3038 of the Transportation Equity Act for the 21st Century (TEA-21), Public Law 105-85, as amended by the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU), Public Law 109-059, August 10, 2005. OTRBs funding was used in intercity fixed route service as well as other services, such as commuter, charter and tour bus services. These services were an important element of the U.S. transportation system. TEA-21 authorized FTA's OTRB Accessibility Program to assist OTRB operators in complying with the Department's OTRB Accessibility regulation, "Transportation for Individuals with Disabilities" (49 CFR part 37, subpart H). The legislative intent of this grant program was to increase the number of wheelchair accessible OTRBs available to persons with disabilities throughout the country. The Over the Road Bus Program was repealed by Congress under the Moving Ahead for Progress in the 21st Century Act (MAP-21). However, funds previously authorized for programs repealed by MAP-21 remain available for their originally authorized purposes until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated. To meet program oversight responsibilities, FTA must continue to collect information until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated.
