

Dated: June 7, 2017.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Final Decision Memorandum

- I. Summary
- II. List of Comments
- III. Background
- IV. Scope of the Order
- V. Analysis of Comments
 - Comments Concerning Deacero*
 - Comment 1: Whether to Apply Total Adverse Inferences to Deacero
 - Comment 2: Treatment of Scrap Values Reported by Deacero
 - Comment 3: Treatment of Non-prime Merchandise Reported by Deacero
 - Comment 4: Treatment of Affiliated Electricity Purchases Reported by Deacero
 - Comment 5: Treatment of G&A and Interest Expense Ratios Reported by Deacero
 - Comment 6: Treatment of Reconciling Items Reported by Deacero
 - Comment 7: Treatment of Rebar Costs Relating to Non-Subject Merchandise
 - Comment 8: Inventory Adjustments
 - Comment 9: Method Used to Calculate Deacero's Final Margin
 - Comment 10: Sales Passing the Cohen's *d* Test Based on Time
 - Comment Concerning Grupo Simec*
 - Comment 11: Whether to Apply Adverse Facts Available to Grupo Simec
 - Comment 12: Whether to Adjust Grupo Simec's Reported Costs
 - Comment 13: Whether to Revise the Department's Collapsing Analysis
 - Comment 14: Clerical Errors
- VI. Recommendation

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

District Export Council Nomination Opportunity

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice of opportunity for appointment to serve as a District Export Council member.

SUMMARY: The Department of Commerce is currently seeking nominations of individuals for consideration for appointment by the Secretary of Commerce to serve as members of one of the 60 District Export Councils (DECs) nationwide. DECs are closely affiliated with the U.S. Export Assistance Centers (USEACs) of the U.S. and Foreign Commercial Service (US&FCS), and play a key role in the

planning and coordination of export activities in their communities.

DATES: Nominations for individuals to a DEC must be received by the local USEAC Director by 5:00 p.m. local time on July 28, 2017.

FOR FURTHER INFORMATION CONTACT:

Please contact the Director of your local USEAC for more information on DECs and the nomination process. You may identify your local USEAC by entering your zip code online at <http://export.gov/usoffices/index.asp>. For general program information, contact Laura Barmby, National DEC Liaison, US&FCS, at (202) 482-2675.

SUPPLEMENTARY INFORMATION: District Export Councils support the mission of US&FCS by facilitating the development of an effective local export assistance network, supporting the expansion of export opportunities for local U.S. companies, serving as a communication link between the business community and US&FCS, and assisting in coordinating the activities of trade assistance partners to leverage available resources. Individuals appointed to a DEC become part of a select corps of trade experts dedicated to providing international trade leadership and guidance to the local business community and assistance to the Department of Commerce on export development issues.

Nomination Process: Each DEC has a maximum membership of 35. Approximately half of the positions are open on each DEC for the four-year term that begins on January 1, 2018, and runs through December 31, 2021. All potential nominees must complete an online nomination form and consent to sharing of the information on that form with the DEC Executive Committee for its consideration, and consent, if appointed, to sharing of their contact information with other partners.

Eligibility and Appointment Criteria: Appointment is based upon an individual's international trade leadership in the local community, ability to influence the local environment for exporting, knowledge of day-to-day international operations, interest in export development, and willingness and ability to devote time to DEC activities. Members must be employed as exporters or export service providers or in a profession which supports U.S. export promotion efforts. Members include exporters, export service providers and others whose profession supports U.S. export promotion efforts. DEC member appointments are made without regard to political affiliation. DEC membership is open to U.S. citizens and permanent

residents of the United States. As representatives of the local exporting community, DEC Members must reside in, or conduct the majority of their work in, the territory that the DEC covers. DEC membership is not open to federal government employees, or individuals representing foreign governments, including individuals registered with the Department of Justice under the Foreign Agents Registration Act.

Selection Process: Nominations of individuals who have applied for DEC membership will be forwarded to the local USEAC Director for the respective DEC for that Director's consideration. The local USEAC Director ensures that all nominees meet the membership criteria outlined below. The local USEAC Director then, in consultation with the local DEC Executive Committee, evaluates all nominations to determine their interest, commitment, and qualifications. In reviewing nominations, the local USEAC Director strives to ensure a balance among exporters from a manufacturing or service industry and export service providers. A fair representation should be considered from companies and organizations that support exporters, representatives of local and state government, and trade organizations and associations. Membership should reflect the diversity of the local business community, encompass a broad range of businesses and industry sectors, and be distributed geographically across the DEC service area.

For current DEC members seeking reappointment, the local USEAC Director, in consultation with the DEC Executive Committee, also carefully considers the nominee's activity level during the previous term and demonstrated ability to work cooperatively and effectively with other DEC members and US&FCS staff. As appointees of the Secretary of Commerce in high-profile positions, though volunteers, DEC Members are expected to actively participate in the DEC and support the work of local US&FCS offices. Those that do not support the work of the office or do not actively participate in DEC activities will not be considered for re-nomination.

The Executive Secretary determines which nominees to forward to the US&FCS Office of U.S. Operations for further consideration for recommendation to the Secretary of Commerce in consultation with the local DEC Executive Committee. A candidate's background and character are pertinent to determining suitability and eligibility for DEC membership. Since DEC appointments are made by

the Secretary, the Department must make a suitability determination for all DEC nominees. After completion of a vetting process, the Secretary selects nominees for appointment to local DEC's. DEC members are appointed by and serve at the pleasure of the Secretary of Commerce.

Authority: 15 U.S.C. 1512, 15 U.S.C. 4721.

Dated: June 6, 2017.

Laura Barmby,

District Export Council Program Manager.

RIN 0648-XF475

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application from the Coonamessett Farm Foundation to conduct a scallop survey contains all of the required information and warrants further consideration.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notice intended to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

DATES: Comments must be received on or before June 29, 2017.

ADDRESSES: You may submit written comments by any of the following methods:

- *Email:* nmfs.gar.efp@noaa.gov. Include in the subject line "CFF NGOM Survey EFP."

- *Mail:* John K. Bullard, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on CFF NGOM Survey EFP."

FOR FURTHER INFORMATION CONTACT:

Shannah Jaburek, Fisheries Management Specialist, 978-282-8456.

SUPPLEMENTARY INFORMATION: The Coonamessett Farm Foundation submitted a complete application on May 23, 2017, to conduct an optical and dredge survey in the Northern Gulf of Maine (NGOM) Scallop Management Area. The project titled "An Optical Assessment of Sea Scallop Abundance and Distribution in Select Areas of the Northern Gulf of Maine Scallop Management Area" would be funded through the Scallop Research Set-Aside Program. The primary survey instrument would be the HabCam imaging system, consisting of a camera that continuously takes photos and a side scanning sonar, that would be towed approximately 2.5 meters above the ocean floor. A scallop survey dredge would also be deployed to enable collection of biological information. The vessel would be exempt from the Atlantic sea scallop days-at-sea (DAS) allocations at 50 CFR 648.53(b); NGOM management program requirements at § 648.62; crew size restrictions at § 648.51(c); dredge gear restrictions at § 648.51(b); and observer program requirements at § 648.11(g). The vessel would also be temporarily exempt from possession limits and minimum size requirements specified in 50 CFR part 648, subparts B and D through O, for biological sampling purposes only. These exemptions would support an abundance survey of the NGOM Scallop Management Area.

The primary survey instrument will be the HabCam imaging system, but a scallop survey dredge would be deployed to enable collection of biological information. One vessel would conduct the survey in early July 2017 over the course of four days-at-sea. Researchers would conduct 3 dredge tows per day for a maximum of 12 tows using the NMFS survey dredge. The survey dredge is 8 feet (2.4 m) in width equipped with 2-inch (5.1-cm) rings, 4-inch (10.2-cm) diamond twine top, and a 1.5-inch (3.8-cm) diamond mesh liner. All tows would be conducted at speeds between 4.8 to 5.1 knots (2.5 to 2.6 m/s) for 10-15 minutes. The dredge tow locations would be determined during the optical survey using the HabCam system based on scallop abundance. This survey would provide scallop biomass estimates that would support scallop resource management in the NGOM Management Area. The survey will occur in parts of Stellwagen Bank and Jeffrey's Ledge that are open to commercial scallop fishing. No dredge tows will occur in a habitat closed area.

In addition to collecting Habcam image data, scientific personnel will record detailed catch information on scallops, finfish, and invertebrates from

dredge tows. No fish or scallops will be retained for commercial purposes, but frozen samples of scallop meats may be retained. All bycatch would be returned to the sea as soon as practicable following data collection. These exemptions will allow CFF to conduct experimental dredge towing without being charged DAS, as well as deploy gear that is not consistent with current scallop regulations. Participating vessels need crew size waivers to accommodate science personnel. Exemption from possession limit and minimum sizes would ensure the vessel is not in conflict with possession regulations while collecting catch data. The project would also be exempt from the sea scallop observer program requirements because activities conducted on the trip are not consistent with normal fishing operations.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 9, 2017.

Margo B. Schulze-Haugen,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
