

other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review

Issuance of EA: August 18, 2017.

90-day Federal Authorization

Decision Deadline: November 16, 2017.

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Southern would upgrade and construct certain compression and pipeline facilities in Fayetteville and Fulton Counties, Georgia (including installing a new 4.9-mile-long 30-inch-diameter Fairburn Lateral and the new 18,000-horsepower electric Fairburn Compressor Station); and Clayton and Cobb Counties Georgia.

Background

On March 20, 2017, the Commission issued a *Notice of Intent To Prepare an Environmental Assessment for the Proposed Fairburn Expansion Project and Request for Comments on Environmental Issues* (NOI). The NOI was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the NOI, the Commission received comments from the U.S. Environmental Protection Agency (EPA) and five landowners. The primary issues raised by the commentors are safety and residential impacts during construction, and operational safety in association with electric power line collocation.

The EPA and the U.S. Army Corps of Engineers are cooperating agencies in the preparation of the EA.

Abstract: The information is collected from applicants/recipients of EPA assistance to monitor adherence to the programmatic and administrative requirements of the Agency's financial assistance program. It is used to make awards, pay recipients, and collect information on how Federal funds are being spent. EPA needs this information to meet its Federal stewardship responsibilities. This ICR renewal requests authorization for the collection of information under EPA's General Regulation for Assistance Programs, which establishes minimum management requirements for all recipients of EPA grants or cooperative agreements (assistance agreements). Recipients must respond to these

information requests to obtain and/or retain a benefit (Federal funds). For awards made prior to December 26, 2014, 40 CFR part 30, "Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations," establishes the management requirements for institutions of higher education, hospitals, and other non-profit organizations, as well as procurement requirements for non-governmental recipients. For awards made prior to December 26, 2014, 40 CFR part 31, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," includes the management requirements for States, local governments, and Indian Tribal governments. These regulations include only those provisions mandated by statute, required by Office of Management and Budget (OMB) Circulars, or added by EPA to ensure sound and effective financial assistance management. For awards made on or after December 26, 2014, 2 CFR 200 and EPA's implementation of 2 CFR 200 at 2 CFR 1500 "Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards" establishes the management requirements for all entity types. 40 CFR part 35 outlines policies and procedures for assistance agreements to State, interstate, and local agencies and Indian Tribes and Intertribal Consortia for pollution abatement and control programs (listed in Subparts A and B). The information required by these regulations will be used by EPA award officials to make assistance awards and assistance payments and to verify that the recipient is using Federal funds appropriately.
