Abstract of proposed collection: The Birth Affidavit is submitted in conjunction with an application for a U.S. passport, and is used by Passport Services to collect information for the purpose of establishing the U.S. nationality of a passport applicant who has not submitted an acceptable birth certificate with his/her passport application. The Secretary of State is authorized to issue U.S. passports under 22 U.S.C. 211a et seq, 8 U.S.C. 1104, and Executive Order 11295 (August 5, 1966). Pursuant to 22 U.S.C. 212 and 22 CFR 51.2, only U.S. nationals may be issued a U.S. passport. Most passport applicants show U.S. nationality by

providing a birth certificate, filed within a year of their birth, showing the applicant was born in the United States or outlying possession. Some applicants, however, may have been born in the United States or outlying possession, but were never issued a birth certificate, or have a late filed birth certificate. Form DS-10 is a form affidavit for completion by a witness to the birth of such an applicant; it collects information relevant to establishing the identity of the affiant, and the birth circumstances of the passport applicant. If credible, the affidavit may permit the applicant to show U.S. nationality based on the applicant's birth in the United States or outlying possession, despite never having been issued a birth certificate or possessing a late filed birth certificate. We use the information collected on the person completing the affidavit to confirm that individual's identity, which is relevant to confirming his or her relationship to the applicant and the likelihood that the affiant has actual knowledge of the circumstances of the applicant's birth.

Methodology: When needed, a Birth Affidavit is completed at the time a person applies for a U.S. passport.

Brenda S. Sprague,

Deputy Assistant Secretary for Passport Services, Bureau of Consular Affairs, Department of State.
