[Docket No. MARAD-2017-0125]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel GONE FISHIN; Invitation for Public Comments

AGENCY: Maritime Administration, DOT.
ACTION: Notice.

SUMMARY: The Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before August 16, 2017.

ADDRESSES: Comments should refer to docket number MARAD-2017-0125. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Bianca Carr, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE., Room W23-453, Washington, DC 20590. Telephone 202-366-9309, Email Bianca.carr@dot.gov.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel GONE FISHIN is:

- Intended Commercial Use of Vessel: “6 person or less passenger vessel”
- Geographic Region: “Wisconsin”

The complete application is given in DOT docket MARAD-2017-0125 at <http://www.regulations.gov>. Interested

parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD’s regulations at 46 CFR part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter’s interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD’s regulations at 46 CFR part 388.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT/MARAD solicits comments from the public to better inform its rulemaking process. DOT/MARAD posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. In order to facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves, all timely comments will be fully considered. If you wish to provide comments containing proprietary or confidential information, please contact the agency for alternate submission instructions.

SUPPLEMENTARY INFORMATION:

OMB Control Number: None.

Title: Crash Risk Associated with Drug and Alcohol Use by Drivers in Fatal and Serious Injury Crashes.

Form No.:

Type of Review: Regular.

Respondents: Participants will include seriously or fatally injured crash-involved drivers ($n = 2,500$) and matched non-crash-involved drivers ($n = 5,000$). Crash-involved drivers will include seriously injured drivers who are transported to a trauma center by emergency medical services and fatally injured drivers who are transported directly to the medical examiner's office. Sampling will occur at three trauma centers and within the roadway catchment area served by the trauma center(s). Non-crash-involved drivers will be matched to injured drivers on crash day of the week, crash time of day, and crash direction of travel.

Estimated Time per Participant:

Surveys will be administered to injured patients capable of responding and control participants to collect demographic information, trip information, self-reported drug/alcohol use, and opinions about driving while using alcohol/drugs. Control participants will also be asked to provide a preliminary breath test (PBT) sample. The expected average completion time for the survey, and PBT sample for controls, is 10 minutes. Data collection will include biological samples (*i.e.*, blood) provided by both crash-involved and non-crash-involved drivers. Collection of the biological sample is expected to take approximately 10 minutes for control participants and less than 1 minute for seriously/fatally injured drivers. The

total estimated time per participant is approximately 20 minutes.

Total Estimated Annual Burden

Hours: 1,250 hours per year; for a total of 2,500 across two years.

Frequency of Collection: Each participant will only respond to the survey and biological sample requests a single time during the study period.

Abstract: The National Highway Traffic Safety Administration (NHTSA) seeks to examine the risk of being severely injured in a motor vehicle crash when drivers use licit and illicit drugs. This effort will involve studying seriously or fatally injured drivers in crashes and matched non-crash-involved drivers. Participants will include seriously injured drivers who are transported to a trauma center by emergency medical services and fatally injured drivers transported directly to the medical examiner's office. This study will employ a case-control design that matches two drivers not involved in a crash for every crash-involved driver. Control drivers will be selected at or near the location of the crash where a driver was seriously injured or killed. Researchers will match control drivers on crash day of the week, crash time of day, and crash direction of travel. Data collection will include a biological sample (*i.e.*, blood) from both crash-involved and control drivers. Collection of samples from seriously injured drivers will be subject to State and Trauma Center policies regarding collection of fluid samples for research purposes. Samples from fatally injured drivers will be collected in accord with State, Trauma Center, and/or coroner/medical examiner policies. Self-report surveys will be administered to injured patients capable of responding and control participants to collect demographic information, reason for driving trip, self-reported drug/alcohol use, and opinions about driving while using alcohol/drugs. In the event a seriously injured driver is unconscious, the researcher will, if the driver is capable of responding, return later to collect the information. All participating control drivers will be asked to respond to the survey items, provide a preliminary breath test sample, and provide a biological sample.

Description of the Need for the Information and Proposed Use of the Information: NHTSA's mission is to save lives, prevent injuries and reduce traffic-related health care and other economic costs. The agency develops, promotes and implements educational, engineering and enforcement programs with the goal of ending preventable tragedies and reducing economic costs associated with vehicle use and
