Policy Justification

Saudi Arabia—Blanket Order Training

The Government of Saudi Arabia requested a possible sale of continued blanket order training program inside and outside of the Kingdom of Saudi Arabia that includes, but is not limited to, flight training, technical training, professional military education, specialized training, mobile training teams (MTTs), and English language training. These blanket order training cases cover all relevant types of training offered by or contracted through the U.S. Air Force or Department of Defense (DoD) Agencies, to include participation in CONUS DOD-sponsored education, as well as MTTs that will travel to Saudi Arabia. This training for the Royal Saudi Air Force (RSAF) and other Saudi forces will include such subjects as civilian casualty avoidance, the law of armed conflict, human rights command and control, and targeting via MTTs and/or broader Programs of Instruction (POIs). Program management, trainers, simulators, travel, billeting, and medical support may also be included. The estimated program cost is \$750 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of an important partner which has been and continues to be a leading contributor of political stability and economic progress in the Middle East.

This training would support the United States' continued commitment to

Saudi Arabia's security and strengthen the U.S.-Saudi Arabia strategic partnership. Assisting the RSAF supports Saudi Arabia in deterring hostile actions and increases U.S.-Saudi Arabia military interoperability. It also helps their ability to work with coalition partners during training, exercises, and operations. Saudi Arabia will have no difficulty absorbing this training and support.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Saudi Arabia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles/services have been approved for release.
