

Coast Guard has published the 60-day notice (82 FR 10375, February 10, 2017) required by 44 U.S.C. 3506(c)(2). That Notice elicited no comments. Accordingly, no changes have been made to the Collections.

Information Collection Request

Title: National Response Resource Inventory.

OMB Control Number: 1625-0102.

Summary: The information is needed to improve the effectiveness of deploying response equipment in the event of an oil spill. It may also be used in the development of contingency plans.

Need: Section 4202 of the Oil Pollution Act of 1990 (Pub. L. 101-380) requires the Coast Guard to compile and maintain a comprehensive list of spill removal equipment in a response resource inventory (RRI). This collection helps fulfill that requirement.

Forms: None.

Respondents: Oil spill removal organizations.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has decreased from 1,752 hours to 1,378 hours a year. The change in burden is due to a change in the methodology for calculating burden. In past ICRs we did not differentiate between the industry hour burden for inputting a new RRI submission or updating an existing RRI submission. In this ICR, we estimate that it takes fewer hours (*i.e.*, 50 percent fewer hours) to review/update an existing RRI submission than to input a new submission.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.

Dated: August 4, 2017.

Marilyn L. Scott-Perez,

Chief, U.S. Coast Guard, Office of Information Management.

BILLING CODE 9110-04-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1048]

Certain Intravascular Administration Sets and Components Thereof; Issuance of a Limited Exclusion Order Against the Respondent Found in Default; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade

Commission has issued a limited exclusion order against certain intravascular administration sets and components thereof of Yangzhou WeiDeLi Trade Co., Ltd. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT:

Michael Liberman, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-3115. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <https://www.usitc.gov>.

The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337"), on April 12, 2017, based on a complaint filed by Curlin Medical Inc. of East Aurora, New York; ZEVEEX, Inc. of Salt Lake City, Utah; and Moog Inc. of East Aurora, New York (collectively, "Complainants") (82 FR 17690, April 12, 2017). The complaint alleges a violation of section 337 by reason of infringement of certain claims of U.S. Patent Nos. 6,164,921 ("the '921 patent") and 6,371,732 ("the '732 patent"). The complaint named Yangzhou WeiDeLi Trade Co., Ltd. of Yangzhou, China ("Yangzhou" or "Respondent") as the only respondent in this investigation. The Commission's Office of Unfair Import Investigations was named as a party.

On May 23, 2017, the ALJ ordered Yangzhou to show cause why it should not be found in default. *See* Order No. 5. No response to Order No. 5 was filed. On June 13, 2017, the ALJ issued an initial determination finding Yangzhou in default under Commission Rule 210.16(a)(1) (19 CFR 210.16(a)(1)). *See* Order No. 6.

The Commission requested briefing from the parties and the public on the issues of remedy, the public interest, and bonding. The Commission received timely responsive and reply

submissions from Complainants and the Commission Investigative Attorney. The submissions agreed that the appropriate remedy is the entry of a limited exclusion order ("LEO") against Yangzhou, that the public interest factors do not weigh against granting such a remedy, and that bonding should be set at 100 percent of the entered value of the infringing products.

The Commission has determined that the appropriate form of relief in this investigation is a LEO prohibiting the unlicensed entry of intravascular administration sets and components thereof that are covered by one or more of claims 1-3 of the '732 patent and claims 1-34 of the '921 patent and that are manufactured abroad by or on behalf of, or imported by or on behalf of, Respondent Yangzhou. The Commission has further determined that the public interest factors enumerated in section 337(g)(1) (19 U.S.C. 1337(g)(1)) do not preclude the issuance of the LEO. Finally, the Commission has determined that the bond for importation during the period of Presidential review shall be in the amount of 100 percent of the entered value of the imported subject articles of Respondent Yangzhou. The Commission's order was delivered to the President and the United States Trade Representative on the day of its issuance.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: August 4, 2017.

Lisa R. Barton,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-388, 389, and 391 and 731-TA-817, 818, and 821 (Third Review)]

Cut-to-Length Carbon Steel Plate From India, Indonesia, and Korea; Scheduling of Full Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of full reviews pursuant to the Tariff Act of 1930 ("the Act") to determine whether revocation

of the antidumping duty and countervailing duty orders on cut-to-length carbon steel plate from India, Indonesia, and Korea would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. The Commission has determined to exercise its authority to extend the review period by up to 90 days.

DATES: August 4, 2017.

FOR FURTHER INFORMATION CONTACT:

Carolyn Carlson ((202) 205–3002), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background—On March 6, 2017, the Commission determined that responses to its notice of institution of the subject five-year reviews were such that full reviews should proceed (82 FR 14030, March 16, 2017); accordingly, full reviews are being scheduled pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)). A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements are available from the Office of the Secretary and at the Commission's Web site.

Participation in the reviews and public service list—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in these reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, by 45 days after publication of this notice. A party that filed a notice of appearance following publication of the Commission's notice of institution of the reviews need not file an additional notice of appearance. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made by 45 days after publication of this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the reviews. A party granted access to BPI following publication of the Commission's notice of institution of the reviews need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report—The prehearing staff report in the reviews will be placed in the nonpublic record on December 4, 2017, and a public version will be issued thereafter, pursuant to section 207.64 of the Commission's rules.

Hearing—The Commission will hold a hearing in connection with the reviews beginning at 9:30 a.m. on Thursday, December 20, 2017, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before December 14, 2017. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should participate in a prehearing conference to be held on December 18, 2017, if deemed necessary. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), 207.24, and 207.66 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions—Each party to the reviews may submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.65 of the Commission's rules; the deadline for filing is December 12, 2017. Parties may also file

written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.67 of the Commission's rules. The deadline for filing posthearing briefs is January 4, 2018. In addition, any person who has not entered an appearance as a party to the reviews may submit a written statement of information pertinent to the subject of the reviews on or before January 4, 2018. On January 24, 2018, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before January 26, 2018, but such final comments must not contain new factual information and must otherwise comply with section 207.68 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's Handbook on E-Filing, available on the Commission's Web site at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

The Commission has determined that these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Issued: August 7, 2017.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2010-0026]

Standard on the Mechanical Power Presses; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits comments concerning its proposal to extend OMB approval of the information collection requirements specified in the Mechanical Power Presses Standard for General Industry.

DATES: Comments must be submitted (postmarked, sent, or received) by October 10, 2017.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2010-0026, Occupational Safety and Health Administration, U.S. Department of Labor, N-3653, 200 Constitution Avenue NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 10:00 a.m. to 3:00 p.m., e.t.

Instructions: All submissions must include the Agency name and OSHA docket number for the Information Collection Request (ICR) (OSHA-2010-0026). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>.

For further information on submitting comments, see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You may contact Theda Kenney at the address below to obtain a copy of the ICR.

FOR FURTHER INFORMATION CONTACT:

Theda Kenney or Todd Owen, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Room N-3609, 200 Constitution Avenue NW., Washington, DC 20210; telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657).

The collection of information contained in the Mechanical Power Presses Standard for General Industry are necessary to reduce workers' risk of death or serious injury by ensuring that employers maintain the mechanical power presses used by the workers in safe operating condition.

The following sections describe who uses the information collected under

each requirement, as well as how they use it.

Section 1910.217(e)(1)(i)

Paragraph (e)(1)(i) requires employers to establish and follow a program of periodic and regular inspections of power presses to ensure that all their parts, auxiliary equipment, and safeguards are in safe operating condition and adjustment. Employers must maintain a certification record of inspections that includes the date of inspection, the signature of the person who performed the inspection, and the serial number, or other identifiers, of the power press that was inspected.

Section 1910.217(e)(1)(ii)

Paragraph (e)(1)(ii) requires employers to inspect and test each press no less than weekly to determine the condition of the clutch/brake mechanism, antirepeat feature, and single-stroke mechanism. Employers must perform and complete necessary maintenance or repair or both before the press is operated. In addition, employers must maintain a record of inspections, tests, and maintenance work. The record must include the date of the inspection, test, or maintenance; the signature of the person who performed the inspection, test, or maintenance; and the serial number, or other identifiers, of the press that was inspected, tested, or maintained.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend its approval of the information collection requirements specified in the Standard on Mechanical Power Presses (29 CFR 1910.217(e)(1)). The Agency is requesting a slight burden hour adjustment decrease of 124 hours from 38,091 hours to 37,967 hours. The 124 burden hour reduction is a result of
