The questionnaires will be administered via the Internet and invitations to participate in the questionnaire will be distributed via email.

This information, once compiled, will allow the FHWA to better understand the existing capabilities that agencies across the country have in support of the planning process and the readiness they possess to handle new and ongoing challenges. As a result of the collected information, FHWA will focus its efforts and resources on providing targeted and meaningful support for planning and readiness nationwide. Additionally, FHWA will ensure that excellent planning practices are identified will be shared broadly across the country.
