Human Studies Review Board Advisory Committee; Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates with expertise in the area of bioethics and statistics to be considered for appointment to its Human Studies Review Board (HSRB) federal advisory committee. HSRB vacancies will be filled in the fall of 2017. In addition to this **Federal Register** notice, additional sources of nominations may be used to obtain a balanced committee.

DATES: Submit nominations by October 16, 2017.

ADDRESSES: Submit your nominations by using any of the following methods:

Email: Submit nominations electronically using the subject line: “HSRB Membership 2017” to ofarrell.thomas@epa.gov.

USPS Mail: Human Studies Review Board, DFO, Environmental Protection Agency, Mail code: 8105R, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

Hand or Courier Delivery: Human Studies Review Board, DFO, Room 41249, EPA, Ronald Reagan Building, 1300 Pennsylvania Avenue NW., MC8105R, Washington, DC 20004. Deliveries are accepted from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. Special arrangements should be made for deliveries of boxed information.

FOR FURTHER INFORMATION CONTACT:

Thomas O’Farrell, Office of the Science Advisor, Mail Code 8105R, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 564–8451, fax number: (202) 564–2070, email: ofarrell.thomas@epa.gov.

SUPPLEMENTARY INFORMATION:

Background

On February 6, 2006, the Agency published a final rule for the protection of human subjects in research (71 FR 24 6138) that called for creating a new, independent human studies review board (*i.e.*, HSRB). The HSRB is a federal advisory committee operating in accordance with the Federal Advisory Committee Act (FACA) 5 U.S.C. App. 2 section 9 (Pub. L. 92–463). The HSRB provides advice, information, and recommendations to EPA on issues related to scientific and ethical aspects of human subjects research. The major objectives of the HSRB are to provide advice and recommendations on: (1) Research proposals and protocols that include human subjects; (2) reports of completed research with human subjects; and (3) how to strengthen EPA’s programs for protection of human subjects of research. Typically, the HSRB reviews protocols and completed studies involving pesticide studies, such as worker exposure studies with agricultural handlers applying pesticides in field conditions; janitorial maintenance personnel applying antimicrobial pesticides in commercial settings; and field efficacy studies for skin applied insect repellent products. The HSRB reports to the EPA Administrator through EPA’s Science Advisor. General information

concerning the HSRB, including its charter, current membership, and activities can be found on the EPA Web site at <https://www.epa.gov/osa/human-studies-review-board>.

HSRB members serve as special government employees or regular government employees. Members are appointed by the EPA Administrator for either two or three year terms with the possibility of reappointment for additional terms, with a maximum of six years of service. The HSRB convenes up to four times a year, with most of the meetings being virtual. The average workload for HSRB members is approximately 20 hours per meeting, including the time spent at the meeting. Responsibilities of HSRB members include reviewing extensive background materials prior to meetings of the Board, preparing draft responses to Agency charge questions, attending Board meetings, participating in the discussion and deliberations at these meetings, drafting assigned sections of meeting reports, and assisting with the finalization of HSRB reports. EPA compensates special government employees for their time and provides reimbursement for travel and other incidental expenses associated with official government business related to the HSRB meetings. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups, as well as from a variety of backgrounds (*e.g.*, industry, non-profit organizations, academia, and government).

Candidates not selected for HSRB membership at this time may be considered for HSRB membership as vacancies arise in the future or for service as consultants to the HSRB.

Members of the HSRB are subject to the provisions of 5 CFR part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR part 6401. In anticipation of this requirement, each nominee will be asked to submit confidential financial information that fully discloses, among other financial interests, the candidate’s employment, stocks and bonds, and where applicable, sources of research support. The information provided is strictly confidential and will not be disclosed to the public. Before a candidate is considered further for service on the HSRB, EPA will evaluate each candidate to assess whether there is any conflict of financial interest, appearance of a lack of impartiality, or prior involvement with matters likely to be reviewed by the Board.

Nominations will be evaluated on the basis of several criteria, including: The professional background, expertise, and experience that would contribute to the diversity of perspectives of the committee; interpersonal, oral, and written communication skills and other attributes that would contribute to the HSRB's collaborative process; consensus building skills; absence of any financial conflicts of interest or the appearance of a lack of impartiality, or lack of independence, or bias; and the availability to participate in meetings and administrative sessions, participate in teleconferences, develop policy recommendations to the Administrator, and prepare recommendations and advice in reports.

Nominations should include a resume or curriculum vitae providing the nominee's educational background, qualifications, leadership positions in national associations or professional societies, relevant research experience and publications along with a short (one page) biography describing how the nominee meets the above criteria and other information that may be helpful in evaluating the nomination, as well as the nominee's current business address, email address, and daytime telephone number. Interested candidates may self-nominate.

To help the Agency in evaluating the effectiveness of its outreach efforts, nominees are requested to inform the Agency of how you learned of this opportunity.

Final selection of HSRB members is a discretionary function of the Agency and will be announced on the HSRB Web site at <https://www.epa.gov/osa/human-studies-review-board> as soon as selections are made.

Dated: August 24, 2017.

Robert Kavlock,

EPA Science Advisor.

Notice of Final Agency Action To Issue a Prevention of Significant Deterioration Non-Applicability Determination for Tesoro Refining and Marketing for Further Integration of Its Carson and Wilmington Facilities

AGENCY: Region 9, United States Environmental Protection Agency (EPA).

ACTION: Notice of final agency action.

SUMMARY: This notice announces that the EPA issued a final agency action for a Clean Air Act Prevention of Significant Deterioration (PSD) Non-Applicability Determination to Tesoro

Refining & Marketing Company LLC (Tesoro) for further integration of its Carson and Wilmington facilities in California's South Coast Air Basin. Tesoro has termed its construction project the Los Angeles Refinery Integration and Compliance (LARIC) Project. Tesoro intends to shut down certain units, modify other units and construct new units to facilitate physically connecting the two refineries to improve efficiency and comply with EPA's Tier 3 Gasoline regulations. In its Non-Applicability Determination, the EPA determined that the LARIC Project is a not a major PSD modification.

DATES: The PSD Non-Applicability Determination issued on June 20, 2017 was a final agency action. Pursuant to section 307(b)(1) of the Clean Air Act, 42 U.S.C. 7607(b)(1), judicial review of this final agency action may be sought by filing a petition for review in the United States Court of Appeals for the Ninth Circuit within 60 days of September 15, 2017.

ADDRESSES: Copies of documents relevant to the above-referenced action are available electronically at the following Web site: <https://www.epa.gov/caa-permitting/tesoro-los-angeles-refinery-integration-and-compliance-project>. See **FOR FURTHER INFORMATION CONTACT** to arrange for viewing of these documents.

FOR FURTHER INFORMATION CONTACT: La Weeda Ward, Permits Office (Air-3), U.S. Environmental Protection Agency, Region 9, (213) 244-1812, ward.laweeda@epa.gov.

NOTICE OF FINAL ACTION: On June 20, 2017, EPA notified Tesoro that based on our review of its PSD Non-Applicability Analysis, the LARIC Project is not a major modification that requires a PSD permit under 40 CFR 52.21.

Dated: August 24, 2017.

Elizabeth J. Adams,

Acting Director, Air Division, Region IX.
