National Institutes of Health

Submission for OMB Review; 30-Day Comment Request, The National Institute of Mental Health Data Archive (NDA), National Institute of Mental Health

AGENCY: National Institutes of Health.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on July 11, 2017, and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

ADDRESSES: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: Desk Officer for NIH.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Melba Rojas, NIMH Project Clearance Liaison, Science Policy and Evaluation Branch, Office of Science Policy, Planning and Communications, NIMH, Neuroscience Center, 6001 Executive Boulevard, MSC 9667, Bethesda, Maryland 20892, call 301-443-4335, or email your request, including your mailing address, to nimhprapubliccomments@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: The National Institute of Mental Health (NIMH), National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it

displays a currently valid OMB control number.

In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

Proposed Collection: The National Institute of Mental Health Data Archive (NDA), REVISION, OMB Control Number 0925–0667, National Institute of Mental Health (NIMH), National Institutes of Health (NIH).

Need and Use of Information Collection: This REVISION request seeks approval of updates to the previously approved National Database for Autism Research Data Access Request and Data Use Certification, to include additional terms/options for data submission and access to meet the

needs of the expanding resource, and to change the repository name to the NIMH Data Archive (NDA). The NDA, formerly known as the National Database for Autism Research (NDAR), is an infrastructure that allows for the submission and storage of human subjects data from researchers conducting studies related to many scientific domains, regardless of the source of funding. The NIH and NIMH developed this resource to allow for the public collection of information from: (1) Individuals who seek permission to access data from the NDA for the purpose of scientific investigation, scholarship or teaching, or other forms of research and research development, via the Data Use Certification (DUC), and (2) individuals who request permission to submit data to the NDA for the purpose of scientific investigation, scholarship or teaching, or other forms of research and research

development, via the Data Submission Agreement (DSA). The extensive information stored in the NDA continues to provide a rare and valuable scientific resource to the field, and plays an integral part in fulfilling research objectives in multiple scientific domains. The NIH and the NIMH seek to encourage use of the NDA by investigators in the field of multiple scientific research domains to achieve rapid scientific progress. In order to take full advantage of this resource and maximize its research value, it is important that data are made broadly available, on appropriate terms and conditions, to the largest possible number of investigators.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 1,500.

ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Type of respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hours
NDA Data Submission Agreement (DSA).	Researchers submitting data	250	1	90/60	375
NDA Data Use Certification (DUC) ...	Researchers requesting access to data.	750	1	90/60	1125
Total	1000	1000	1500

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

Waiver of Compliance With Navigation Laws; Hurricane Maria

AGENCY: Office of the Secretary, Department of Homeland Security.

ACTION: Notice.

Hurricane Maria struck Puerto Rico resulting in widespread damage to its infrastructure. In light of this devastation, the Department of Defense (DoD) has requested a 10-day waiver of the Jones Act in the interest of national defense, commencing immediately.

The Jones Act, 46 United States Code (U.S.C.) 55102, states “a vessel may not provide any part of the transportation of merchandise by water, or by land and water, between points in the United States to which the coastwise laws

apply, either directly or via a foreign port” unless the vessel was built in and documented under the laws of the United States and is wholly owned by persons who are citizens of the United States. Such a vessel, after obtaining a coastwise endorsement from the U.S. Coast Guard, is “coastwise-qualified.” The coastwise laws generally apply to points in the territorial sea, which is defined as the belt, three nautical miles wide, seaward of the territorial sea baseline, and to points located in internal waters, landward of the territorial sea baseline.

The navigation laws, including the coastwise laws, can be waived under the authority provided by 46 U.S.C. 501. The statute provides in relevant part, “On request of the Secretary of Defense, the head of an agency responsible for the administration of the navigation or vessel-inspection laws shall waive compliance with those laws to the extent the Secretary considers necessary in the interest of national defense.” 46 U.S.C. 501(a).

For the reasons stated above, and in light of the request from the Department of Defense, I am exercising my authority

to waive the Jones Act for a 10-day period, commencing immediately, to facilitate movement of all products to be shipped from U.S. coastwise points to Puerto Rico. This waiver applies to covered merchandise loaded on board a vessel within the 10-day period of the waiver and delivered by October 18, 2017. Carriers or shippers who conduct transportation pursuant to this waiver should provide notice of the vessel, dates of embarkation and disembarkation, type and quantity of cargo, and port of embarkation to JonesActWaiverRequest@cbp.dhs.gov.

Executed this 28th day of September, 2017.

Elaine C. Duke,

Acting Secretary of Homeland Security.
