Assessment Rates

Consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

As a result of Toscelik's exclusion from the CVD order on OCTG from Turkey, the Department will instruct CBP to terminate the suspension of liquidation of entries of subject merchandise where Toscelik acted as both the producer and exporter during the period January 1, 2015, through December 31, 2015, and to liquidate, without regard to countervailing duties, all entries of OCTG produced and exported by Toscelik currently suspended. Entries of subject merchandise exported to the United States by any other producer and exporter combination involving Toscelik are not entitled to this exclusion from suspension of liquidation and are subject to the cash deposit rate for the "all others" entity. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice in the **Federal Register**.

Cash Deposit Requirements

In accordance with section 751(a)(2)(C) of the Act, the Department intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount shown above for Borusan, should the final results of this administrative review remain the same as these preliminary results; if the rate is zero or *de minimis*, then zero cash deposit will be required. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most recent company specific or all-others rate applicable to the company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

We will disclose to parties in this review the calculations performed in reaching the preliminary results within

Circular Welded Carbon Steel Pipes and Tubes From Turkey: Final Results of Expedited Fourth Sunset Review of Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 1, 2017, the Department of Commerce (the Department) initiated a sunset review of the countervailing duty (CVD) order on circular welded carbon steel pipes and tubes (steel pipes and tubes) from Turkey pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). The Department has conducted an expedited sunset review of this order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of this sunset review, the Department finds that revocation of the CVD order is likely to lead to continuation or recurrence of a countervailable subsidy at the levels indicated in the "Final Results of Review" section of this notice.

DATES: Effective October 6, 2017.

FOR FURTHER INFORMATION CONTACT: Jolanta Lawska, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–8362.

SUPPLEMENTAL INFORMATION

Background

The CVD order on steel pipes and tubes from Turkey was published in the **Federal Register** on March 7, 1986.¹ On June 2, 2017, the Department initiated the fourth sunset review of this CVD order pursuant to section 751(c) of the Act.² On June 15, 2017, we received a notice of intent to participate on behalf of the following domestic interested

² See *Initiation of Five-Year Sunset Reviews*, 82 FR 25599 (June 2, 2017); see also *Initiation of Five-Year (Sunset) Review; Correction*, 82 FR 27690 (June 16, 2017).

parties: Bull Moose, Exltube, TMK IPSCO, and Zekelman Industries (hereinafter referred to as the domestic interested parties).³ The domestic interested parties claimed interested party status under section 771(9)(C) of the Act, as manufacturers, producers, or wholesalers in the United States of a domestic like product.⁴ On June 30, 2017, the domestic interested parties submitted their substantive response.⁵ On July 3, 2017, the Government of Turkey (GOT) submitted its substantive response in which it expressed its intent to participate in this review as the government of the country in which subject merchandise is produced and exported.⁶ On July 10, 2017, the domestic interested parties submitted rebuttal comments to the GOT Substantive Response.⁷

The Department did not receive any substantive responses from Turkish producers or exporters of the merchandise covered by this order. A government's response alone, normally, is not sufficient for the Department to conduct a full sunset review, unless the investigation was conducted on an aggregate basis.⁸ Because this investigation was conducted on a company-specific, rather than an aggregate, basis,⁹ we determined that no company respondent interested party submitted a substantive response, and

thus, conducted an expedited (120-day) sunset review of this order.¹⁰

Scope of the Order

The products covered by the order are certain welded carbon steel pipes and tubes with an outside diameter of 0.375 inch or more, but not over 16 inches, of any wall thickness (pipes and tubes) from Turkey. These products are currently provided for under the Harmonized Tariff Schedule of the United States (HTSUS) as item numbers 7306.30.10, 7306.30.50, and 7306.90.10. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum, which is dated concurrently with and adopted by this notice.¹¹ The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of a countervailable subsidy and the net countervailable subsidy likely to prevail if the *Order* were revoked. Parties can find a complete discussion of all issues raised in this expedited sunset review and the corresponding recommendations in this public memorandum, which is on file electronically via the Enforcement and Compliance Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Final Results of Review

As a result of this review, the Department determines that revocation of the CVD order would likely lead to continuation or recurrence of a countervailable subsidy at the rates listed below:

Producer/exporter	Net countervailable subsidy rate (percent)
Bant Boru Sanayi ve Ticaret A.S. (Bant Boru)	3.63
Borusan Group ¹²	1.41
Erbosan ¹³	3.63
Yucel Boru Group ¹⁴	1.57
All Others	3.63

Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing the final results of this review in accordance with sections 751(c), 752, and 777(i) of the Act.

Dated: October 2, 2017.

Deputy Assistant Secretary, for Antidumping and Countervailing Duty Operations performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
