

90.675, 90.676 and 90.677 will assist 800 MHz licensees in preventing or resolving interference and enable the Commission to implement its rebanding program. Under that program, certain licensees are being relocated to new frequencies in the 800 MHz band, with all rebanding costs paid by Sprint Nextel Corporation (Sprint). The Commission's overarching objective in this proceeding is to eliminate interference to public safety communications. The Commission's orders provided for the 800 MHz licensees in non-border areas to complete rebanding by June 26, 2008. This completion date was not met and the Commission orders also provide for rebanding to be completed in the areas along the U.S. borders with Canada and Mexico.

Federal Communications Commission.

Secretary.

SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to 49 U.S.C. 1155(a), the NTSB may impose a civil penalty up to \$1,000 on a person who violates 49 U.S.C. 1132 (prescribing the NTSB's general authority to investigate aircraft accidents); 1134(b) (governing NTSB inspection and testing of aircraft and property on an aircraft); 1134(f)(1) (permitting the NTSB to conduct or order autopsies); 1136(g) (prohibiting attorneys from sending unsolicited communications to victims of aircraft accidents or their family members).

The \$1,000 maximum civil penalty amount must be adjusted for inflation in several ways. First, the NTSB must publish a catch-up adjustment to account for the effect of inflation since the maximum amount was established by Congress. Federal Civil Penalties Inflation Adjustment Act of 1990, Public Law 101-410, 104 Stat. 890, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, Public Law 114-74, sec. 701, 129 Stat. 584 (codified at 28 U.S.C. 2461 note) (hereinafter "Inflation Adjustment Act").¹ Second, the NTSB must publish an annual inflationary adjustment no later than January 15th of each year, beginning in 2017. The Office of Management and Budget (OMB) has published guidance on the initial catch-up adjustment, OMB, M 16-06, *Implementation of the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015* (2016)

¹ The 2015 Act replaced inflation adjustment procedures established by the Debt Collection Improvement Act of 1996, Public Law 104-134, sec. 31001(s)(1), 110 Stat. 1321-373.

(hereinafter "OMB catch-up guidance"), and the 2017 yearly adjustment. OMB, M 17-11, *Implementation of the 2017 annual adjustment pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015* (2016) (hereinafter "OMB annual guidance"). This Interim Final Rule combines the NTSB's catch-up adjustment that was due by July 1, 2016, and the NTSB's 2017 annual inflation adjustment. See OMB annual guidance, *supra*, at 4 (stating that agencies can finalize their catch-up adjustments in the same rulemaking as their annual adjustments).

II. The Catch-Up Adjustment

A. The Catch-Up Adjustment Increases the NTSB's \$1,000 Maximum Penalty Amount to \$1,591

In order to complete the catch-up adjustment required by the Inflation Adjustment Act, the NTSB must first identify the year in which the \$1,000 maximum penalty amount was either (1) established by Congress, or (2) last adjusted by Congress or the agency through regulation, other than pursuant to the Inflation Adjustment Act, whichever is later. Next, the NTSB must modify the maximum penalty amount based on the percentage by which the Consumer Price Index for all Urban Consumers (CPI-U) for the month of October 2015, not seasonally adjusted, exceeds the CPI-U for the month of October for the calendar year when the penalty amount was established or last adjusted. 28 U.S.C. 2461 note, sec 4(a), 5(b)(2); OMB catch-up guidance, *supra*, at 3. The OMB catch-up guidance contains a table listing multipliers that can be used to adjust the maximum penalty amount based on the year the penalty was established or last adjusted (the "CPI-U Multiplier"). OMB catch-up guidance, *supra*, at 6. After applying this multiplier, the NTSB must round all penalty amounts to the nearest dollar. 28 U.S.C. 2461 note, sec. 5(a).

The \$1,000 maximum penalty amount was established in 1994, Public Law 103-272, sec. 1(d), 108 Stat. 745 (1994), and has not since been modified. 49 U.S.C. 1155(a). OMB's CPI-U Multiplier for 1994 is 1.59089. OMB catch-up guidance, *supra*, at 6. A maximum penalty amount of \$1,000 multiplied by 1.59089 equals \$1,590.89. Rounding to the nearest dollar equals \$1,591. This is less than a 150% increase, and therefore does not need to be reduced. 28 U.S.C. 2461 note, sec. 5(b)(2)(C); OMB catch-up guidance, *supra*, at 8.

B. The NTSB Will Not Seek an Adjustment Below the Otherwise Required Catch-Up Adjustment Amount

The Inflation Adjustment Act permits the NTSB to adjust the maximum civil penalty amount by less than the required amount if OMB concurs and the NTSB determines that the required adjustment will have a negative economic impact, or the social costs will outweigh the benefits. 28 U.S.C. 2461 note, sec. 4(c). The NTSB is not seeking an adjustment below the otherwise required amount. The required catch-up adjustment amount is sufficient to deter violations of the NTSB's statutes and regulations, and the NTSB does not perceive that a negative economic impact or social cost will result from the catch-up adjustment.

III. The Annual Adjustment

The maximum civil penalty amount established by the catch-up adjustment, \$1,591, must be adjusted annually for inflation by January 15th of each year, beginning in 2017. 28 U.S.C. 2461 note, sec. 4(b); OMB annual guidance, *supra*, at 1. The OMB annual guidance states that the CPI-U multiplier representing the increase from the October 2015 CPI-U to the October 2016 CPI-U is 1.01636. OMB annual guidance, *supra*, at 1. Multiplying \$1,591 times 1.01636 equals \$1617.02876. Rounding to the nearest dollar equals \$1,617.

The new maximum penalty amount applies only to civil penalties assessed after the effective date of this Interim Final Rule. The NTSB will next adjust this amount for inflation by January 15, 2018.

IV. Regulatory Analysis

The Inflation Adjustment Act requires the NTSB to complete its catch-up adjustment in an Interim Final Rule. 28 U.S.C. 2461 note, sec. 4(b)(1)(A). Similarly, the Act provides that annual adjustments shall be completed "notwithstanding [5 U.S.C. 553]". 28 U.S.C. 2461 note, sec. 4(b)(2).

This rule does not require an assessment of its potential costs and benefits under section 6(a)(3) of E.O. 12866, *Regulatory Planning and Review*, 58 FR 51735 (Sept. 30, 1993), because it is not a "significant regulatory action" under section 3(f) of that Order. Thus, the Office of Management and Budget has not reviewed this rule under E.O. 12866. Likewise, this rule does not require an analysis under the Unfunded Mandates Reform Act, 2 U.S.C. 1501-71, or the National Environmental Policy Act, 42 U.S.C. 4321-47.

The NTSB does not anticipate this rule will have a substantial, direct effect

on state or local governments or will preempt state law; as such, this rule does not have implications for federalism under E.O. 13132, *Federalism*, 64 FR 43255 (Aug. 4, 1999).

This rule also complies with all applicable standards in sections 3(a) and 3(b)(2) of E.O. 12988, *Civil Justice Reform*, 61 FR 4729 (Feb. 5, 1996), to minimize litigation, eliminate ambiguity, and reduce burden.

NTSB has evaluated this rule under: E.O. 12630, *Governmental Actions and Interference With Constitutionally Protected Property Rights*, 53 FR 8859 (Mar. 15, 1988); E.O. 13045, *Protection of Children From Environmental Health Risks and Safety Risks*, 62 FR 19885 (Apr. 21, 1997); E.O. 13175, *Consultation and Coordination With Indian Tribal Governments*, 65 FR 67249 (Nov. 6, 2000); E.O. 13211, *Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use*, 66 FR 28355 (May 18, 2001); and the National Technology Transfer and Advancement Act, Public Law 104-113, 110 Stat. 775, Mar. 7, 1996. The NTSB has concluded that this Interim Final Rule neither violates, nor requires further consideration under those Orders and statutes.

The NTSB invites comments relating to any of the foregoing determinations and notes the most helpful comments reference a specific portion of this Interim Final Rule, explain the reason for any recommended change, and include supporting data.

List of Subjects in 49 CFR Part 831

Aircraft accidents, Aircraft incidents, Aviation safety, Hazardous materials transportation, Highway safety, Investigations, Marine safety, Pipeline safety, Railroad safety.

Accordingly, for the reasons stated in the Preamble, the NTSB amends 49 CFR part 831 as follows:

PART 831—INVESTIGATION PROCEDURES

- 1. The authority citation for part 831 is revised to read as follows:

Authority: 49 U.S.C. 1113(f).

Section 831.15 also issued under Pub. L. 101-410, 104 Stat. 890, amended by Pub. L. 114-74, sec. 701, 129 Stat. 584 (28 U.S.C. 2461 note).

- 2. Add § 831.15 to read as follows:

§ 831.15 Civil penalties.

The NTSB is required by the Federal Civil Penalties Inflation Adjustment Act of 1990, Public Law 101-410, 104 Stat. 890, as amended by the Federal Civil Penalties Inflation Adjustment Act

Improvements Act of 2015, Public Law 114-74, sec. 701, 129 Stat. 584 (codified at 28 U.S.C. 2461 note) to adjust the maximum amount of each civil monetary penalty within its jurisdiction by the rate of inflation. Accordingly, for violations of 49 U.S.C. 1132, 1134(b), 1134(f)(1), or 1136(g), the NTSB may assess a civil penalty pursuant to 49 U.S.C. 1155(a) no greater than \$1,617 against any person, except a member of the armed forces of the United States or an employee of the Department of Defense subject to the Uniform Code of Military Justice, when the member or employee is performing official duties.

Robert L. Sumwalt III,
Chairman.

Fisheries of the Exclusive Economic Zone Off Alaska; Sculpins in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting retention of sculpins in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary because the 2017 sculpins initial total allowable catch (ITAC) in the BSAI has been reached.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), October 6, 2017, through 2400 hrs, A.l.t., December 31, 2017.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP
