

On September 21, 2004, the Commission released the *Safe Harbor Order* establishing a limited safe harbor in which callers will not be liable for placing autodialed and prerecorded message calls to numbers ported from a wireline service to a wireless service within the previous 15 days. The Commission also amended its existing National Do-Not-Call Registry safe harbor to require telemarketers to scrub their lists against the Registry every 31 days.

On June 17, 2008, in accordance with the Do-Not-Call Improvement Act of 2007, the Commission revised its rules to minimize the inconvenience to consumers of having to re-register their preferences not to receive telemarketing calls and to further the underlying goal of the National Do-Not-Call Registry to protect consumer privacy rights. The Commission released a *Report and Order* in CG Docket No. 02–278, FCC 08–147, amending the Commission’s rules under the TCPA to require sellers and/or telemarketers to honor registrations with the National Do-Not-Call Registry so that registrations would not automatically expire based on the then-current five year registration period. Specifically, the Commission modified § 64.1200(c)(2) of its rules to require sellers and/or telemarketers to honor numbers registered on the Registry indefinitely or until the number is removed by the database administrator or the registration is cancelled by the consumer.

On February 15, 2012, the Commission released a *Report and Order* in CG Docket No. 02–278, FCC 12–21, revising its rules to: (1) Require prior express written consent for all autodialed or prerecorded telemarketing calls to wireless numbers and for all prerecorded telemarketing calls to residential lines; (2) eliminate the established business relationship exception to the consent requirement for prerecorded telemarketing calls to residential lines; (3) require telemarketers to include an automated, interactive opt-out mechanism in all prerecorded telemarketing calls, to allow consumers more easily to opt out of future robocalls during a robocall itself; and (4) require telemarketers to comply with the 3% limit on abandoned calls during each calling campaign, in order to discourage intrusive calling campaigns. Finally, the Commission also exempted from the Telephone Consumer Protection Act requirements prerecorded calls to residential lines made by health care-related entities governed by the Health Insurance Portability and Accountability Act of 1996.

On August 11, 2016, the Commission released a *Report and Order* in CG Docket No. 02–278, FCC 16–99, adopting rules to implement the TCPA amendments Congress enacted in Section 301 of the Bipartisan Budget Act of 2015. The Commission adopted rules implementing the law’s exception from the prior express consent requirement for autodialed or prerecorded calls to wireless numbers “solely to collect a debt owed to or guaranteed by the United States,” and placing limits on the number and duration of autodialed or prerecorded calls to wireless numbers “to collect a debt owed or guaranteed by the United States.” Federal government callers and contractors making these calls on behalf of the federal government, without prior express consent of the called party, may call the person or persons responsible for paying the debt at one of three phone numbers specified in the rules, may call three times during a 30-day period, may call between 8:00 a.m. and 9:00 p.m. local time at the debtor’s location, may not call once the debtor requests that the calls cease, and must transfer the stop-call request to the new servicer if the debt servicer changes. Callers must notify debtors of their right to request that no further autodialed or prerecorded calls be made to the debtor for the life of the debt. Prerecorded calls may not exceed 60 seconds, excluding required disclosures and stop-calling instructions. Text messages are limited to 160 characters, including required disclosures, which may be sent in a separate text message. Calls may be made (1) once the debt is delinquent and, (2) if the debt is not yet delinquent, then after one of the following events and in the 30 days before one of the following events: The end of a grace, deferment, or forbearance period; expiration of an alternative payment arrangement; or occurrence of a similar time-sensitive event or deadline affecting the amount or timing of payments due.

Needs and Uses:

On October 29, 2013, in document FCC 13-138, *Report and Order and Further Notice of Proposed Rulemaking* (the *User Interfaces Accessibility Order*), MB Docket Nos. 12-108, 12-107,

published at 78 FR 77210, December 20, 2013, the Commission adopted rules implementing sections 204 and 205 of the CVAA related to making accessible the user interfaces, text menus and guides of digital apparatus designed to receive or play back video programming and navigation devices for the display or selection of multichannel video programming. On November 20, 2015, in document FCC 15-156, the Commission released a *Second Report and Order, Order on Reconsideration, and Second Further Notice of Proposed Rulemaking* (the *Second User Interfaces Accessibility Order*), MB Docket No. 12-108, published at 81 FR 5921, February 14, 2016, adopting additional rules to ensure that consumers are able to find out about what accessible devices and features are available from covered manufacturers and multichannel video programming distributors (MVPDs) and how to use such devices and features. Collectively, these rules are codified at 47 CFR 79.107-79.110.

Covered entities are required to comply with the rules and information collection requirements contained in the *User Interfaces Accessibility Order* and in the *Second User Interfaces Accessibility Order* beginning December 20, 2016.

The Commission is submitting this revised information collection to transfer certain information collection burdens associated with this OMB Control Number 3060-1203 to OMB Control Number 3060-0874. This transfer is being made because the Commission's online consumer complaint portal, which is part of the information collection contained in OMB Control Number 3060-0874, is being revised to enable consumers to file complaints related to the Commission's user interfaces accessibility requirements through the Commission's online complaint portal.

OMB Control Number: 3060-0874.

The Commission is in the process of updating the PIA to incorporate various revisions to it as a result of revisions to the SORN.

Needs and Uses: The Commission consolidated all of the FCC informal consumer complaint intake into an online consumer complaint portal, which allows the Commission to better manage the collection of informal consumer complaints. Informal consumer complaints consist of informal consumer complaints, inquiries and comments. This revised information collection requests OMB approval for the addition of a layer of consumer reported complaint information related to the FCC's disability accessibility requirements for video programming digital apparatus and navigation device user interfaces (e.g., TV and set-top box controls, menus, and program guides). The information collection burdens associated with these complaints is being transferred from OMB Control Number 3060-1203 to OMB Control Number 3060-0874 to enable consumers to file complaints related to the Commission's user interfaces accessibility requirements through the Commission's online complaint portal.
