DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2017-0109]

Petition for Waiver of Compliance

Under part 211 of Title 49 of the Code of Federal Regulations (CFR), this provides the public notice that October 2, 2017, the Port Authority Trans-Hudson Corporation (PATH) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR P§ 238.123. FRA assigned the petition docket number FRA-2017-0109.

PATH is requesting relief from the requirements of 49 CFR 238.123, *Emergency roof access*, which requires passenger cars ordered on or after April 1, 2009, or placed in service for the first time on or after April 1, 2011, to have two emergency roof access locations. Alternatively, PATH requests approval to install a single emergency roof access location on any new passenger car ordered from this date forward. PATH states that the basis of this petition is the unique nature of the PATH PA-5 vehicles and operation relative to typical railroad operations under FRA jurisdiction. The railcars used by PATH are more typical for urban rapid transit operations, and differ from other passenger rail equipment in dimension and design, such that it is not practicable to have two emergency roof access locations. PATH asserts that the emergency access windows and other exits that are available on its equipment provide a high level of safety that is appropriate to its operations.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by December 21, 2017 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. Chief Counsel, United States Mint.

SUPPORTING STATEMENT A

UNITED STATES MINT GENERIC CLEARANCE

**(December 1, 2017–December 1, 2020)
1525-0012**

A. JUSTIFICATION

A1. CIRCUMSTANCES NECESSITATING THE COLLECTION OF INFORMATION

This is a request for a three-year generic clearance to conduct customer satisfaction and opinion surveys, and focus group interviews. This clearance will allow the United States Mint to comply with Executive Order 12862 and assist the United States Mint in fulfilling its mission.

The mission of the United States Mint is to serve the American people by manufacturing and distributing the highest quality circulating coinage and national medals for the Nation to conduct its trade and commerce, and providing security over assets entrusted to the United States Mint.

The United States Mint is responsible for producing proof, uncirculated, circulated and commemorative coins, and medals, and platinum, gold and silver bullion coins in response to programs legislated by Congress in support of domestic trade and commerce, civic, philanthropic, and national organizations.

To effectively accomplish the goals of these programs, it is crucial for the United States Mint to know and maintain awareness of customer preferences and needs by continually monitoring customer satisfaction.

However, because the time period between program authorization, production, and product shipment is often short, the United States Mint has not always had adequate time to obtain needed information about customer preferences and market conditions.

Therefore, the use of generic clearance to conduct customer satisfaction and opinion surveys, and focus group interviews will allow the United States Mint to quickly obtain useful data to create more profitable programs and to provide better service and products to the American public.

The Supporting Statement contains authorization under which these data collections efforts are implemented. Supporting Statement B contains a list of anticipated projects that may be submitted for approval through the generic clearance process between
