

of the proposed rule change.³⁵ The Commission may, however, extend the period for issuing an order approving or disapproving the proposed rule change by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination.³⁶ The 180th day for the proposed rule changes published in the **Federal Register** on May 19, 2017,³⁷ is November 15, 2017. The 180th day for the proposed rule changes published in the **Federal Register** on May 22, 2017,³⁸ is November 18, 2017. SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-316, OMB Control No. 3235-0359]

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension:

Form N-17f-1

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form N-17f-1 (17 CFR 274.219) is entitled "Certificate of Accounting of Securities and Similar Investments of a Management Investment Company in the Custody of Members of National Securities Exchanges." The form serves as a cover sheet to the accountant's certificate that is required to be filed periodically with the Commission pursuant to rule 17f-1 (17 CFR 270.17f-1) under the Act, entitled "Custody of Securities with Members of National Securities Exchanges," which sets forth the conditions under which a fund may place its assets in the custody of a member of a national securities exchange. Rule 17f-1 requires, among other things, that an independent public accountant verify the fund's assets at the end of every annual and semi-annual fiscal period, and at least one other time during the fiscal year as chosen by the independent accountant. Requiring an independent accountant to examine the fund's assets in the custody of a member of a national securities exchange assists Commission staff in its inspection

program and helps to ensure that the fund assets are subject to proper auditing procedures. The accountant's certificate stating that it has made an examination, and describing the nature and the extent of the examination, must be attached to Form N-17f-1 and filed with the Commission promptly after each examination. The form facilitates the filing of the accountant's certificates, and increases the accessibility of the certificates to both Commission staff and interested investors.

Commission staff estimates that it takes: (i) 1 Hour of clerical time to prepare and file Form N-17f-1; and (ii) 0.5 hour for the fund's chief compliance officer to review Form N-17f-1 prior to filing with the Commission, for a total of 1.5 hours. Each fund is required to make 3 filings annually, for a total annual burden per fund of approximately 4.5 hours.¹ Commission staff estimates that an average of 6 funds currently file Form N-17f-1 with the Commission 3 times each year, for a total of 18 responses annually.² The total annual hour burden for Form N-17f-1 is therefore estimated to be approximately 27 hours.³

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. Compliance with the collections of information required by Form N-17f-1 is mandatory for funds that place their assets in the custody of a national securities exchange member. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

The Commission requests written comments on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or

¹ This estimate is based on the following calculation: (1.5 hours × 3 responses annually = 4.5 hours).

² This estimate is based on a review of Form N-17f-1 filings made with the Commission over the last three years.

³ This estimate is based on the following calculations: (4.5 hours × 6 funds = 27 total hours).
