On November 28, 2016, the NOA for the B2H Project Final EIS and Proposed Land-use Plan Amendments (81 FR 85632) was published in the **Federal Register**. The publication of the NOA initiated a 30-day protest period for the proposed land-use planning decision, as well as a simultaneous 60-day review by the Governor of Oregon to identify any inconsistencies with State or local plans, policies, or programs. At the close of the 30-day protest period, 53 protests were received. These protests were resolved by the BLM Director; individual protest response letters were sent to all protesting parties. Protest resolution is contained in the Director's Protest Summary Report, which is available online at http://www.blm.gov/pgdata/content/wo/en/prog/planning/planningoverview/protest_resolution.html. The proposed Land-use Plan Amendments were not modified as a result of the protest resolution, and the Oregon Governor's review did not identify any inconsistencies.

Approval of this decision by the Acting Assistant Secretary—Land and Minerals Management is not subject to administrative appeal (43 CFR 4.410(a)(3)). Additionally, any challenge to this decision must be brought in Federal District Court and is subject to 42 U.S.C. 4370m-6.

Authority: 40 CFR 1506.6.

State Director, Oregon/Washington.
