SUPPLEMENTARY INFORMATION: This ICR seeks PRA approval for revisions to the Federal Contractor Veterans' Employment Report information collection. VEVRAA generally requires a covered Federal contractor or subcontractor to report annually on the total number of its employees who belong to the categories of VEVRAA protected veterans and the total number of those employees who hired during the period covered by the report. This ICR has been characterized as a revision,

because the agency has now fully phased out the VETS–100A Report. All reporting will now be done using the VETS–4212 Report, which has fewer reporting elements than its predecessor. The Vietnam Era Veterans Readjustment Assistance Act of 1974 authorizes this information collection. *See* 38 U.S.C. 4212.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

The DOL obtains OMB approval for this information collection under Control Number 1293–0005. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 18, 2017 (82 FR 32875).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**.
