SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Quarterly Medicaid and CHIP Budget and Expenditure Reporting for the Medical Assistance Program, Administration and CHIP; *Use:* The Medicaid Budget and Expenditure System (MBES) and the Child Health Budget and Expenditure System (CBES) is a financial reporting system that produces Budget and expenditures for Medical Assistance

and Children's Health Insurance Program. All forms are to be filed on a quarterly basis and need to be certified by the States to the CMS. The forms consist of CMS-21 and -21B, CMS-37, and CMS-64.

Forms CMS-21 and -21B provide CMS with the information necessary to issue quarterly grant awards, monitor current year expenditure levels, determine the allowability of state claims for reimbursement, develop Children's Health Insurance Program (CHIP) financial management information, provide for state reporting of waiver expenditures, and ensure that the federally established allotment is not exceeded. They are also necessary in the redistribution and reallocation of unspent funds over the federally mandated timeframes.

Form CMS-37 due dates are November 15, February 15, May 15 and August 15 of each fiscal year. While all submissions represent equally important components of the grant award cycle, the May and November submissions are particularly significant for budget formulation. The November submission introduces a new fiscal year to the budget cycle and serves as the basis for the formulation of the Medicaid portion of the President's Budget, which is presented to Congress in January. The February and August submissions are used primarily for budget execution in providing interim updates to our Office of Financial Management, the Department of Health and Human Services, the Office of Management and Budget, and Congress depending on the scheduling of the national budget review process in a given fiscal year. The submissions provide us with base information necessary to track current year obligations and expenditures in relation to the current year appropriation and to notify senior managers of any impending surpluses or deficits.

Form CMS-64 is used to issue quarterly grant awards, monitor current year expenditure levels, determine allowed state claims for reimbursement, develop Medicaid financial management information provide for state reporting of waiver expenditures, ensure that the federally-established limit is not exceeded for HCBS waivers, and to allow for the implementation of the Assignment of Rights and Part A and Part B Premium (*i.e.*, accounting for overdue Part A and Part B Premiums under state buy-in agreements)—Billing Offsets. *Form Number:* CMS-10529 (OMB control number: 0938-1265); *Frequency:* Quarterly; *Affected Public:* State, Local, or Tribal Governments;

Number of Respondents: 56; *Total Annual Responses:* 672; *Total Annual Hours:* 17,920. (For policy questions regarding this collection contact Chris Kessler at 410-786-7168.)

BILLING CODE 4120-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Case Plan Requirement, Title IV-E of the Social Security Act.

OMB No.: 0970-0428.

Description: Under section 471(a)(16) of title IV-E of the Social Security Act (the Act), to be eligible for payments, states and tribes must have an approved title IV-E plan that provides for the development of a case plan for each child for whom the State or Tribe receives foster care maintenance payments and that provides a case review system that meets the requirements in section 475(5) and 475(6) of the Act.

The case review system assures that each child has a case plan designed to achieve placement in a safe setting that is the least restrictive (most family-like) setting available and in close proximity to the child's parental home, consistent with the best interest and special needs of the child. Through these requirements, States and Tribes also comply, in part, with title IV-B section 422(b) of the Act, which assures certain protections for children in foster care.

The case plan is a written document that provides a narrative description of the child-specific program of care. Federal regulations at 45 CFR 1356.21(g) and section 475(1) of the Act delineate the specific information that should be addressed in the case plan. The Administration for Children and Families (ACF) does not specify a recordkeeping format for the case plan nor does ACF require submission of the document to the Federal government. Case plan information is recorded in a format developed and maintained by the State or Tribal child welfare agency.

Respondents: State and Tribe title IV-B and title IV-E agencies.
