

allow the buyer to resolve an inadvertent unauthorized use (43 CFR 2711.3–3(a)(5)) and would set aside the unused area to meet Santa Barbara County's development/permitting requirements for open space. There is no public access. Arc Vineyards owns and controls the access to this public land parcel across its private land north and adjacent to the parcel.

The regulation at 43 CFR 2711.3–3(a)(5) authorizes the BLM to make direct sale of public lands when a competitive sale is not appropriate and the public interest would be best served by a direct sale. The BLM determined a direct sale will serve important public objectives by disposing of a parcel of isolated public land that the public cannot use or legally access and that the BLM cannot properly manage, and to resolve the inadvertent unauthorized use and occupancy of the land. The BLM prepared a mineral potential report dated October 25, 2011, concluding there are known mineral values in the land offered for sale. Therefore, the BLM will reserve the Federal mineral interest to the United States. Such minerals will be subject to the right to explore, prospect for, mine, and remove under applicable law and regulations.

On December 20, 2017, the above described parcel will be segregated from appropriation under the public land laws, including the mining laws, except the sale provisions of the FLPMA. Until completion of the sale or termination of the segregation, the BLM will no longer accept land-use applications affecting the identified public lands, except applications for the amendment of previously filed right-of-way applications or existing authorizations to increase the term of the grants in accordance with 43 CFR 2807.15 and 2886.15. The segregation will terminate upon issuance of a patent, publication in the **Federal Register** of a termination of the segregation, or 2 years after the date of publication, whichever occurs first, unless extended by the BLM State Director in accordance with 43 CFR 2711.1–2(d) prior to the termination date. The BLM will also publish this Notice in the Santa Maria Times once a week for 3 consecutive weeks. The parcel will not be sold until at least 60 days after the date of publication of this Notice in the **Federal Register**.

Conveyance of the identified public land would be subject to valid existing rights of record and the following terms, conditions, and reservations:

1. A right-of-way thereon for ditches and canals constructed by authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. A reservation of all minerals to the United States, and the right to prospect for, mine, and remove the minerals under applicable law and any regulations that the Secretary of the Interior may prescribe, including all necessary access and exit rights.

3. An appropriate indemnification clause protecting the United States from claims arising out of the patentee's use, occupancy, or occupation on the patented land.

Detailed information, including NEPA documentation and all other documents associated with this sale, are available for review during the 45-day public comment period for this notice at the Bakersfield Field Office at the above address.

For a period until February 5, 2018, interested parties and the general public may submit in writing any comments concerning the land being considered for sale, including notification of any encumbrances or other claims relating to the identified land, to the Field Manager, BLM Bakersfield Field Office, at the above address. Email will also be accepted and should be sent to: *BLM-CA\_Bakersfield\_Public\_Comments@blm.gov* with "Public Land Sale" inserted in the subject line. Comments, including names and street addresses or respondents, will be available for public review at the BLM Bakersfield Office at the above address.

Individual respondents may request confidentiality. Before including your address, telephone number, email address, or other personal identifying information in your comment, the BLM will make your entire comment—including your personal identifying information—publicly available at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. If you wish to have your name or address withheld from public disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Any determination by the BLM to release or withhold the names and/or addresses of those who comment will be made on a case-by-case basis. Such requests will be honored to the extent allowed by law. The BLM will make available for public review, in their entirety, all comments submitted by businesses or organizations, including comments by individuals in their capacity as an official or representative of a business or organization.

The BLM California State Director or other authorized official of the Department of the Interior will review

comments regarding the sale and may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior.
