#### Overview of This Information Collection

1. *Type of Information Collection:* Extension of a currently approved collection.
2. *The Title of the Form/Collection:* Registration Statement (Foreign Agents).
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is NSD-1. The applicable component within the Department of Justice is the Foreign Agents Registration Act (FARA) Unit, Counterintelligence and Export Control Section, in the National Security Division. Pursuant to the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. 611 *et seq.* (FARA or the Act), the FARA registration forms previously submitted to OMB for 3 year renewal approvals, contain fillable-fileable, and E-signature capabilities. The FARA eFile system, in operation since March 1, 2011, permits registrants to file their

registration forms electronically to the FARA Registration Unit, 24 hours a day, seven days a week. FARA eFile is accessed via the Department's FARA public Web site located at <https://www.fara.gov/efile.html>, and provides instructions to assist registrants in completing, signing and submitting the required FARA registration forms, as well as instructions on how to electronically pay the required registration fees via online credit or debit card payments.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Private Sector, Business or other for-profit, Not-for-profit institutions, and individuals. The form contains registration statement information used for registering foreign agents under the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. 611 *et seq.*

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The total estimated number of responses to the form is 61 at approximately 1.375 hours (1 hour and 22 minutes) per response, based on an average of FARA Registration Statement filings received from January 1, 2014 through December 31, 2016. Internal sample testing shows an average of 1 hour and 22 minutes per respondent is needed to complete form NSD-1 (OMB 1124-0001). The following factors were considered when creating the burden estimate: The estimated total number of registrant respondents, the ability of registrants to access or gather the necessary data from sometimes multiple offices within their corporate structures, and the intuitive registration features NSD makes available for registrant respondents via the online FARA eFile registration and payment system located at <https://www.fara.gov/efile.html>. NSD estimates that nearly all of the approximately 61 respondents will fully complete the form.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 83.875 annual burden hours. It is estimated that respondents will take 1 hour and 22 minutes to complete the form. The burden hours for collecting respondent data equals 83.875 annual burden hours (61 respondents × 1 hours and 22 minutes (1.375 hours) = 83.875 hours).

7. Registrants/foreign agents and the general public are alerted that in the future, the National Security Division will complete its ongoing multi-year design review, testing, and requirements enhancement efforts to offer a web form version of form NSD-1. NSD continues

to make progress in enhancing the functionality of FARA eFile. Personnel are in the process of developing and testing new web form versions of its current fillable FARA registration forms with the intent of providing greater standardization, improved intuitive features, and less burdensome requirements that will benefit registrants and foreign agents who are required to register under FARA. New capabilities are expected to improve online search capabilities. NSD is confident that the new features will offer an enhanced system, promoting greater transparency.

#### Overview of This Information Collection

1. *Type of Information Collection:* Extension of a currently approved collection.

2. *The Title of the Form/Collection:* Amendment to Registration Statement (Foreign Agents).

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is NSD–5. The applicable component within the Department of Justice is the Foreign Agents Registration Act (FARA) Unit, Counterintelligence and Export Control Section, in the National Security Division. Pursuant to the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. 611 *et seq.* (FARA or the Act), the FARA registration forms previously

submitted to OMB for 3 year renewal approvals, have since March 2011 contained fillable-fileable, and E-signature capabilities. The FARA eFile system, in operation since March 1, 2011, permits registrants to file their registration forms electronically to the FARA Registration Unit, 24 hours a day, seven days a week. FARA eFile is accessed via the Department's FARA public Web site located at <https://www.fara.gov/efile.html>, and provides instructions to assist registrants in completing, signing and submitting the required FARA registration forms, as well as instructions on how to electronically pay the required registration fees via online credit or debit card payments.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Private Sector, Business or other for-profit, Not-for-profit institutions, and individuals. The form contains registration statement information used for registering foreign agents under the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. 611 *et seq.*

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The total estimated number of responses to the form is 255 at approximately 1.5 hours (1 hour and 30 minutes) per response, based on an average of FARA Amendment to Registration Statement filings received from January 1, 2014 through December 31, 2016. Internal sample testing shows an average of 1 hour and 30 minutes per respondent is needed to complete form NSD–5 (OMB 1124–0003). The following factors were considered when creating the burden estimate: the estimated total number of registrant respondents, the ability of registrants to access or gather the necessary data from sometimes multiple offices within their corporate structures, the review time necessary to identify errors of previously filed FARA registration forms now in need of amending via form NSD–5 with corresponding attached pages of amended disclosure responses, and the intuitive registration features NSD makes available for registrant respondents via the online FARA eFile registration and payment system located at <https://www.fara.gov/efile.html>. NSD estimates that nearly all of the approximately 255 respondents will fully complete the form.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 382.50 annual burden hours. It is estimated that respondents will take 1 hour and 30

minutes to complete the form. The burden hours for collecting respondent data equals 382.50 annual burden hours (255 respondents × 1 hour and 30 minutes (1.5 hours) = 382.50 hours).

7. Registrants/foreign agents and the general public are alerted that in the future, the National Security Division will complete its ongoing multi-year design review, testing, and requirements enhancement efforts to offer a Web form version of form NSD–5. Personnel are in the process of developing and testing new Web form versions of its current fillable FARA registration forms with the intent of providing greater standardization, improved intuitive features, and less burdensome requirements that will benefit registrants and foreign agents who are required to register under FARA. New capabilities are expected to improve online search capabilities. NSD is confident that the new features will offer an enhanced system, promoting greater transparency.
